Entscheidung für Europa - Decidere l'Europa Volker Depkat,Piero Graglia,2010-12-23 Das Buch analysiert die Entscheidung deutscher und italienischer Spitzenpolitiker, nach 1945 auf nationale Souveränitätsrechte zu verzichten, um die Integration Europas voranzutreiben, in Abhängigkeit vom erfahrungsgesättigten Epochenbewusstsein der Zeit. Im Zentrum stehen die Um-1880-Geborenen, jene Alterskohorten, die das gesamte „Katastrophenzeitalter“ des 20. Jahrhunderts bewusst erlebten, maßgeblich durch die Faschismuserfahrung in beiden Ländern geprägt waren und nach 1945 den Prozess der europäischen Einigung vorantrieben. Vielfach mit dem Nationalstaat als scheinbar unterhintergehbaren Rahmen politischer Ordnung sozialisiert, waren sie es, die nach 1945 die europäische Integration einleiteten, die den Nationalstaat als Kategorie politischer Ordnung erodieren ließ. Der Band kombiniert biographie- und generationengeschichtliche Längsschnittanalysen mit mentalitätsgeschichtlichen Querschnitten, um das Handeln politischer Akteure aus historischem Bewusstsein in beiden Ländern zu rekonstruieren. Die aus den Erfahrungen des 20. Jahrhunderts resultierenden individuellen und kollektiven Lernprozesse werden dabei ebenso sichtbar wie kultur- und erfahrungsgeschichtliche Konvergenzen und Divergenzen im deutsch-italienischen Verhältnis.

Glossario del linguaggio dei mass media italiano - tedesco Eckhard Römer,2009 So wie jedem deutschen Zeitungsleser der Barras, die Schlapphüte, die Hardthöhe zu geläufigen Begriffen geworden sind, und Abkürzungen wie AOK, TÜV oder DGB so vertraut sind, dass eine Auflösung oder Erklärung dieser Abkürzungen nicht erforderlich ist, muss auch dem italienischen Leser nicht erläutert werden, für was Fiamme Gialle, Botteghe Oscure, Inps oder Tac stehen. Die vorliegende Ausarbeitung gibt denjenigen Hilfestellung, die bereits gute Grundkenntnisse der italienischen Sprache besitzen und diese nun um den Wortschatz erweitern wollen, wie er in den italienischen Medien verwendet wird. Dem Leser bietet sich eine wahre Fundgrube, die in dieser Zusammenstellung bislang nicht vorhanden ist. Mit seinem Anliegen richtet sich das Werk sowohl an den wissenschaftlich vorgeprägten Leser als auch an den interessierten Laien. Thematisch wird dabei, in Anlehnung an den Aufbau einer italienischen Tageszeitung, ein weiter Bogen geschlagen von Politik über Wirtschaft, Justiz, Arbeit und Soziales bis hin zu Kultur, Umwelt, Verkehr oder Sport.

Europe and the Left James L. Newell, 2020-10-12 This edited volume revolves around two sets of questions. First, what do the 2019 European elections suggest about the extent to which the mainstream parties of the left are attempting to deal with their decline through an increased, common, emphasis on their project for a more integrated, 'social Europe' as opposed to an emphasis on the more 'traditional', domestically-focussed, issues? Given the heightened profile of Europe in domestic politics; given the polarisation around Europe; given the way in which (especially in the countries of the Eurozone) media discussion of the domestic implications of EU decision-making can influence the climate of opinion regardless of the actions of domestic party actors themselves, we would expect the social democrats among them to seek to reassert control over the conditions of opinion formation through a renewed emphasis on integration (as well as its benefits and its potential as a source of identities to rival national, exclusionary identities) in opposition to their populist and Eurosceptical adversaries. To what extent do the campaigns waged by these parties bear out this expectation? Second, how well are the parties coping with the internal and external, institutional and political obstacles in the way of pursuit of this agenda?

The European Union after Lisbon Hermann-Josef Blanke, Stelio Mangiameli, 2011-10-12 The book contains 24 contributions from European law scholars and practitioners analysing the constitutional basis of the European Union and the normative orientation of the Common Foreign and Security Policy (CFSP) as well as the central economic and monetary provisions (TFEU) after the Reform Treaty of Lisbon. Presenting the findings of a European research team, which is composed of authors from eight Member States, the publication underlines the aspiration of the editors to thoroughly analyse the constitutional law of the European Union currently in force.

