Gender, Discourse and Ideology in Italian Federica Formato, 2018-09-04 This book analyses gendered language in Italian, shedding light on how the Italian language constructs and reproduces the social imbalance between women and men, and presenting indirect and direct instances of asymmetrical constructions of gender in public and private roles. The author examines linguistic treatments of women in politics and the media, as well as the gendered crime of femminicidio, i.e. the killing of women by their (former) partners. Through the combination of corpus linguistics, surveys, and discourse analysis, she establishes a new approach to the study of gendered Italian, a framework which can be applied to other languages and epistemological sites. This book will be of particular interest to students and scholars of sociolinguistics, language and gender, discourse analysis, Italian and other Romance languages.

Der Fall Italien Ulrich Ladurner, 2019-09-23 Auch wer den Italienern immer einen leidenschaftlicheren Politikstil zugestanden hat, mag nicht glauben, was sich jetzt abspielt: Hemmungslose Emotionen beherrschen die Debatten, es wird ungeniert polemisiert und provoziert und vor allem: Die Italiener scheinen das zu tolerieren. Der Journalist Ulrich Ladurner erzählt, wie Jahrzehnte der Korruption und Misswirtschaft das Land und die Bevölkerung zermürbt haben. Die Folge: Der Staat hat das Vertrauen der Bürger verspielt, Hunderttausende Italiener verlassen wieder ihre Heimat. In diesem Klima gewinnen Populisten Wahlen. Seit 2018 bilden die nationalistische Lega und die 5-Sterne- Bewegung nicht nur eine Koalition, sondern auch eine unheilige Allianz: Sie versprechen den Italienern mehr Selbstbestimmung und vor allem Freiheit von der EU. Auf seiner Reise durch Italien begegnet Ladurner Salvini, Di Maio und Grillo auf Kundgebungen und Wahlveranstaltungen und wird Zeuge ihrer Propaganda. Und er erinnert uns daran, dass die Versprechungen der Populisten in Deutschland ebenso verfangen wie in Italien. Sein Buch ist ein erstaunliches Länderporträt und eine Mahnung: Wer Populisten bekämpfen will, darf ihnen den Grundgedanken der Demokratie und aller Politik – die Freiheit – nicht kampflos überlassen.

Geschichte schreiben - Geschichte vermitteln Michael Gehler, Andrea Brait, Philipp Strobl, 2020-11-11 Seit dem Ende des 20. Jahrhunderts durchleben die Geistes- und Sozialwissenschaften einen umfassenden Wandel. Einzelne Disziplinen öffneten sich, weiteten ihre Untersuchungsgebiete aus und vernetzten sich mit anderen Fachdisziplinen. Ein Ergebnis ist die fachübergreifende Bündelung von Forschungen. In dieser Hinsicht hat die Europaforschung stark an Bedeutung gewonnen.

Dieser umfangreiche zweiteilige Band stellt dar, wie Wissenschaftlerinnen und Wissenschaftler aus verschiedenen Disziplinen ihr Fachgebiet zu Beginn des 21. Jahrhunderts darstellen und im größeren Feld der Europawissenschaften verorten. Dazu wurden in den letzten zehn Jahren im Rahmen der Vortragsreihe Europagespräche an der Universität Hildesheim mit fast 30 Expertinnen und Experten aus dem deutsch-, französisch- und englischsprachigen Raum mehrstündige Interviews durchgeführt. Es ging um folgende Fragen: Wie präsentieren die Interviewten ihre Fächer und Disziplinen? Auf welchem Stand der Forschung befinden sich diese? Wie integrieren sie sich in die Europawissenschaften? Welche Anknüpfungs- und Verschränkungsmöglichkeiten bestehen zu anderen Disziplinen? Welche Perspektiven und Zukunftsmöglichkeiten sind für die Vermittlung ihres Faches vorhanden? Das Ergebnis dieser transnationalen und interdisziplinären großräumigen Darstellung ist eine umfangreiche Studie zu Perspektiven der Europaforschung in verschiedenen Wissenschaftsdisziplinen. Die Liste der Beiträgerinnen und Beiträger für dieses Buch liest sich wie ein „Who is Who“ der europäischen Geistes- und Sozialwissenschaften: Es beinhaltet Beiträge von Stefan Berger, Andrea Brait, Andrew S. Bergerson, Christoph Cornelißen, Uwe Danker, Barbara Haider-Wilson, Hans Heiss, Felix Hinz, Gerhard Hirschfeld, Hans Walter Hütter, Christian Jansen, Uta Klein, Georg Kreis, Brigitte Mazohl, Gilbert Merlio, Jürgen Mittag, Sönke Neitzel, Thomas Sandkühler, Beate Sibylle Pfeil, Sylvain Schirmann, Hans-Jürgen Schröder, Günther Schulz, Rolf Steininger, Matthias Stickler, Arnold Suppan, Silvio Vietta, Thomas Vogtherr, Andreas Wilkens und Anita Ziegerhofer.

