Reise Know-How Reiseführer Ligurien, Italienische Riviera, Cinque Terre (mit 22 Wanderungen) Sibylle Geier, 2023-03-27

Mit den malerischen Dörfern der Cinque Terre, der italienischen Riviera und der Metropole Genua gehört Ligurien zu den schönsten Gegenden Norditaliens. Die palmenbestandenen Seepromenaden der quirligen Badeorte an der Küste bieten dabei einen reizvollen Kontrast zu uralten Olivenhainen, Weingärten und den mittelalterlich geprägten Burgdörfern im gebirgigen Hinterland. Einige der schönsten Wanderrouen Italiens sowie die stilvolle Hafenstadt Genua mit ihrer überwältigenden Fülle an Kirchen, Plätzen, Palästen und Museen machen die Region zusätzlich interessant. Autorin Sibylle Geier führt zur Baia del Silenzo, der schönsten Bucht Liguriens, in die imposanten Tropfsteinhöhlen von Toirano und zur Hafenmetropole Genua mit ihren verwinkelten Altstadtgassen, stilvollen Patrizierhäusern und einer beeindruckenden Museumsvielfalt. Sie macht die Cinque Terre erlebbar - die 18 Kilometer lange Steilküste mit ihren fünf kleinen Bilderbuchdörfern, die wie Felsennester in die unzugänglichen Klippen hineingewachsen scheinen. Ihr Reiseführer lädt dazu ein, auf den Spuren der Partisanen auf dem faszinierenden Höhenweg Sentiero degli alpini zu wandern und in die ligurische Küche einzutauchen mit ihren gefüllten Zucchini-Blüten, aromatischem Pesto oder der überall frisch erhältlichen Focaccia, die klassisch mit Salz und Olivenöl angeboten wird. Wer Ligurien individuell entdecken möchte, findet in diesem Reiseführer ausführliche Informationen zur Geschichte und Kultur der Region und zu allen sehenswerten Orten sowie 22 Wanderungen, mit denen sich Ligurien zu Fuß erleben lässt. Im erweiterten Vorspann finden sich Übersichtsseiten mit Beschreibungen aller Regionen, eine Jahresübersicht zu Festen und Veranstaltungen, Routenvorschläge und persönliche Top-Tipps der Autorin. Eine kleine Sprachhilfe Italienisch erleichtert die Konversation vor Ort.

Machine Learning and Deep Learning in Natural Language Processing Anitha S. Pillai, Roberto Tedesco, 2023-10-18
Natural Language Processing (NLP) is a sub-field of Artificial Intelligence, linguistics, and computer science and is concerned with the generation, recognition, and understanding of human languages, both written and spoken. NLP systems examine the grammatical structure of sentences as well as the specific meanings of words, and then they utilize algorithms to extract meaning and produce results. Machine Learning and Deep Learning in Natural Language Processing aims at providing a review of current Neural Network techniques in the NLP field, in particular about Conversational Agents (chatbots), Text-to-

Speech, management of non-literal content - like emotions, but also satirical expressions - and applications in the healthcare field. NLP has the potential to be a disruptive technology in various healthcare fields, but so far little attention has been devoted to that goal. This book aims at providing some examples of NLP techniques that can, for example, restore speech, detect Parkinson's disease, or help psychotherapists. This book is intended for a wide audience. Beginners will find useful chapters providing a general introduction to NLP techniques, while experienced professionals will appreciate the chapters about advanced management of emotion, empathy, and non-literal content.

First They Took Rome David Broder, 2020-07-14 It is difficult for Italians to have much faith in the future. The last Labour Minister said it was a good thing if young people emigrated, to stop them 'getting under our feet'; one recent Prime Minister said that young Italians should not invest their hopes in securing a stable job, for that would be 'boring', anyway. Examining Italy's history since the end of the Cold War, Italy is the Future argues that its dismal situation should not be understood in terms of a stereotyped narrative of Italian chaos or backwardness. In a country that could once boast Europe's strongest Left, Italy today epitomises the crisis of democracy in the West. The scandals of Silvio Berlusconi's rule, the pervasive corruption of public life and sky-high youth unemployment are indicators of a particularly sick society. Yet what is also apparent is the difficulty of any new force emerging to renew Italy's institutions, as its atomised citizens lose hope in political change. What has broken apart in Italy is not just its once-mighty Left but the very bases of social solidarity. The parties of the 1990s and 2000s directly express the social demolition wrought by neoliberalism, as isolated and endangered individuals face the consequences of the crisis alone. Not this or that political party, but public life itself, is in full-scale collapse

