**Transformationen. Wandel, Bewegung, Geschwindigkeit** Caroline Bacci, Jaime Cárdenas Isasi, Antje Dreyer, Aenne Gottschalk, María Ximena Ordóñez, Ana M. Troncoso Salazar, 2019-09-10 Unter dem Rahmenthema Transformationen - Wandel, Bewegung, Geschwindigkeit in den Sprach- und Kulturräumen der Romania vereint dieser Band insgesamt 16 Beiträge junger Forscher\*innen, die aktuelle wie historische Wandelprozesse aus unterschiedlichen Perspektiven der Romanistik analysieren. Schwerpunkte liegen auf der Verflüssigung von Raum und Zeit, auf Akteur\*innen und Vergesellschaftungsprozessen, Versprachlichungen und Inszenierungen von Umbruchmomenten, auf Grenz- und Identitätsverschiebungen sowie auf Fragestellungen der Intertextualität und Transmedialität. Es werden zudem die Frage nach der heutigen gesellschaftlichen Bedeutung geisteswissenschaftlicher und insbesondere romanistischer Forschung reflektiert und die Disziplinen der Romanistik selbst ins Zentrum des Interesses gestellt. S'articulant autour de la thématique Transformations - changement, mouvement, vitesse dans les espaces linguistiques et culturels romans, cet ouvrage rassemble les travaux de 16 jeunes chercheurs qui se penchent, à travers différentes approches des études romanes, sur les processus de mutation présents et historiques. L'accent est mis sur la liquéfaction de l'espace et du temps, sur les acteurs, les médias et les mises en scène des moments de bouleversement et sur les changements frontaliers et identitaires, ainsi que sur les questions relatives à l'intertextualité et à la transmédialité. En outre, l'ouvrage s'interroge sur le sens et l'importance que revêtent les recherches en sciences humaines, et plus particulièrement en lettres romanes, pour notre société. Il se focalise ainsi sur le devenir des disciplines des études romanes. **Cambiando l'Italia** Graziano Delrio, 2015-02-26T00:00+01:00 «Il futuro dell'Italia è più forte del suo passato». È con questo spirito che Matteo Renzi e la sua squadra di governo lavorano dal febbraio 2014. In questo libro il sottosegretario alla Presidenza del Consiglio, Graziano Delrio, riflette sul percorso umano e culturale che ha condotto alla svolta più radicale impressa alla politica italiana degli ultimi anni. E, insieme, sulle scelte che stanno trasformando in profondità il nostro paese: dalle nuove leggi sul lavoro alle riforme della scuola, della pubblica amministrazione e delle istituzioni. «La politica italiana

era ferma. Non era più chiaro a cosa, o a chi, dovesse servire. Qualcuno aveva separato la politica dal popolo e dalle sue aspirazioni. Con Matteo Renzi abbiamo deciso di "rottamare la separazione". Perché la democrazia è il contributo di tutti, non solo di professionisti. Siamo entrati nel tempio della politica senza indossare l'abito adatto, senza seguire le liturgie, senza essere stati invitati. Ma la fiducia si ricostruisce solo quando e se la politica ha l'ambizione non solo di guardare la realtà per quella che è, ma contiene anche il desiderio di mutare quella realtà. Senza azione, persino la democrazia vacilla. Se la democrazia non agisce né decide, la separazione dalla realtà diventa totale»