Europa zuerst! Claus Leggewie, 2017-09-08 In der heutigen politischen Debatte spielt der europäische Rechtspopulismus mit fremdenfeindlichen Parolen eine viel zu große Rolle. Doch Claus Leggewie zeigt: Längst haben sich starke Gegenbewegungen gebildet, die sich ein freiheitliches, weltoffenes und gerechtes Europa nicht nehmen lassen wollen. Mit genauem Blick beschreibt und analysiert Claus Leggewie, einer der wichtigsten Politologen Deutschlands, verschiedene proeuropäische Basisbewegungen und Netzwerke in verschiedenen Ländern des Kontinents: neue Parteien, Vereinigungen und NGOs. Er macht deutlich, warum sie die wahren Europäer sind, wie sie europafeindlichen Strömungen entgegentreten, aber auch, wie man den Stillstand der europäischen Institutionen überwinden kann. Leggewie macht Hoffnung: Das Europa der Zukunft ist basisdemokratisch, kosmopolitisch, bürgernah und sozial gerecht.

Europe's Crises Manuel Castells, Olivier Bouin, Joao Caraça, Gustavo Cardoso, John Thompson, Michel Wieviorka, 2018-03-16 Today, the European Union is facing a crisis as serious as anything it has experienced since its origins more than half a century ago. What makes this so serious is that it is not a single crisis but rather multiple crises – the euro crisis, the migration/refugee crisis, Brexit, etc. – that overlap and reinforce one another, creating a cumulative array of challenges that threatens the very survival of the EU. For the first time in its history, there is a real risk that the EU could break up. This volume brings together sociologists, economists and political scientists from around Europe to shed light on how the EU got into this predicament. It argues that the multiple crises that have plagued the European Union in the last

decade stem to a large extent from flaws in its construction and that these flaws are consequences of the political processes that led to the formation of the EU - in other words, the decisions that made possible the development of the EU created the conditions for the multiple crises it experiences today. This timely and wide-ranging book on one of the most important issues of our time will be of great interest to students and scholars in the social sciences, to politicians and policy-makers and to anyone concerned with Europe and its future.

Demopathy and the Democratic Malaise Di Gregorio, Luigi, 2021-07-31 This unique book presents original concepts to characterize the current crisis of democracy. Offering a comparative study of original electoral data and analysis of contemporary trends, models and theoretical frameworks, Luigi Di Gregorio argues that democracy is affected by 'demopathy'; it is sick and is in need of therapy.

La Movimentista Raffaella Fanelli, 2014-05-19 La movimentista racconta la storia di un gruppo di persone che avevano un sogno e, forse ancora ce l'hanno, quello di cambiare l'Italia. Partendo dagli ormai, storici meetup che, a Torino venne chiamato meetup13, fino ad arrivare alla nascita del Movimento 5 stelle, il libro fa un excursus sulle loro esperienze, aspettative e speranze ma, affronta anche le sue zone d'ombra e le scorrettezze di alcuni che, con il loro comportamento hanno tradito il vero significato della politica dal basso. Il famoso motto di Beppe Grillo, Uno vale uno, non vale per tutti infatti, è stato disatteso e calpestato da alcuni che, pur di fare trionfare la loro voglia di carrierismo, hanno ordito una trama a danno di altri. E' però, anche la storia di una crescita personale e di che cosa significhi diventare delle persone consapevoli dei loro diritti, dei loro doveri, delle problematiche territoriali e che il cambiamento deve prima partire da noi stessi.