Coronavirus, Crisis and Culture Stuart Price, Ben Harbisher, 2023-07-25 This volume represents a timely and essential contribution for both scholars and readers of the Coronavirus Pandemic. Whereas the bulk of literary, academic, and investigative coverage of the Pandemic has focussed on factors such as i) maintaining social cohesion, ii) developing a vaccine, iii) fighting fake news, this submission explores the erosion of civil liberties and human rights during the pandemic, the increase of policing and supervisory practices, and the innovative ways in which contemporary social movements have expressed their concerns at the measures governments have put in place. The volume challenges restrictions placed on freedom of speech, in which contrary opinions to mainstream public discourse have been branded as fake news, disinformation, or conspiratorial. It questions the legitimacy of authoritative voices such as the BBC with regards to the regurgitation of political dogma and the profound lack of investigative reportage therein. The volume examines how new or conventional social movements have responded to the pandemic and how fundamental human and civil rights such as those campaigned for by Black Lives Matter has united people from different backgrounds.

The Rise of Entrepreneurial Parties in European Politics Vít Hloušek, Lubomír Kopeček, Petra Vodová, 2020-04-21 Political parties run by entrepreneurs as a means to their own end are a recent phenomenon found in many countries, and

their electoral influence has never been greater. This book offers a thorough comparative analysis of such 'business-firm' and sometimes oddly memberless parties in Western and East-Central Europe, assessing the considerable corpus of literature on the growing band of political entrepreneurs. The book clearly separates such party enterprises from other, more traditional, political platforms as it contributes to our understanding of the potential of entrepreneurial parties. The authors offer a unique typology based on two characteristics: whether the party receives private financial, media or other investment; and the nature of its membership and territorial structure. Famous examples of entrepreneurial parties, including Silvio Berlusconi's Forza Italia and Geert Wilders's Party for Freedom, alongside their lesser-known counterparts, serve in this book as valuable material for conceptual innovation and the investigation into why certain entrepreneurial party types succeed or fail.

ANNO 2023 IL GOVERNO QUINTA PARTE ANTONIO GIANGRANDE, Antonio Giangrande, orgoglioso di essere diverso. ODIO OSTENTAZIONE, IMPOSIZIONE E MENZOGNA. Nella vita di ognuno due cose sono certe: la vita e la morte. Si nasce senza volerlo. Si muore senza volerlo. Si vive una vita di prese per il culo. Gli animali, da sé, per indole emulano ed imitano, imparando atteggiamenti e comportamenti dei propri simili. Senonché sono proprio i simili, a difesa del gruppo, a inculcare nella mente altrui il principio di omologazione e conformazione. Noi siamo quello che altri hanno voluto che diventassimo. Facciamo in modo che diventiamo quello che noi avremmo (rafforzativo di saremmo) voluto diventare. Tu esisti se la tv ti considera. I Fatti son fatti oggettivi naturali e rimangono tali. Chi conosce i fatti si chiama esperto ed esprime pareri. Chi non conosce i fatti esprime opinioni e si chiama opinionista. Le opinioni sono atti soggettivi cangianti. Le opinioni se sono oggetto di discussione ed approfondimento, in TV diventano testimonianze. Ergo: Fatti. Con me i pareri e le opinioni cangianti, contrapposte e in contraddittorio, diventano fatti. Con me i fatti, e la Cronaca che li produce, diventano Storia. Rappresentare con verità storica, anche scomoda ai potenti di turno, la realtà contemporanea, rapportandola al passato e proiettandola al futuro. Per non reiterare vecchi errori. Perché la massa dimentica o non conosce. Denuncio i difetti e caldeggio i pregi italiani. Perché non abbiamo orgoglio e dignità per migliorarci e perché non sappiamo apprezzare, tutelare e promuovere quello che abbiamo ereditato dai nostri avi. Insomma, siamo bravi a farci del male e qualcuno deve pur essere diverso!

The Italian Democratic Party and New Labour Luciano M. Fasano,

2019 European Elections, 2020-09-29 The volume aims to combine the overall view on the role of the 2019 European Parliament elections in shaping the future European project with relevant case studies.

