On Soul and Earth Elena Liotta, 2013-12-16 On Soul and Earth offers an original perspective on the relationship between the environment and the human psyche. Physical spaces contribute to the building of identity through personal experience and memory. Places evoke emotions and carry their own special meanings. Elena Liotta and her contributors also explore the neglected topics of migration and travel. The author has extensive clinical experience of working with patients from a wide variety of national and cultural backgrounds. Globalization is present in the clinical office as well as in the wider world and the transformations currently being wrought in the areas of cultural and national identity also impact on clinical work. This book will be of interest to Jungian analysts as well as psychotherapists and mental health professionals, especially those who are addressing transcultural and multicultural issues including voluntary or enforced migration. It will also appeal to urban planners, architects and those interested in environmental issues.

Much Ado About Nothing? Elisabetta Gualmini, Eleonora Pasotti, 2011-12 The year 2010 marked the halfway point for Silvio Berlusconi's fourth government with the solidity of its electoral mandate threatened on a number of occasions by strong clashes with the opposition, ultimately leading to a "divorce" from Gianfranco Fini. The upheaval that followed this rift dominated the second half of the year. This volume examines not only this rift but also the important political and social events of a period full of polemics and tensions, from the regional elections and the debate on fiscal federalism to the state of the opposition parties. The political agenda was consumed by everyday matters, such as the scandals surrounding the Civil Protection Service and the confrontations with the magistracy over phone tapping, and appeared to lack any strategic planning for the longer term. The reform of the university system was approved by a slim margin and still saw violent protests from its opponents. Then, all of the government's actions were restricted by a return to austerity policies. Through the confidence vote of 14 December, the government retained its tenuous hold on power and left a sense of "much ado about nothing". The crisis was averted, but possibly only postponed, and now there remains the unresolved, increasingly chronic problems of a country that is limping along without growth, more and more divided according to geographical areas, social and professional categories, and above all, torn between generations.

Die Ladiner Peter Hilpold, Christoph Perathoner, 2005

Scientific and Technical Aerospace Reports, 1992

Recommendation and Search in Social Networks Özgür Ulusoy,Abdullah Uz Tansel,Erol Arkun,2015-02-12 This edited volume offers a clear in-depth overview of research covering a variety of issues in social search and recommendation systems. Within the broader context of social network analysis it focuses on important and up-coming topics such as real-time event data collection, frequent-sharing pattern mining, improvement of computer-mediated communication, social tagging information, search system personalization, new detection mechanisms for the identification of online user groups, and many more. The twelve contributed chapters are extended versions of conference papers as well as completely new invited chapters in the field of social search and recommendation systems. This first-of-its kind survey of current methods will be of interest to researchers from both academia and industry working in the field of social networks.

Italians to America: Passengers arriving at New York June 1897-May1898 Ira A. Glazier,Percy William Filby,1992

Domanda e offerta di consultazione psicologica nei contesti universitari. Esperienze e modelli applicativi G. Ruvolo,2005

The Ghostwriters Tommaso Pavone,2022-04-07 The Ghostwriters unmasks how lawyers catalyse policy change across borders by encouraging deliberate law-breaking and mobilizing courts against their own governments.

Il videoclip. Musicologia e dintorni dai Pink Floyd a Youtube Andrea Del Catello,2016-10-16 Il libro sui videoclip che finalmente spiega la comunicazione audiovisiva. Una nuova prospettiva analitica sui video dei più importanti big della musica nell'era di MTV.

Un corpo tra altri corpi Vincenzo Bellia,2021-10-14T00:00:00+02:00 Già mezzo secolo prima della scoperta dei neuroni specchio, Marian Chace scriveva che “un corpo è un corpo tra altri corpi” e che “l’immagine del corpo è primariamente una creazione sociale”. In questo processo di costruzione relazionale dell’identità a partire dall’organizzazione sensomotoria, la Danzamovimentoterapia (Dmt) si inserisce come esperienza di profonda riconnessione e di evoluzione creativa. Il testo illustra i fondamenti della metodologia espressivo- relazionale (Dmt-ER®), i suoi riferimenti alle scienze del movimento e alla gruppoanalisi, le sue proiezioni applicative, perfino in un’epoca di massiccia limitazione dell’incontro sociale. Insostituibile strumento di lavoro per i professionisti e gli studenti del settore, il volume risulta di grande interesse anche per clinici, educatori e operatori sociali.

Il lavoro clinico con le famiglie complesse. Il test «La doppia luna» nella ricerca e nella terapia Ondina Greco,2006

Francesco Crispi, i riberesi e la sua casa Santo Tortorici,Raimondo Lentini,2011-12-01

Quando la bellezza cura il dolore L’Acrobatica del morire,2019-10-03T00:00:00+02:00 Il volume presenta il percorso di lavoro del gruppo di ricerca L’Acrobatica del morire sul tema della concezione della morte nella cultura contemporanea, a partire dalla pratica clinica dell’accompagnamento al morire nelle cure palliative. Esso raccoglie, con sguardo pienamente pluridisciplinare, i testi di medici palliativisti, filosofi, teologi, psicologi, psicoterapeuti, antropologi, storici dell’arte ed

esperti in cultura visuale, che sono stati presentati in un ciclo di seminari realizzati nel contesto dell'esposizione personale del fotoreporter Gianni Cipriano *Where Beauty Softens Your Grief* a Palermo nel 2018.

Lo spietato repertorio della contemporaneità Giovanni Gabriele Mignosi, 2020-10-15T00:00:00+02:00 Il testo esplora le pieghe di una contemporaneità che attraversa gravi e larvati cambiamenti culturali, sociali e psicologici. A partire da un'analisi critica dei processi che tendono a naturalizzare i dispositivi culturali egemoni, viene approfondita la figura dell'individuo tipo della civiltà globale: ben adattato, apparentemente sano ed innocuo, mostra però i segni di un narcisismo trucidato in una sociopatia paranoica e sadomasochistica, nel culto sfrenato della propria immagine, collocato in una bolla di alienante sacralità e così immiserito da una tossicodipendenza da oggetti di consumo. Tutto ciò è promosso e incoraggiato in un quadro culturale deistituzionalizzato e completamente occupato dai principi suadenti del neoliberismo. Viene infine proposto un tentativo di riformulare il lavoro dello psicologo-clinico, affinché fronteggi più adeguatamente la trasformazione radicale del mondo e della sofferenza psichica, evitando i rischi dell'autoreferenzialità e del miope tecnicismo.