The Enigma of Modern Italy Avis Pightling, 2022-06-30 Forget the sunshine and pasta image of Italy, and discover a world of dark forces that conspire to undermine a vulnerable democracy. Following their defeat in World War Two, the Italians set about restoring their shattered country to create the 'economic miracle' of the '60s and establish a democratic republic. Yet all is not well. The 'hot autumn' crisis of 1969 unleashes deep-rooted protests from workers and students dissatisfied with the status quo. Events are further compounded by Fascist plots pitted against left wing terrorist attacks, all conspiring to bring down a fragile state. A state destabilized by self-serving politicians, intent on feathering their own nests at the citizens' expense. If you love intrigue, conspiracy and double-dealing, this book is for you.

Fractured Continent: Europe's Crises and the Fate of the West William Drozdiak, 2017-09-12 A Financial Times Best Political Book of 2017 An urgent examination of how the political and social volatility in Europe impacts the United States and the rest of the world. The dream of a United States of Europe is unraveling in the wake of several crises now afflicting the continent. The single Euro currency threatens to break apart amid bitter arguments between rich northern creditors and poor southern debtors. Russia is back as an aggressive power, annexing Crimea, supporting rebels in eastern Ukraine, and waging media and cyber warfare against the West. Marine Le Pen's National Front won a record 34 percent of the French

presidential vote despite the election of Emmanuel Macron. Europe struggles to cope with nearly two million refugees who fled conflicts in the Middle East and North Africa. Britain has voted to leave the European Union after forty-three years, the first time a member state has opted to quit the world's leading commercial bloc. At the same time, President Trump has vowed to pursue America First policies that may curtail U.S. security guarantees and provoke trade conflicts with its allies abroad. These developments and a growing backlash against globalization have contributed to a loss of faith in mainstream ruling parties throughout the West. Voters in the United States and Europe are abandoning traditional ways of governing in favor of authoritarian, populist, and nationalist alternatives, raising a profound threat to the future of our democracies. In *Fractured Continent*, William Drozdiak, the former foreign editor of *The Washington Post*, persuasively argues that these events have dramatic consequences for Americans as well as Europeans, changing the nature of our relationships with longtime allies and even threatening global security. By speaking with world leaders from Brussels to Berlin, Rome to Riga, Drozdiak describes the crises, the proposed solutions, and considers where Europe and America go from here. The result is a timely character- and narrative-driven book about this tumultuous phase of contemporary European history.

Technopopulism Christopher J. Bickerton, Carlo Invernizzi Accetti, 2021-02-25 This is a book about a contemporary transformation in democratic politics: the rise of a new political field, techno-populism.

The Great Reform That Never Was Alessandro Chiaramonte, Alex Wilson, 2017-12-15 In Italy, 2016 was meant to be the year of the great reform, a constitutional revision that would have concluded the never-ending transition from First to Second Republic, a long process involving several transformations in the electoral system and party system since the 1990s. It did not turn out this way. Instead, the Renzi-Boschi law for constitutional revision, which started its parliamentary procedure in April 2014 and saw its final reading in the Chamber of Deputies in April 2016, was eventually rejected by voters in a confirmative referendum held on 4 December.

First They Took Rome David Broder, 2020-06-16 Italy's political disaster under a microscope There is little that hasn't gone wrong for Italy in the last three decades. Economic growth has flatlined, infrastructure has crumbled, and out-of-work youth find their futures stuck on hold. These woes have been reflected in the country's politics, from Silvio Berlusconi's scandals to the rise of the far right. Many commentators blame Italy's malaise on cultural ills—pointing to the corruption of public life or a supposedly endemic backwardness. In this reading, Italy has failed to converge with the neoliberal reforms mounted by other European countries, leaving it to trail behind the rest of the world. *First They Took Rome* offers a different perspective: Italy isn't failing to keep up with its international peers but farther along the same path of decline they are following. In the 1980s, Italy boasted the West's strongest Communist Party; today, social solidarity is collapsing, working people feel ever more atomized, and democratic institutions grow increasingly hollow. Studying the rise of forces like Matteo Salvini's Lega, this book shows how the populist right drew on a deep well of social despair, ignored by the liberal centre.

Italy's recent history is a warning from the future—the story of a collapse of public life that risks spreading across the West.

Political Populism in the Twenty-First Century Maria Hsia Chang, A. James Gregor, 2021-04-06 At the end of the Cold War, which was ushered in by the disintegration of the Soviet Union, the West celebrated the “end of history”—“the endpoint of mankind’s ideological evolution”—only to find itself caught in internal conflicts of political populism. This book focuses on so-called “right wing” populist movements and parties in democratic polities—those in Russia, Central and Western Europe, and the United States. Central to the definition and dynamics of populism are its anti-globalism and anti-elitism, the latter a reaction against the elites’ arrogance and dismissive contempt.

