When the Crisis Becomes an Opportunity Paola Paoloni, Rosa Lombardi, 2023-03-16 This edited volume analyzes how the COVID-19 crisis could be transformed into opportunities for those organizations that correctly interpret the change, adapt their strategies accordingly, and increase their chances of success in a post-pandemic scenario. Through this lens, the female role and contribution to recovery are analyzed and discussed in the economic, financial and social context. Even if many aspects set the COVID-19 crisis apart from the latest global financial crises – such as the unusual shutdown of businesses in specific sectors, social distancing regulations, and general uncertainty sparked by the pandemic – the challenges facing all organizations in the current recovery phase can present an opportunity for extraordinary growth and development in Europe. The focus of the contributions gathered here is not on “counting” the damages and losses but rather on monitoring the recovery and on emerging instruments to support national and global economic recovery, while paying special attention to women’s role in it.

Women Directors P. Profeta, L. Aliberti, A. Casarico, M. D'Amico, A. Puccio, 2014-07-29 Women Directors analyzes the Italian law on gender quotas in boards as a vital opportunity for the country and a key international case. It provides a broad perspective of the new Italian experience, which has the potential of influencing the way of addressing gender issues worldwide.

The Palgrave Handbook of Heterogeneity among Family Firms Esra Memili, Clay Dibrell, 2018-09-05 This handbook is the definitive source of research on the differences among family firms. It provides a timely and thorough investigation of the variant strategies and behaviors undertaken by family firms today, taking a closer look at different configurations of family involvement and how they influence outcomes and success. While studies on differences between family and non-family firms are deeply rooted in the literature, this handbook uniquely examines the family firm heterogeneity research to date and the inner firm governance, financial and non-financial objectives, and strategies such as innovation, competitive dynamics, internationalization, and human resources management. The handbook pulls together the work of the most prominent names in family business from around the world, separating itself from the competition both in content and geographical scope. Future research directions provided in each chapter will spark further interdisciplinary scholarly work,

and will be enlightening for researchers, educators, and practitioners who are currently limited to the narrow and exclusive literature and advance the burgeoning research on this important topic.

Women in Financial Services Giuliana Birindelli, Antonia Patrizia Iannuzzi, 2022-02-28 This book explores gender diversity in the financial system, focusing especially on regulations, disclosure standards, theories and literature on the relationship between women in atypical positions and bank performance, female representation in governance bodies of banks and insurance companies, the gender pay gap and the gender balance in Central Banks. The topics are examined highlighting the progress towards gender equality (SDG 5) and the room for improvement in financial services with implications for policymakers, regulators and researchers in both finance and gender studies.

Gender Studies, Entrepreneurship and Human Capital Paola Paoloni, Rosa Lombardi, 2020-07-08 In today's climate, academics, professional community and policy makers all have input in critical gender issues, as well as in the entrepreneurship and human capital issues. Various gender issues are published involving many scientific fields, including business, management and accounting research. Presenting the topic of gender issues, entrepreneurship and human capital, this book collects the main output of the researches presented at the Annual Workshop of IPAZIA 2019 of Rome in Italy. The authors provide a renewed and fruitful analysis of these topics, with the purpose of advancing the gender theories in the international context.

Research Handbook on Boards of Directors Jonas Gabrielsson, Wafa Khelif, Sibel Yamak, 2019 Boards of directors are complex systems, and it is imperative to understand what the contextual forces are that shape the direction and make-up of boards. This Research Handbook provides inspiration for researchers and practitioners interested in the manifold dimensions and facets of context surrounding boards of directors.

The Fourth Industrial Revolution and Its Impact on Ethics Katharina Miller, Karen Wendt, 2021-01-28 This book tackles the ethical problems of the "Fourth Industrial Revolution" (4IR) and offers readers an overview of the ethical challenges connected to Artificial Intelligence (AI), encryption and the finance industry. It specifically focuses on the situation of females in these industries, from women lawyers, judges, attorneys-at-law, investors and bankers, to portfolio managers, solicitors and civil servants. As the 4IR is more than "just" a technology-driven transformation, this book is a call to policymakers and business leaders to harness new technologies in order to create a more inclusive, human-centered future. It offers many practical cases of proactive change agents, and offers solutions to the ethical challenges in connection with implementing revolutionary disruptive products that often eliminate the intermediary. In addition, the book addresses sustainable finance in startups. In this context, education, training, agility and life-long learning in financial literacy are some of the key solutions highlighted here. The respective contributors supply a diverse range of perspectives, so as to promote a multi-stakeholder approach.

