Estándares de calidad sostenibles y respetuosos con el medio ambiente para hoteles y restaurantes Frank Höchsmann, 2022-01-10 El sector de hotelería y el turismo está cambiando en todo el mundo y atraviesa momentos tormentosos. Por un lado, nos enfrentamos a la pandemia de coronavirus, por otro, a la ola de digitalización y a los cambios en los deseos de los turistas y huéspedes. Hemos asumido estos grandes retos y presentamos unos estándares de calidad sostenibles y respetuosos con el medio ambiente para hoteles y restaurantes. Hemos dividido los estándares de calidad en tres libros de referencia para tenerlos más a mano. La primera parte contiene estándares de calidad para la dirección/gerencia, la segunda parte contiene estándares de calidad para el área del alojamiento y la tercera parte contiene estándares de calidad para el área del restaurante. Nuestros estándares de calidad han sido probados sobre el terreno y aprobados por el TÜV.

Reading and Writing the Ambiente Susana Chávez-Silverman, Librada Hernández, 2000 In this dynamic collection of essays, many leading literary scholars trace gay and lesbian themes in Latin American, Hispanic, and U.S. Latino literary and cultural texts. *Reading and Writing the Ambiente* is consciously ambitious and far-ranging, historically as well as geographically. It includes discussions of texts from as early as the seventeenth century to writings of the late twentieth century. *Reading and Writing the Ambiente* also underscores the ways in which lesbian and gay self-representation in Hispanic texts differs from representations in Anglo-American texts. The contributors demonstrate that--unlike the emphasis on the individual in Anglo-American sexual identity--Latino, Spanish, and Latin American sexual identity is produced in the surrounding culture and community, in the ambiente. As one of the first collections of its kind, *Reading and Writing the Ambiente* is expressive of the next wave of gay Hispanic and Latin scholarship.

El medio ambiente en el nuevo universo audiovisual León Anguiano, Bienvenido (coord.), 2016-11-20 El nuevo ecosistema audiovisual, en el que las televisiones tratan de convivir con Internet, ofrece grandes posibilidades para informar, sensibilizar

y educar al público sobre los retos ambientales a los que se enfrenta nuestra sociedad. Sin embargo, la investigación pone de manifiesto que los medios no han estado a la altura del envite, debido a la complejidad de las cuestiones ambientales, la siempre difícil relación de la ciencia con los medios de comunicación y la creciente tendencia hacia el infoentretenimiento. El medio ambiente en el nuevo universo audiovisual es el resultado tangible de un rico debate generado en la octava edición del foro «Transformar la televisión», reunido en La Casa Encendida, centro social y cultural de Fundación Montemadrid. En las páginas de este volumen, una decena de expertos en la materia analizan, con rigor y valentía, la representación audiovisual del medio ambiente en este nuevo paradigma comunicativo, en el que los formatos televisivos tradicionales han perdido peso y el vídeo en línea ha alcanzado un notable desarrollo, impulsado por las redes sociales.

Images of Ambiente Rudi Bleys,2000-10-27 The book is a contribution to the historical study of gay and lesbian art, yet calls for altering its parameters in ways that fully recognize social and cultural difference. It provides a chronological and conceptual framework for studying the tropes of 'homotextual' expression in a Latin American context. More than one hundred illustrations, gathered from various sources across Latin America, North America and Europe, allow the reader to personally witness this fascinating and, until now, concealed story.--BOOK JACKET.