Generation Occupy Michael Levitin, 2021-09-14 The fight for a \$15 minimum wage. Nationwide teacher strikes. Bernie Sanders’s political revolution and the rise of AOC. Black Lives Matter. #MeToo. Read how the Occupy movement helped reshape American politics, culture and the groundbreaking movements to follow. On the ten-year anniversary of the Occupy movement, Generation Occupy sets the historical record straight about the movement’s lasting impacts. Far from a passing phenomenon, Occupy Wall Street marked a new era of social and political transformation, reigniting the labor movement, remaking the Democratic Party and reviving a culture of protest that has put the fight for social, economic, environmental and racial justice at the forefront of a generation. The movement changed the way Americans see themselves and their role in the economy through the language of the 99 versus the 1 percent. But beyond that, in its demands for fairness and equality, Occupy reinvigorated grassroots activism, inaugurating a decade of youth-led resistance movements that have altered the social fabric, from Black Lives Matter and Standing Rock to March for Our Lives, the Global Climate Strikes and #MeToo. Bookended by the 2008 financial crisis and the coronavirus pandemic, Generation Occupy attempts to help us understand how we got to where we are today and how to draw on lessons from Occupy in the future.

Populism in Sport, Leisure, and Popular Culture Alan Tomlinson, Bryan Clift, 2021-03-28 This book examines and establishes the sociological relevance of the concept of populism and illuminates the ideological use of sport, leisure, and popular culture in socio-political populist strategies and dynamics. The first part of the book — Themes, Concepts, Theories — sets the scene by reviewing and evaluating populist themes, concepts, and theories and exploring their cultural-historical roots in and application to cultural forms such as mega-sports events, reality television programmes, and the popular music festival. The second part — National Contexts and Settings — examines populist elements of events and regimes in selected cases in South America and Europe: Argentina, Brazil, Greece, Italy, and England. In the third part — Trump Times — the place of sport in the populist ideology and practices of US president Donald Trump is critically examined in analyses of Trump’s authoritarian populism, his Twitter discourse, Lady Gaga at the Super Bowl, and populist strategy on the international stage. The book concludes with a discussion of the strong case for a fuller sociological engagement with the populist dimensions of sport, leisure, and popular cultural forms. Written in a clear and accessible style, this volume will be

of interest to sociologists and social scientists beyond those specialising in popular culture and cultural politics of sport and leisure, as the topic of populism and its connection to popular cultural forms and practices has come increasingly into prominence in the contemporary world.

Transforming Travel Jeremy Smith, 2017-12-11 Transforming Travel combines stories from leading companies, interviews with pioneers and thinkers, along with thorough analysis of the industry's potential to make lasting, positive change. Written in a highly engaging style Transforming Travel presents an urgent argument for transforming tourism so it might reach its potential to promote tolerance, restore communities and regenerate habitats, while providing a vital guide for anyone looking to develop the successful sustainable tourism enterprises and destinations needed to do so.

Youths in Challenging Situations Charalambos Tsekeris, Lily Stylianoudi, 2018-08-30 This book investigates and explores the complex dynamics of youth in contemporary society, especially in troubled and crisis-ridden contexts. On the one hand, teenagers and young adults experience social suffering, marginalisation, gender and ethnic bias, and an increased risk to be radicalised and involved in extremism and related violence. On the other hand, it is shown that young people are resilient, and they have a remarkable ability to adapt and cope with extremely difficult situations. This interesting ambivalence is vividly illustrated by a number of studies in countries as varied as Ethiopia, Zambia, South Africa, Botswana, Brazil, Hong Kong, Kuwait, India, Israel, Britain, Italy, Malta, Spain, Portugal and Cyprus. Each of the 16 chapters throws a different light on the impact of destabilising circumstances and how youths cope with them in order to gain positive self-esteem and sense of a meaningful life. Overall, the experiences of young people are a distillation of the particular traumas and challenges that their society faces. Understanding those experiences and how they are coped with helps to make sense of all societies. This book was originally published as a special issue of Contemporary Social Science.

