Babylon Has Fallen Christ Is Back and Has Overcome the Great Whore Christianity Brian Leonard Golightly Marshall,2008-07-23 The Great Whore is Christianity, the Australian Parliament sends soldiers off to fight for oil in Iraq and

Afghanistan, next will be Iran. Its all to do with what controls the Australian Parliament. In 2002 Christ, Brian Leonard Golightly Marshall, sent thousands of mathematical proofs to the Parliament. All emails bounced back, he then set up an email account in the USA and sent them again, this time they got through to all of the politicians. He received one reply, a man named John the secretary of one of the Senators, who warned him, and those above us will kill you. Why did they simply invite him to a parliament house discussion? The reason, they already know who he is and that he is Jesus. It is no accident Parliament is opened with the Lords Prayer, this is because the government is controlled by the occult above Christianity, Babylon the Mystery religion of Lucifer.

2012 Mayan Calendar and the Great Pyramid Predicts Paradise Begins in Australia Brian Leonard Golightly Marshall,2008-07-25 Mayan Calendar experts cracked the language code, finding the date predicted when the solar system would cross into the northern hemisphere of the Milky Way Galaxy and the golden age would begin. In the Great Pyramid the same information and the end time when the last day is the same date, but it also predicts the return of Christ and He is on the planet today.The Great Pyramid conspiracy is the direct result of the Catholic Church, which hung a mask of Jesus hung upon the body of Lucifer. There is however a linking of ancient wonders within the Great Pyramid, which predicts that Brian Leonard Golightly Marshall was reborn to the earth January 11th 1944 in Australia. The key that opens the mysteries of the old Testament Hebrew pinpointing the second coming of Jesus is in the Mayan Calendar found also in the 5000 year old pyramid and is why the church destroyed the Mayans proof of Jesus far removed from the greatest enemy of Jesus the Catholic Church.

Scorched Earth Emmanuel Kreike,2021-01-12 A global history of environmental warfare and the case for why it should be a crime The environmental infrastructure that sustains human societies has been a target and instrument of war for centuries, resulting in famine and disease, displaced populations, and the devastation of people's livelihoods and ways of life. Scorched Earth traces the history of scorched earth, military inundations, and armies living off the land from the sixteenth to the twentieth century, arguing that the resulting deliberate destruction of the environment—environcide—constitutes total war and is a crime against humanity and nature. In this sweeping global history, Emmanuel Kreike shows how religious war

in Europe transformed Holland into a desolate swamp where hunger and the black death ruled. He describes how Spanish conquistadores exploited the irrigation works and expansive agricultural terraces of the Aztecs and Incas, triggering a humanitarian crisis of catastrophic proportions. Kreike demonstrates how environmental warfare has continued unabated into the modern era. His panoramic narrative takes readers from the Thirty Years' War to the wars of France's Sun King, and from the Dutch colonial wars in North America and Indonesia to the early twentieth century colonial conquest of southwestern Africa. Shedding light on the premodern origins and the lasting consequences of total war, Scorched Earth explains why ecocide and genocide are not separate phenomena, and why international law must recognize environmental warfare as a violation of human rights.
