Spesso avevo anche il naso che cola, mi stancavo dei tanti buoni consigli che avevano effetto solo per poco tempo. Da quando ho sviluppato questo metodo semplice ma efficace, sono passati 10 anni e da allora non ho più il naso che cola. -Fai semplicemente quello che ho scritto nel libro. Dopo che avrai compreso questa semplicissima tecnologia e sperimentato tu stesso che è efficace e che non ti cola più il naso, allora conoscerai la situazione, cosa sta succedendo e cosa puoi fare per proteggerti al minimo schiarimento della gola, gracidio o starnuti...

Ethiopia Michael B. Lentakis, 2005 Providing a definitive explanation of modern history in Ethiopia, this book covers the last century up until 1994. It attempts to explain for the hundreds of thousands Ethiopians who emigrated to the United States, the United Kingdom, and Europe what happened in Ethiopia after the deposition of Emperor Haile Selassie. The changes that have taken place in Ethiopia over the past century are described, and a range of issues of historical importance as well as issues still important in Ethiopia today--the flora and fauna, the wildlife, and customs of Ethiopia now and in the past--are examined in great detail.

In diesem Buch erzählt sie von Wohnungen im Olivenhain, von der Kunst des arrangiarsi, vom Nummern-Ziehen beim Bäcker und davon, wie es ist, ohne Helm mit einer Vespa in der Sonne Italiens zum Markt zu fahren.

Hidden Histories D. Medina Lasansky, 2018-01-10 Tuscany is a landscape whose cultural construction is complicated and multi-layered. It is this very complexity that this book seeks to untangle. By revealing hidden histories, we learn how food, landscape and architecture are intertwined, as well as the extent to which Italian design and contemporary consumption patterns form a legacy that draws upon the Romantic longings of a century before. In the process, this book reveals the extent to which Tuscany has been constructed by Anglos — and what has been distorted, idealized and even overlooked in the process.

Piniensommer Stefanie Gerstenberger, 2017-05-22 Eine sizilianische Liebe voller Sehnsucht und Schmerz Stella und Nicola fühlen sich seit Kindertagen zueinander hingezogen. Obwohl ihre Familien alles daran setzten, ihre Liebe zu zerstören, ist diese über die Jahre nur noch stärker geworden. Während Stella unbedingt Architektin werden möchte, ist Nicola leidenschaftlicher Apnoetaucher. Tag für Tag steigt er in die gefährlichen Meerestiefen vor der sizilianischen Küste hinab und genießt die Musik der Stille. Die beiden Liebenden träumen von einem selbstbestimmten Leben. Doch dann schlägt das Schicksal völlig unerwartet zu ...

The City and the Process of Transition from Early Modern Times to the Present Magdalena Gibiec, Leszek Ziątkowski, Dorota Wiśniewska, 2019-09-06 In 2017, during a conference held at the Historical Institute of the University of Wrocław, Poland, an international group of early career researchers and PhD students had the opportunity to discuss the process of transition in cities from early modern times to the present day. This book, arising from the discussions of that meeting, focuses on the social, economic, political and structural transformations of some cities in Europe, the Near East and Asia from the seventeenth century up to the contemporary era. The first part of the text, entitled “Facing the Other: Perception, Relations, (Co)existence” explores the attitudes of the locals towards newcomers to a city, as well as the coexistence of different social, ethnic, religious and cultural groups, and their adaptation, assimilation, integration, and rejection. The second part “The Evolution of the Urban Space” concentrates on municipal and central authorities’ policies that, together with structural transformations in the urban tissue, had a direct impact on public space and the everyday life of the city dwellers. The volume will serve to contribute to the international discussion on the complexity of progressive urbanisation and its consequences from the early modern period onwards.

“Pouring Jewish Water Into Fascist Wine” Robert Aleksander Maryks, Pietro Tacchi Venturi, 2011-10-28 This book offers a critical edition of the petitions in their original Italian language that (Catholic) Jews residing in Italy submitted to the Fascist General Administration for Demography and Race (Demorazza) in order either to be “discriminated,” i.e., not subjected to various provisions of Mussolini’s racial laws.

The Transformation of Addis Ababa Elias Yitbarek Alemayehu, Laura Stark, 2018-11-30 Nowhere in Africa is urban development occurring as rapidly as in Ethiopia’s capital city, Addis Ababa, at the present moment. During the last decade and a half, massive construction projects in housing, commercial buildings and infrastructure have transformed the landscape of the city, creating a social experiment that has never been replicated on such a massive scale in Africa. This volume, written by Ethiopian and Finnish experts in urban planning, architecture, geography, and ethnology, documents for the first time Addis Ababa’s process of radical transformation. It asks how the city’s poorest residents are affected by the current urban renewal, and identifies the most important challenges facing the city’s residents as a result. Its conclusions focus on three issues: the livelihoods of low-income residents, their participation in the development of the city, and their social networks of support. This volume also traces out the organic forms of the city’s development. Unlike cities in many other African countries, Addis Ababa emerged with only the thinnest traces of a brief colonial legacy: only five years under Italian occupation in the mid-20th century. The city’s development has eluded many planners and has produced unique indigenous forms of urban living. The book records the current spatial relationships and older architectural forms in the old inner city currently slated for demolition. Numerous maps and illustrations are included to help readers visualize the topics discussed in the volume. The volume will be of interest to anyone interested in Addis Ababa’s history and character, as well as policymakers, urban planners, architects, human geographers, ethnographers and researchers of urban poverty and urban informality.

Brill’s Companion to the Classics, Fascist Italy and Nazi Germany Helen Roche, Kyriakos N. Demetriou, 2017-10-17 Brill’s Companion to the Classics, Fascist Italy and Nazi Germany explores how political propaganda constantly manipulated and reinvented the legacy of ancient Greece and Rome in order to create consensus and historical legitimation for the Fascist and National Socialist dictatorships.

The Architecture of Modern Italy Terry Kirk, 2005-06-02 "Modern Italy" may sound like an oxymoron. For Western civilization, Italian culture represents the classical past and the continuity of canonical tradition, while modernity is understood in contrary terms of rupture and rapid innovation. Charting the evolution of a culture renowned for its historical past into the 10 modern era challenges our understanding of both the resilience of tradition and the elasticity of modernity. We have a tendency when imagining Italy to look to a rather distant and definitely premodern setting. The ancient forum, medieval cloisters, baroque piazzas, and papal palaces constitute our ideal itinerary of Italian civilization. The Campo of Siena, Saint Peter's, all of Venice and San Gimignano satisfy us with their seemingly unbroken panoramas onto historical moments untouched by time; but elsewhere modern intrusions alter and obstruct the view to the landscapes of our expectations. As seasonal tourist or seasoned historian, we edit the encroachments time and change have wrought on our image of Italy. The learning of history is always a complex task, one that in the Italian environment is complicated by the changes wrought everywhere over the past 250 years. Culture on the peninsula continues to evolve with characteristic vibrancy. Italy is not a museum. To think of it as such—as a disorganized yet phenomenally rich museum unchanging in its exhibits—is to misunderstand the nature of the Italian cultural condition and the writing of history itself.