Transformative Roles of Women in Public and Private Sectors Al A'ali, Ebtihaj, Masmoudi, Meryem, AlSaffar, Gardenia, 2024-06-21 Despite advancements in gender equality, women in business and public sectors still face unique challenges. Organizational uncertainty and societal expectations often hinder their professional growth and contributions. Traditional leadership models may not effectively accommodate women's approaches, leading to underrepresentation in decision-making roles and impacting organizational culture. Transformative Roles of Women in Public and Private Sectors provides a platform for academics, researchers, and practitioners to explore gender differences in leadership styles and women's impact on organizational development and culture. By presenting theoretical frameworks and real case studies, the book illuminates the transformative potential of women in leadership roles. It aims to enhance understanding of women's approaches and styles in professions, offering actionable insights for navigating the complexities of modern organizations.

Der Weinatlas Hugh Johnson, Jancis Robinson, 2008-09 Von den beiden erfolgreichsten Weinautoren der Welt neu geschrieben.

Corporate Social Irresponsibility Agata Stachowicz-Stanusch, Wolfgang Amann, Gianluigi Mangia, 2017-03-01 In a modern world in which one can observe managerial and investors' behaviors characterized by high risk, short term orientation, moral hazard and speculation, there is a need to form a new ethical paradigm to drive a more ethical oriented education and a substantial change to norms regulating markets and business behavior to sensitize investors and financial practitioners, so that humanity can evolve in a sustainable way. Therefore the main question we are striving to answer throughout the book "Organizational Social Irresponsibility: individual behaviors and organizational practices" is the following: Do individual behaviors influence organizational socially irresponsible practices? Each separate chapter aims to find an answer to the above question. The book is divided into three parts: first: "The dark side of organizational behaviors", second: "Individual skills and the workplace" and third: "Organizational politics, practices and tools. This book is authored by a range of authors from all over the world. They provide us with several theoretical and practical contributions into the topic of organizational social irresponsibility and individual behavior, facing different aspects (e.g. workplace wellness, decision-making, diversity management). We hope it will be useful for both business and academia and it will help to shape reflective, socially responsible managers of the future.

Gender Diversity in the Boardroom Cathrine Seierstad, Patricia Gabaldon, Heike Mensi-Klarbach, 2017-09-13 This edited collection provides a structured and in-depth analysis of the current use of quota strategies for resolving the pressing issue of gender inequality, and the lack of female representation on corporate boards. Filling the gap in existing literature on this topic, the two volumes of Gender Diversity in the Boardroom offers systematic overviews of current debates surrounding the optimisation of gender diversity, and the suggested pathways for progress. Focusing on sixteen European countries, the skilled contributors explore the current situation in relation to women on boards debates and approaches taken. They include

detailed reflections from critical stakeholders, such as politicians, practitioners and policy-makers. Volume 1 focuses on eight European countries having adopted quotas and is a promising and highly valuable resource for academics, practitioners, policy makers and anyone interested in gender diversity because it examines and critiques the current corporate governance system and national strategies for increasing the share of women not only on boards, but within companies beyond the boardroom.

L'organizzazione inclusiva Stefano Basaglia, Simona Cuomo, Zenia Simonella, 2022-10-14T00:00:00+02:00 Le leggi europee e italiane vietano la discriminazione e, al contempo, la morale di una società avanzata ci chiede maggiore inclusione. Per questo motivo, anche le organizzazioni sono chiamate a dotarsi di strumenti concettuali per comprendere i fenomeni sociali in atto e diventare più inclusive. Avvalendosi delle ricerche sul campo accumulate dall'Osservatorio Diversity, Inclusion & Smart working di SDA Bocconi School of Management, questo libro si rivolge a coloro che si occupano di diversità nei luoghi di lavoro. In particolare, i manager possono confrontare la loro realtà con i diversi esempi presenti nel volume per capire a che punto si trovi la propria azienda nel processo di adozione di politiche inclusive e, nel caso, promuoverne di nuove. Dalle questioni di genere a quelle LGBTQI+ e generazionali, dalle diversità etnico-culturali al tema della disabilità e della genitorialità, dalla leadership inclusiva al ruolo del diversity manager, fino al delicato equilibrio tra etica e profitto, il volume fornisce idee e strumenti per capire come e perché le organizzazioni che operano in Italia devono gestire la diversità e favorire l'inclusione, stando attente alle proprie caratteristiche peculiari e al contesto in cui operano.