**Italien zwischen Krise und Aufbruch** Alexander Grasse, Markus Grimm, Jan Labitzke, 2017-08-21 Mit dem Amtsantritt Matteo Renzis im Februar 2014 waren in Italien große Hoffnungen verbunden. Dem jungen Ministerpräsidenten gelang es zunächst tatsächlich, eine Aufbruchsstimmung zu erzeugen, die dem krisen- und skandalgeschüttelten Land einen tiefgreifenden Wandel verhieß. Zunächst schien es, als könnte die unvollendete Zweite in eine grundlegend reformierte Dritte Republik transformiert werden: Italia 3.0. Dieser Prozess ist durch das im Dezember 2016 gescheiterte Verfassungsreferendum zunächst ins Stocken geraten. Gleichwohl überdauern einige Neuerungen der Ära Renzi seinen zwischenzeitlichen Rücktritt und zahlreiche Reformprojekte werden weiterverfolgt. Die Autorinnen und Autoren des Bandes untersuchen anhand der Veränderungen der Institutionen, des Parteiensystems, der Entscheidungsprozesse und der politischer Kultur sowie anhand aktueller Reformen in ausgewählten Politikfeldern in den drei Dimensionen der Politik (Polity, Politics und Policy), ob bzw. inwiefern der erhoffte Aufbruch tatsächlich stattgefunden hat, in welchen Bereichen die italienische Wirklichkeit hingegen in den alten Strukturen und Handlungsmustern verhaftet blieb und wo eine zweite Regierung Renzi oder andere zukünftige Regierungen anknüpfen könnten.

The Hundred Languages of Children Carolyn Edwards,Lella Gandini,George Forman,2011-12-13 Why does the city of Reggio Emilia in northern Italy feature one of the best public systems of early education in the world? This book documents the comprehensive and innovative approach that utilizes the hundred languages of children to support their well-being and foster their intellectual development. Educators in Reggio Emilia, Italy, use a distinctive innovative approach that supports children's well-being and fosters their intellectual development through a systematic focus on symbolic representation. From birth through age six, young children are encouraged to explore their environment and express their understanding through many modes of expression or languages, including verbal communication, movement, drawing, painting, sculpture, shadow play, collage, and music. This organic strategy has been shown to be highly effective, as the children in Reggio Emilia display surprising examples of symbolic skill and creativity. This book describes how the world-renowned preschool services and accompanying practical strategies for children under six in Reggio Emilia have evolved in response to the community's demographic and political transformations, and to generational changes in both the educators and the parents of the children. The authors provide the reader with a comprehensive introduction to the Reggio Emilia experience, and address three of the most important central themes of the work in Reggio in detail: teaching and learning through relationships; the hundred languages of children, and how this concept has evolved; and integrating documentation into the process of observing, reflecting, and communicating.

Reframing Immigrant Resistance Teresa Cappiali,2021-12-24 The Open Access version of this book, available at <http://www.taylorfrancis.com>, has been made available under a Creative Commons Attribution-Non Commercial-No Derivatives 4.0 license. This book focuses on the political participation and grassroots mobilization of immigrants and racialized communities in the European context. Based on extensive data collected in Italy, it explores the role that alliances among pro-immigrant groups play in shaping political participation, asking why and how immigrant activists mobilize in hostile environments, why and how they create alliances with some white allies rather than others, and what might explain variations in forms of political participation and grassroots mobilization at the local level. Using social movement, critical race, and post-colonial theories, the author examines the ways in which both institutional and non-institutional actors,

including immigrant activists, become involved and compete in the local arena over immigration and integration issues, and assesses the mechanisms by which both conventional and non-conventional forms of participation are made possible, or obstructed. By placing immigrant activists at the center of the analysis, the book offers a valuable and novel insider perspective on political activism and the claims-making of marginalized groups. It also demonstrates how pro-immigrant groups can play a role in racializing immigrant activists. A study of the effects on participation in social mobilization of coalitions, conflicts, and racialization processes among pro-immigrant groups and immigrant activists, this volume will appeal to scholars of sociology, political science, and political sociology with interests in migration, ethnic and racial relations, social movements, and local governance.

