Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

*Bonaparte* Patrice Gueniffey,2015-04-13 Patrice Gueniffey, the leading French historian of the Revolutionary and Napoleonic age, takes up the epic narrative at the heart of this turbulent period: the life of Napoleon himself, from his

boyhood in Corsica, to his meteoric rise during the Italian and Egyptian campaigns, to his proclamation as Consul for Life in 1802.

*“Johann Friedrich Reichardt's” vertraute Briefe aus Paris geschrieben in den Jahren 1802 und 1803* Johann Friedrich Reichardt, 1805

**An Empire of Print** Steven Carl Smith, 2017-06-29 Home to the so-called big five publishers as well as hundreds of smaller presses, renowned literary agents, a vigorous arts scene, and an uncountable number of aspiring and established writers alike, New York City is widely perceived as the publishing capital of the United States and the world. This book traces the origins and early evolution of the city's rise to literary preeminence. Through five case studies, Steven Carl Smith examines publishing in New York from the post-Revolutionary War period through the Jacksonian era. He discusses the gradual development of local, regional, and national distribution networks, assesses the economic relationships and shared social and cultural practices that connected printers, booksellers, and their customers, and explores the uncharacteristically modern approaches taken by the city's preindustrial printers and distributors. If the cultural matrix of printed texts served as the primary legitimating vehicle for political debate and literary expression, Smith argues, then deeper understanding of the economic interests and political affiliations of the people who produced these texts gives necessary insight into the emergence of a major American industry. Those involved in New York's book trade imagined for themselves, like their counterparts in other major seaport cities, a robust business that could satisfy the new nation's desire for print, and many fulfilled their ambition by cultivating networks that crossed regional boundaries, delivering books to the masses. A fresh interpretation of the market economy in early America, *An Empire of Print* reveals how New York started on the road to becoming the publishing powerhouse it is today.