Parità ed empowerment di genere: strumenti giuridici, programmi e politiche internazionali, regionali e nazionali. Seconda edizione riveduta Mariella Pagliuca, Cristiana Carletti, 2023-10-10 La seconda edizione riveduta propone una riflessione aggiornata del tema, che prende atto delle dinamiche materiali e procedurali proprie delle tematiche di genere, senza dubbio contraddistinte da una marcata rapidità a partire dal XXI secolo. La metodologia d'indagine adoperata nella prima sezione utilizza, quale chiave di lettura, una specifica attenzione sia al linguaggio negoziale che viene trasfuso nei molteplici documenti adottati in seno ad alcune tra le principali Organizzazioni intergovernative, per un impatto di chiara portata giuridica o, altrimenti, strategico-programmatica, sia agli strumenti d'indagine e di valutazione quantitativa

e qualitativa delle dinamiche inerenti la promozione dei diritti delle donne e delle ragazze e dell'empowerment femminile. Nella seconda sezione si offre un aggiornamento dell'assetto giuridico e strategico nazionale, che negli ultimi anni ha conosciuto un rinnovato impulso in termini di produzione di atti e documenti orientati alla promozione della parità di genere. Leadership femminile. Esiste davvero? Chiara Galgani, Valeria Santoro, 2023-03-08T00:00:00+01:00 1420.1.221

Il potere delle donne Maria Latella, 2015-02-25T00:00:00+01:00 A quante di voi è capitato di essere corteggiate da un collega (o da un capo) che proprio non vi piaceva? È successo anche a Fernanda Contri, famosa avvocato, poi giudice della Corte Costituzionale, che in questo libro spiega il brillante sistema con cui mise a posto l'improvvido. "Da allora andò in giro dicendo che ero una donna molto spiritosa". Capita a tutte di rimanerci male perché hanno promosso un altro. È successo perfino alla presidente della Rai, Annamaria Tarantola, quand'era ancora una giovane dirigente di Banca d'Italia. In questo libro vi racconta come ha fatto in modo che non succedesse una seconda volta. Capita a tante donne di tornare a casa, la sera, e di vedere soltanto un attimo i bambini perché è tardi e devono andare a letto. I sensi di colpa, poi, rosicchiano il cuore. Succede anche a giovani madri privilegiate come Barbara Berlusconi o la ministra Marianna Madia. In questo libro condividono la lista dei dilemmi che pesa quando si combatte per tenere insieme famiglia e lavoro. Maria Latella accompagna le tappe comuni alla vita di tutti, dal tempo della scuola all'ingresso nel mondo del lavoro, dalle sconfitte alle grandi gioie, attraverso le confessioni esclusive di donne che ce l'hanno fatta. Si raccontano, tra le altre, l'attrice Paola Cortellesi e l'avvocato più richiesto dai potenti d'Italia, Paola Severino, la ministra della Difesa Roberta Pinotti e la presidente della Camera Laura Boldrini, la magistrata Lucia Aielli minacciata dalla camorra e la stilista Frida Giannini. Donne Alfa, si dice oggi. "Da ciascuna di loro ho imparato un trucco per vivere meglio" scrive l'autrice. In fondo, è lo scopo di questo libro, scritto da una giornalista che da anni segue con attenzione sia le giovani donne che stanno per entrare o sono appena entrate nel mondo del lavoro, sia le loro madri o sorelle maggiori (e i loro padri e fratelli). Chiunque sia curioso e interessato a cambiare qualcosa, a cominciare da se stesso.

Concreta-Mente 2007 - 2017. 10 anni di idee e proposte Leonardo Bertini, 2016-02 L'ambizione di questo volume non è solo quella di offrire una sistemazione organica dei position paper e dei documenti di proposte e idee di Concreta-Mente dal 2007 a oggi, ma anche di proporre un percorso di lettura che conduca il lettore a una presa di coscienza di quella che potrebbe essere la Roma al 2020 che vorremmo. Un percorso che vuole promuovere il passaggio dalla pro-testa alla proposta, attraverso la costruzione di una rete di capitale umano trasparente e basata su fondamenti etici e la realizzazione di progetti pilota concreti che dimostrino che fare riforme è possibile. Una concezione nuova: si è scelto di sviluppare un e-Book integrato da video e interviste scaricabili attraverso QR-Code. In questo modo il libro sarà come una piattaforma di idee, scalabile, integrabile nel tempo e potrà essere scaricato gratuitamente da tutti nella versione elettronica più aggiornata

o acquistato in versione cartacea.