Must Have. Nice to Have Filippo Bazzanella,Egon Theiner,2015-02-22 Written by major sports event organizer Filippo Bazzanella and sports communications/operations manager Egon Theiner, Must Have, Nice to Have! examines how major sports events are organized and gives an in-depth look into the synergies between sports, media, politics and business. It documents the excesses, wasted public investments, abandoned stadiums and white elephant projects that have been made in the name of sporting excellence in recent years, and that have caused increasing controversy. In addition, it discusses the often negative public attitudes toward event bidding and staging currently prevalent in many parts of the globe, and offers a practical response to the measures announced by the International Olympic Committee in its 40-step reform program Agenda 2020 at the end of 2014. Based on interviews, case studies and examples of good practice, the book provides pragmatic, constructive advice and examples of organizational systems that could be useful to future organizers adopting a structured and human-scale approach that trims budgets, refocuses events back on sports and that reflects the needs and views of all the different stakeholders involved. Including contributions by leading sports experts ranging from FISU World University Championships President Claude Louis Gallien, International Ski Federation President Gian Franco Kasper, International Skating Union President Ottavio Cinquanta, Olympic Games Executive Director Christophe Dubi, former World Ski super-star Alberto Tomba, World Federation of Sporting Goods Industry President Frank Dassler to Italian Football Federation General Director Michele Uva, this book goes beyond the present status quo, and makes proposals for future, possible solutions for dilemmas faced by event organizers, sports associations, governments and public bodies today.

**The Max Planck Handbooks in European Public Law** Armin von Bogdandy,Peter Huber,Sabrina Ragone,2023-01-16  
The Max Planck Handbooks in European Public Law describe and analyse public law of the European legal space, an area that encompasses not only the law of the European Union but also the European Convention on Human Rights and,

importantly, the domestic public laws of European states. Recognizing that the ongoing vertical and horizontal processes of European integration make legal comparison the task of our time for both scholars and practitioners, the series aims to foster the development of a specifically European legal pluralism and to contribute to the legitimacy and efficiency of European public law. The first volume of the series began this enterprise with an appraisal of the evolution of the state and its administration, offering both cross-cutting contributions and specific country reports. The third volume (the second in chronological terms) continues this approach with an in-depth appraisal of constitutional adjudication in various and diverse European countries. Fourteen country reports and two cross-cutting contributions investigate the antecedents, foundations, organization, procedure, and outlook of constitutional adjudicators throughout the Continent. They include countries with powerful constitutional courts, jurisdictions with traditional supreme courts, and states with small institutions and limited ex ante review. In keeping with the focus on a diverse but unified legal space, each report also details how its institution fits into the broader association of constitutional courts that, through dialogue and conflict, brings to fruition the European legal space. Together, the chapters of this volume provide a strong and diverse foundation for this dialogue to flourish.

**The Role of the Pedagogista in Reggio Emilia** Stefania Giamminuti, Paola Cagliari, Claudia Giudici, Paola Strozzi, 2023-11-30 The Role of the Pedagogista in Reggio Emilia offers unparalleled insight into dialectic encounters between teachers, pedagogistas, and atelieristas in the world-renowned municipal early childhood services of the city of Reggio Emilia. It sheds light on the system and culture that cares for and sustains an enduring educational experience, for the common good. Emerging from a collaborative research project with Reggio Children and the Preschools and Infant-toddler Centres - Istituzione of the Municipality of Reggio Emilia, this book features in-depth observations of pedagogistas, teachers, and atelieristas, as well as interviews with key figures in Reggio Emilia. Children's learning is thoughtfully emphasised, as the authors render the inextricable connection between theory-practice-research, framing documentation and progettazione as artful collective experimentation. The authors illuminate how Reggio Emilia's system sustains reciprocal professional formation through progettazione, contesting dominant marketplace discourses of early childhood education as a commodity and re-imagining settings driven by values of reciprocity, artistry, culture, and the common good. By troubling conventional views on education and care, professionalism of teachers, and educational leadership, this book will appeal to all those who long for something different and hope to shift the field of possibility for early childhood education culturally, socially, pedagogically, and politically. It will be a key resource for teachers, leaders, policy makers, and scholars in the whole field of education.