Territorial Governance in Times of Crisis Arianna Giovannini,

The Great Reform That Never Was Alessandro Chiaramonte, Alex Wilson, 2017-12-15 In Italy, 2016 was meant to be the year of the great reform, a constitutional revision that would have concluded the never-ending transition from First to

Second Republic, a long process involving several transformations in the electoral system and party system since the 1990s. It did not turn out this way. Instead, the Renzi-Boschi law for constitutional revision, which started its parliamentary procedure in April 2014 and saw its final reading in the Chamber of Deputies in April 2016, was eventually rejected by voters in a confirmative referendum held on 4 December.

Social Media and Political Accountability Andrea Ceron,2017-06-29 This book illustrates how social media platforms enable us to understand everyday politics and evaluates the extent to which they can foster accountability, transparency and responsiveness. The first part focuses on accountability and tests whether the offline behavior of politicians is consistent with their online declarations, showing that textual analysis of politicians' messages is useful to explain phenomena such as endorsements, party splits and appointments to cabinet. The second part concerns responsiveness. By means of sentiment analysis, it investigates the shape of the interaction between citizens and politicians determining whether politicians' behavior is influenced by the pressure exerted on social media both on policy and non-policy issues. Finally, the book evaluates whether a responsive behavior is successful in restoring online political trust, narrowing the gap between voters and political elites. The book will be of use to students, scholars and practitioners interested in party organization, intra-party politics, legislative politics, social media analysis and political communication, as well as politicians themselves.

Neoliberal Citizenship Luca Mavelli,2022 With cosmopolitan illusions put to rest, Europe is now haunted by a pervasive neoliberal transformation of citizenship that subordinates inclusion, protection, and belonging to rationalities of value. Against the backdrop of four major crises - Eurozone, refugee, Brexit, and the COVID-19 pandemic - this book explores how neoliberal citizenship rewrites identities and solidarities in economic terms. The result is a sacralized market order in which those superfluous to economic needs and regarded as unproductive consumers of resources - be they undocumented migrants, debased citizens of austerity, or the elderly in care homes - are excluded and sacrificed for the well-being of the economy. Pushing biopolitical theorizing in novel directions through an investigation of the political economy of scarcity and the theology of the market, *Neoliberal Citizenship* reveals how a common thread connects the suspension of search-and-rescue missions in the Mediterranean, the punitive bailout of Greece, the widespread adoption of austerity measures, the normalization of racism, the celebration of resilience, and the fact that in Europe and North America, during the first wave of the pandemic, almost half of all COVID-19 deaths were care home residents. This thread is the sacralization of the market that, by making life conditional upon its economic and emotional value, turns 'less valuable' individuals into sacrificial subjects. *Neoliberal Citizenship* challenges established understandings of citizenship, brings to light new regimes of inclusion and exclusion, and advances critical insights on the future of neoliberalism in a post-COVID-19 world.

Global Resurgence of the Right Gisela Pereyra Doval, Gastón Souroujon, 2021-07-27 This book provides a broad-ranging analysis of the global resurgence of right-wing forces in the twenty-first century. These parties, organisations and social movements represent a break from right-wing forces in interwar political history in Europe and the United States, and the right-wing dictatorships in Latin America. The book reflects on the most appropriate conceptual categories to account for this phenomenon and whether terms such as populism, fascism, authoritarianism or conservatism can explain the new manifestations of the right. The book also explores this through a range of national case studies written by country specialists, focusing on Austria, Italy, Spain, Argentina, Brazil, Ecuador and the United States of America. Providing a much-needed global perspective, this book will be of considerable interest to students and scholars of populism, fascism, right-wing extremism and conservatism.

Being Berlusconi Michael Day,2015-07-21 People from all walks of life are appalled and fascinated in equal measure by the stratospheric political career of the tycoon and three-time Italian Prime Minister Silvio Berlusconi. Michael Day provides an in depth look at the life and crimes of the shameless media mogul until his nine lives ran out and he faced definitive conviction which signaled his irreversible decline. He tells the story of a bright and ambitious man from a lower-middle class family who shook off his humble origins and rose to become rich and powerful beyond most people's dreams—a multi-billionaire whose Mediaset company remains one of Europe's largest television and cinema conglomerates. Along the way, amid the election victories, business triumphs, and womanizing, he became bogged down by his hubris, egotism, sexual obsessions, as well as his flagrant disregard for the law. And yet how and why did Italy and Italians put up with him for so long? With the 78-year-old's legal woes ongoing, including further trials for bribery, after a recent nine-month community service stint, *Being Berlusconi: The Rise and Fall from Cosa Nostra to Bunga Bunga* is well-timed to mark the final chapters of a notorious—and astonishing—life and career.
