Throughout our country there is a growing appreciation of its importance and its necessity during childhood and youth. Giuseppina Pizzigoni's 20th Century Pedagogy of the Kindergarten Sandra Chistolini, 2022-08-24 Giuseppina Pizzigoni (1870-1947) was a pioneer of the change in the vision of school education in Italy, and an autonomous interpreter of the

impulse of transformation that lies at the origin of the progressive school, the active school, and the new school in Europe and the USA. In 1907, she conceived of the renewal of the Italian school, anticipating the structure of the comprehensive school and incorporating the nursery school with infants and children from 0 to 3 years of age. In 1911, she created the first Rinnovata Pizzigoni building, still standing today in Milan. The book explores the real evolution of the experimental method introduced in infant schools, and shows how the initial pedagogical idea can develop creatively, without being an imitation of a previous model.

**Holistic Religious Education - is it possible?** Sturla Sagberg,2015 This book discusses the possibility of a holistic approach to religious education, taking into account religious and cultural diversity, different aspects of secularisation and different academic disciplines that inform the subject. Issues discussed are the view of children as spiritual and religious subjects, identity formation, the concept of child theology, the relationship between faith and morality, the meaning of spirituality, the notion of wonder as an inroad to learning, religion as culture, and the meaning of holism. A point of departure is taken in a typology of attitudes to religion in public education, and the line of reason ends in a search for viable metaphors for holistic religious education. Sturla Sagberg (born 1951) is professor of religious education and ethics at Queen Maud University College of Early Childhood Education in Trondheim, Norway. He has a doctoral degree in theology, and has for many decades taught and done research related to teacher training as well as to church education. He has published several books in Norwegian, of which the latest translates into Religion, Values and Formation: Children and the big questions in life. Many of his articles in books and journals are written in English.

*Non-traditional Security Threats and Regional Cooperation in the Southern Caucasus* Mustafa Aydın,2011 This book

contains 16 papers, presented at the workshop: Non-Traditional Security Threats and Regional Cooperation in the Southern Caucasus, which was held in Istanbul, Turkey in October 2009. Whilst the Cold War did not exclude the existence of other threats, such as environmental hazards, organized crime, terrorism, economic instability and illegal immigration, it is only since the emphasis on East-West rivalry and the specter of nuclear confrontation between the two blocs have diminished that these have become articulated as major sources of concern for global security.

American Methodism Jean Miller Schmidt, Dr. Russell E. Richey, Kenneth E. Rowe, 2012-10-01 In this engaging and artful overview, Russell Richey, Kenneth Rowe, and Jean Miller Schmidt, some of Methodism's most respected teachers, give readers a vivid picture of soulful terrain of the Methodist experience in America.