*Federalism and Constitutional Law* Erika Arban, Giuseppe Martinico, Francesco Palermo, 2021-05-09 This volume examines the relationship between central government and local institutions, taking Italy as a case study to present a comparative perspective on how the Italian experience has influenced the global developments of federal and regional states.

As the country with the longest standing regional system, Italy has a lot to tell countries that are dealing with similar issues in present times. Adopting a theoretical/analytical approach coupled with comparative analysis, this volume critically reflects on the changes brought to the Italian system of government by the reform of Title V of the Italian constitution, the reasons why further decentralisation has been resisted and offers a comparative overview of the place and contributions that the Italian experience has brought to the global debate on regionalism and federalism. The book is divided into two parts: Part I distils the essence of the evolution of Italian regionalism and the respective debate before and after 2001. While focusing on Italy, the various chapters situate it within the global framework of discussion. Part II reflects on how the Italian regional constitutional architecture contributes to the global debate, particularly focusing on the main innovations brought about by constitutional reform. The book will be essential reading for researchers, academics and policy-makers working in the areas of constitutional law and politics, and federalism. Chapters 5 and 8 of this book are freely available as a downloadable Open Access PDF under a Creative Commons Attribution-Non Commercial-No Derivatives 4.0 license available at <http://www.taylorfrancis.com/books/e/9781003104469>

[Italy Taxation Laws and Regulations Handbook Volume 1 Corporate Taxation: Strategic Information and Regulations](#) IBP, Inc., 2017-12 The posthumously published collection Hermit in Paris draws together an array of Italo Calvino's autobiographical writings that provide an illuminating and unexpectedly intimate portrait of one of the postwar era's most inventive and fascinating writers. In these pages, Calvino recounts his experiences in Italy's antifascist resistance, pays homage to his influences, traces the evolution of his literary style, and, in one of the book's most humorous and entertaining sections, provides a wry commentary on his travels in the United States in 1959 and 1960.

**China's Belt And Road: The Initiative And Its Financial Focus** Yu Xugang, Rizzi Cristiano, Tettamanti Mario, 2018-05-04 This book aims at illustrating the OBOR Initiative (also known as Belt and Road Initiative or BRI), its many facets, including its background, and how the Chinese government intends to develop this ambitious project. It describes in detail the role and involvement of Institutions (lenders, in particular) in the OBOR Initiative. It offers guidance on how interested parties can participate in the different projects connected to the Initiative. The views of the authors, on the main aspects of this Initiative, serve as suggestions to parties interested in taking part in this Initiative. The book provides an exceptional amount of information about how projects connected to the BRI Initiative are financed and developed. The involvement of UBS clearly shows that financial institutions are interested in financing the Initiative. There is a special focus on the relationship between China and the EU, because the scope of this Initiative is not only to boost trade relationships between the two regions but also create new opportunities for all the countries along the new Silk Road. *The intercultural city step by step - Practical guide for applying the urban model of intercultural integration* Council of Europe,2014-01-01 Most countries in Europe and indeed around the world are facing the challenges of international migration and integration of minorities. It falls primarily upon cities to design and implement policies that foster community cohesion and turn cultural diversity into a factor of development rather than a threat.This guide is designed for city leaders and practitioners wishing to learn from the Intercultural Cities pilot project run by the Council of Europe and the European Commission in developing an intercultural approach to diversity management and integration. This approach has been built on the basis of experience in dozens of real-life cities in redesigning their policies and reshaping their governance to ensure

equal opportunities and realise a diversity advantage. The guide recommends steps and measures to help develop an intercultural strategy and monitor its implementation. It illustrates the elements of such a strategy with analytical questions, suggestions and examples of practice in various European cities. It is expected that any city embarking on the Intercultural Cities agenda is a confident and competent entity that is able to creatively adapt the general concepts and actions contained in this guide to local circumstances. This guide is therefore not an instruction manual but rather an aide-memoire to support cities as they create their own trajectory.
