Conversions Emma O'Kelly, Corinna Dean, 2007 Addresses the growing trend in converting existing structures into a series of ingenious living spaces as it looks at varied projects from around the world in rural, urban, and civic buildings, as well as lofts, industrial spaces, and other unique buildings, examining such topics as what elements of the structure are left intact, what are demolished, how each building was converted into a dwelling, budgets, materials, and impact on the surrounding environment.

Italian Interiors Prestinenzza Puglisi, 2014-05-02 Italienische Innenarchitektur zeichnet sich seit Jahrzehnten durch eine besondere Innovationskraft und Risikobereitschaft aus, nicht nur auf der ästhetischen Ebene, sondern auch bei der Verwendung von neuen Materialien und deren Kombination. Bereitwilliger als anderswo werden hier Einflüsse von Kunst und Design aufgegriffen; die Entwerfenden lassen die Grenzen zwischen diesen Disziplinen mal provokativ, mal subtil verschwimmen. Nicht zuletzt deshalb sind ihre Kreationen für die Ausgestaltung von Restaurants und Geschäften, Privatwohnungen und Hotels, Büros und Museen weltweit gefragt und erweisen sich oftmals als Trendsetter. Das Buch zeigt eine Auswahl neuester Entwürfe, die von 2000 bis 2009 in Italien und anderen Ländern, darunter den USA, Frankreich, Großbritannien, Israel und Dubai, realisiert wurden. Unter den vertretenen Architekten und Gestaltern sind Altmeister wie Renzo Piano, Michele De Lucci und Giorgio Armani, aber auch Vertreter der jungen Generation. Zu den besonderen Merkmalen des Bandes gehört eine umfangreiche Dokumentation durch technische Zeichnungen und Detailfotos.

Brain Injury Treatment Jose Leon-Carrion, Klaus R. H. von Wild, George A. Zitnay, 2006-09-27 Explains the treatments used in brain injury rehabilitation and covers new methods of rehabilitation, including complementary medicine theories.

Spit Three Times Davide Reviati, 2020-06-16 Winner of the Carlo Boscarato Prize 2016 Winner of the Lo Straniero Prize 2016 Winner of the Attilio Micheluzzi Prize for Best Writing 2017 Sélection Officielle Angoulême 2018 In a forsaken corner of the Italian countryside, Guido and his friends Moreno and Katango spin out their days in languor and boredom intermixed with desire and, occasionally, violence. Nearby live the Stančić, a family of Romani who escaped the communist regime of Marshal Tito and settled here just after World War II. Guido's coming-of-age is changed by the evolving relationship that the rural town has with this group of outsiders, these "gypsies." The author is unsparing in his depiction of the townspeople's cruelty. And yet, there are also many instances of solidarity between Guido's community and the Stančić. Reviati's first book

in English, Spit Three Times is an extraordinary story of young men, disillusioned and trying to find their way, caught in the breach between post-war exuberance and the stagnation of the early twenty-first century.

Readying Cavalli's Operas for the Stage Ellen Rosand,2017-07-05 After more than three centuries of silence, the voice of Francesco Cavalli is being heard loud and clear on the operatic stages of the world. The coincidence of productions at La Scala (Milan) and Covent Garden (London) in the same month (September 2008) of two different operas signals a new stage in the recovery of these extraordinary works, confined until now to special venues committed to 'early music'-opera festivals, conservatory, and university productions. The works of the composer who is credited with having invented the genre of opera as we know it are finally enjoying a renaissance. A new edition of Cavalli's twenty-eight operas is in preparation, and the composer and his works are at the center of a great deal of new scholarship ranging from the study of sources and production issues to the cultural context of opera of this period. In the face of such burgeoning interest, this collection of essays considers the Cavalli revival from various points of view. In particular, it explores the multiple issues involved in the transformation of an operatic manuscript into a performance. Although focused on the works of Cavalli, much of this material can transfer easily to other operatic repertoires. Following an introductory part, reflecting back on four decades of Cavalli performances by some of the conductors responsible for the revival of interest in the composer, the collection is divided into four further parts: The Manuscript Scores, Giasone: Production and Interpretation, Making Librettos, and Cavalli Beyond Venice.