How Should A Government Be? Jaideep Prabhu, 2021-02-11 For a century, the most divisive question in political thought has been about the size of the state. Should it expand and take an active role in all sorts of areas of life? Or is that just meddling and wasteful? Those questions might have made sense in the previous century. Now, with revolutions in technology and organisational structure, and a world transformed by Covid-19, a revolution is also coming in the essential business of government - whether we like it or not. Join organisations expert Jaideep Prabhu on a tour of what's possible in government. Discover amazing initiatives in unexpected places, from India's programme to give a digital identity to a billion citizens, to a Dutch programme that lets nurses operate almost entirely without management. Or perhaps China's ominous Social Credit system is a more accurate vision what the future has in store for us. Whether you are on the political left or right, it matters whether your government does what it does fairly and well. And the game is changing...

IL PIEMONTE Antonio Giangrande, E' comodo definirsi scrittori da parte di chi non ha arte né parte. I letterati, che non siano poeti, cioè scrittori stringati, si dividono in narratori e saggisti. E' facile scrivere "C'era una volta..." e parlare di

cazzate con nomi di fantasia. In questo modo il successo è assicurato e non hai rompiballe che si sentono diffamati e che ti querelano e che, spesso, sono gli stessi che ti condannano. Meno facile è essere saggisti e scrivere "C'è adesso..." e parlare di cose reali con nomi e cognomi. Impossibile poi è essere saggisti e scrivere delle malefatte dei magistrati e del Potere in generale, che per logica ti perseguitano per farti cessare di scrivere. Devastante è farlo senza essere di sinistra. Quando si parla di veri scrittori ci si ricordi di Dante Alighieri e della fine che fece il primo saggista mondiale. Le vittime, vere o presunte, di soprusi, parlano solo di loro, inascoltati, pretendendo aiuto. Io da vittima non racconto di me e delle mie traversie. Ascoltato e seguito, parlo degli altri, vittime o carnefici, che l'aiuto cercato non lo concederanno mai. "Chi non conosce la verità è uno sciocco, ma chi, conoscendola, la chiama bugia, è un delinquente". Aforisma di Bertolt Brecht. Bene. Tante verità soggettive e tante omertà son tasselli che la mente corrompono. Io le cerco, le filtro e nei miei libri compongo il puzzle, svelando l'immagine che dimostra la verità oggettiva censurata da interessi economici ed ideologie vetuste e criminali. Rappresentare con verità storica, anche scomoda ai potenti di turno, la realtà contemporanea, rapportandola al passato e proiettandola al futuro. Per non reiterare vecchi errori. Perché la massa dimentica o non conosce. Denuncio i difetti e caldeggio i pregi italici. Perché non abbiamo orgoglio e dignità per migliorarci e perché non sappiamo apprezzare, tutelare e promuovere quello che abbiamo ereditato dai nostri avi. Insomma, siamo bravi a farci del male e qualcuno deve pur essere diverso!

The Italian General Election of 2018 Luigi Ceccarini, James L. Newell, 2019-04-15 This book provides a lively and comprehensive account of the unprecedented Italian general election of 2018 and of its profound significance for Italy and beyond. The contributions in this volume cover the political, economic and international contexts in which the vote took place, and consider the main election contenders in the run-up to the election as well as the campaigns. The book further examines the election outcome, analysing the votes and discussing the impact of the election on the turnover of parliamentary personnel as well as examining the outcome from the viewpoint of government formation.

Unveiling the Magic of Words: A Report on "**Chiara Appendino**"

In a world defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their capability to kindle emotions, provoke contemplation, and ignite transformative change is truly awe-inspiring. Enter the realm of "**Chiara Appendino**," a mesmerizing literary masterpiece penned by way of a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve into the book's central themes, examine its distinctive writing style, and assess its profound affect on the souls of

its readers.

Chiara Appendino Introduction

Chiara Appendino Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Chiara Appendino Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Chiara Appendino : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Chiara Appendino : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Chiara Appendino Offers a diverse range of free eBooks across various genres. Chiara Appendino Focuses mainly on educational books, textbooks, and

business books. It offers free PDF downloads for educational purposes. Chiara Appendino Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Chiara Appendino, especially related to Chiara Appendino, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Chiara Appendino, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Chiara Appendino books or magazines might include. Look for these in online stores or libraries. Remember that while Chiara Appendino, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow

Chiara Appendino eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Chiara Appendino full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Chiara Appendino eBooks, including some popular titles.

FAQs About Chiara Appendino Books

What is a Chiara Appendino PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a**

Chiara Appendino PDF? There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Chiara Appendino PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Chiara Appendino PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different

formats. **How do I password-protect a Chiara Appendino PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have

restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
