## European Commission

**The European Commission** Michelle Cini, 1996 Drawing on up-to-date sources, both academic and journalistic, this book sets out to explain what the European Commission does, how it does it, and why.

**Serving the People of Europe** European Commission, 2002 At the heart of the European Union is the European Commission: a body with a unique combination of legislative and executive powers. It is responsible for a wide range of policy areas ranging from culture to agriculture. Employing 24 000 people from the length and breadth of the EU, the Commission works closely with the European Parliament, the Council of Ministers, civil society and national governments. It strives to bring Europe together through mutual understanding and a desire for peace, freedom and prosperity. What is it like and who works there? This booklet gives you the chance to find out.

**STATI UNITI D'EUROPA: AUSPICIO, INCUBO, UTOPIA? VEREINIGTE STAATEN VON EUROPA: WUNSCHBILD, ALPTRAUM, UTOPIE?** Christiane Liermann, Matteo Scotto, 2020-11-30 Das neue Buch Vereinigte Staaten von Europa: Hoffnung, Alptraum, Utopie ist im Villa Vigoni Editore | Verlag erschienen. Der Sammelband wird herausgegeben von Christiane Liermann Traniello (Generalsekretärin, Villa Vigoni), Matteo Scotto (Wissenschaftlicher Referent, Villa Vigoni) und Julian Stefanelli (Justiziar, Villa Vigoni). Seit Winston Churchills berühmter Züricher Rede im Jahr 1946 hat die Idee der Vereinigten Staaten von Europa den politischen Diskurs nie wirklich verlassen. Jedoch ist man sich hierzu nie ganz einig: mal ist es ein Modell, von dem man sich distanzieren sollte oder will, manchmal scheint es eine Vision, die man anstrebt, und andere sehen diese Vision lediglich in Ermangelung von Alternativen. Der Sammelband beschäftigt sich genau mit diesen Visionen in drei Kapiteln: Überlegungen zu den gegenwärtigen Staaten, Europäische Einheit und Überlegungen zu einer gemeinsamen politischen Vision des heutigen Europas

Politics and the European Commission Andy Smith, 2004-08-02 The European Commission is an organization which has come to fascinate or repulse a range of national politicians, journalists and social scientists. In contrast to the prevailing image of the Commission as a 'bureaucrat's paradise', however, and by using the results of original research, this book deliberately sets out to investigate this organization's relationship to politics. It does so first by developing a variety of case-studies (health, development aid, preparations for Eastern enlargement, etc.) as a means of studying the relationships, networks and interdependencies which link commissioners and Commission officials to national politicians, civil servants and

interest groups. Second, by looking in detail at how the Commission publicizes its work, notably through producing public information and liaising with the media, fresh light is shone upon the complex question of the Commission's legitimacy. Politics and the European Commission provides a framework for generating new information about, and interpretations of, the power struggles at the heart of the EU.

Die Europäische Kommission Europäische Kommission,1999

**The Changing European Commission** Dionyssis G. Dimitrakopoulos,2004 How successful has Romano Prodi been in reviving the European Commission after the crisis of 1999? How have Commissioner Chris Patten and Council Secretary-General Javier Solana worked in the area of foreign policy? Key themes such as these are discussed by an international group of scholars.

**Das Räderwerk der Europäischen Kommission** Wolfgang A. Dietz,Christiane Glatthaar,1994-01

**Multilevel Union Administration** M. Egeberg,2006-07-11 This book shows that the executive branch of government has added a supranational level, namely the European Commission, that increasingly seems to operate independently from national governments. Case studies illuminate how a genuine Union administration might evolve.

**Nye Publikationer Om Den Europæiske Union Modtaget Af Biblioteket** Commission of the European Communities. Library (Brussels, Belgium),1997

**The European Commission and the Integration of Europe** Liesbet Hooghe,2001 What kind of Europe does the European Commission want? Should the EU be supranational or intergovernmental? Should the Commission be Europe's government or civil service? Based on interviews with 137 top Commission officials, Hooghe finds that the Commission is no less divided on European integration than Europe's leaders and citizens.

European Union Governance Karen Heard-Laureote,2014-09-11 A comparative analysis of four European Commission advisory forums comprising organized civil society actors, which investigates the conflict between the capacity of European Commission committee governance to improve system effectiveness, provide efficiency gains and sustain adequate democratic credentials.

**Enlargement of the European Union** Commissione europea. DG Allargamento,2014

**From Integration to Integrity** Michelle Cini,2008-03-15 From Integration to Integrity examines the European Commission's administrative ethics in the events leading up to the resignation of the College of Commissioners in March 1999 and the subsequent administrative reform led by Commissioner Neil Kinnock from 1999-2004. Insights from the field of administrative ethics are applied to the Commission's response to accusations of an ethics problem within its organization, adding a new perspective to existing research on the EU institutions. Until now there has been no study of the European institutions themselves to question the validity of these claims or to explore the extent to which the European Commission

has responded to problems. This is the first book to examine how the European Commission has addressed concerns about its ethical standards since 1999.

**Competition Policy in the European Union** Michelle Cini, Lee McGowan, 2008-12-01 Competition Policy in the European Union provides a comprehensive introduction to the European Union's policies on restrictive practices, mergers, monopolies and state aid. The authors offer a wide ranging analysis of the evolution, operation and regulation of one of the EU's most important policies in a clear and accessible format.

**Jacques Delors** Helen Drake, 2002-04-12 Drawing on exclusive interviews with Jacques Delors himself, this comprehensive, accessibly written study of his life and Commission presidency is an invaluable resource for all those interested in European and French Politics. Debunking populist images and myths about him, this book presents a balanced examination of a widely misinterpreted political figure. This book also raises important issues such as: the role of individual leaders in contemporary politics the legitimacy of the European Union as a political system.

**EU Citizenship Report 2013** European Union. European Commission. Directorate-General for Justice, Comisión Europea, 2013 In 2010, the Commission presented its first EU Citizenship Report and announced 25 actions to ensure that EU citizens can enjoy their rights in their daily lives, without being confronted with unnecessary obstacles. Since then, the Commission has acted on these 25 commitments. Making EU citizenship a reality in citizens' daily lives is an ongoing process. The fact that hurdles remain has been confirmed by a wide-ranging public consultation on EU citizenship which the Commission launched on 9 May 2012, 2013 Eurobarometer surveys on EU citizenship and electoral rights, and key stakeholders' events organised in preparation of this report, in cooperation with the European Parliament, the Committee of the Regions, and the European Economic and Social Committee. Citizens' dialogues initiated by the Commission in the framework of the European Year of Citizens are providing further insight into citizens' concerns and suggestions. In this 2013 EU Citizenship Report, the Commission is putting forward 12 new actions in six key areas to further remove obstacles standing in the way of citizens' enjoyment of their EU rights.--Editor.

### **Commissione Europea Introduction**

In today's digital age, the availability of Commissione Europea books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go.

This article will explore the advantages of Commissione Europea books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Commissione Europea books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Commissione Europea versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Commissione Europea books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring

knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Commissione Europea books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Commissione Europea books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit

organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Commissione Europea books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the

ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Commissione Europea books and manuals for download and embark on your journey of knowledge?