A New Narrative for a New Europe Daniel Innerarity, Jonathan White, Cristina Astier, Ander Errasti, 2018-10-31 The book aims at contributing to that debate by offering a new conceptual approach to the core ideas of European integration process (sovereignty, diversity, common challenges, etc).

The Role of Europe in the World Roberto Palea, 2007

I Giovani non europei ed il processo d'integrazione Luigi Tomasi, 1992

The Christian Democrat International Roberto Papini, 1997 This text examines the history, organisation and continuing worldwide influence of the International Christian Democratic movement, which currently has nearly 70 parties on five continents. It demonstrates how a religious political movement has acquired such wide political influence.

The Consequences of the Crisis on European Integration and on the Member States Stelio Mangiameli, 2017-02-23 The book examines the economic crisis in the European Union and its consequences for European integration and the member states. Discussing the provisions introduced by the Treaty of Lisbon, from the effects of macroeconomic monitoring to the restraints produced by the Fiscal Compact, it offers an analysis of the European Union's current situation and the effects of the measures adopted to manage the crisis, also making reference to how Europe is

perceived by its citizens. Moreover, the chapters offer thoughts on the European integration process, in particular the effects that the policies adopted to tackle the crisis have had on the economic and financial sovereignty of the member states. This detailed examination of the situation of the EU between the Treaty of Lisbon and the Fiscal Compact is characterized by an original multidisciplinary approach that offers an articulate reflection on the criticalities that affect the actions of both European and national institutions.

Der identitäre Rausch Alexander Fontó,Kathrin Glösel,Johannes Kramer,Hanna Lichtenberger,Guido Margheri,Lukas Tröger,Max Volgger,Bernhard Weidinger,2019-05-29 Grenzregionen sind ein fruchtbare Gebiet für Rechtsextremismus, wo nationale Auseinandersetzungen zuerst geschürt und dann politisch ausgeschlachtet werden. Südtirol ist hierfür ein Paradebeispiel. Noch marschieren der deutsche und der italienische Rechtsextremismus getrennt, weil diesen der jeweils eigene Nationalismus entgegensteht. Gemeinsam ist beiden Bewegungen, dass sie erstarken: Mit CasaPound ist der Faschismus des Dritten Jahrtausends bereits in den Bozner Gemeinderat gezogen. Auf deutscher Seite spielen Neonazis und rechtsgerichtete Organisationen mit der Südtiroler Urangst des Identitätsverlustes. Außerdem sind Südtirols Rechtsextreme nicht allein, erhalten sie doch aus Deutschland, Österreich und aus Italien ständig ideologischen Nachschub. Le regioni di confine, dove i conflitti nazionali vengono prima scatenati e poi sfruttati politicamente, sono un'area fertile per l'estremismo di destra. L'Alto Adige ne è un esempio paradigmatico. L'estremismo tedesco e quello italiano di destra marciano ancora separatamente, perché contrapposti dal proprio nazionalismo. Ma entrambi si rafforzano. Con CasaPound il fascismo del terzo millennio si è già insediato nel Comune di Bolzano. Sul versante tedesco, organizzazioni neonaziste e di destra giocano con la paura primigenia dei sudtirolese di perdere l'identità. In Alto Adige gli estremisti di destra non sono soli, ricevono costanti rifornimenti ideologici dalla Germania, dall'Austria e dall'Italia.

Festschrift für Karl Beusch zum 68. Geburtstag am 31. Oktober 1993 Karl Beusch,1993

Europeanisation and Renationalisation Anne Jenichen,Ulrike Liebert,2019-07-15 The book explores how the European Union and its members have been renegotiating Europeanisation and renationalization in response to the multiple crises they faced over recent years. The authors highlight varying understandings of 'crises' in different national and supranational policy and institutional contexts. They show how in some cases these have challenged the legitimacy of European Union norms and institutions and even triggered disintegration, while in others these crises have served as sources of inspiration for European social innovation and political development.

Integrated Crop Protection P. Graffin,2020-09-24 This book discusses the constraints on biological control ranging from the difficulty of convincing growers that they should infest their crops artificially to the effect of cultural techniques.

Citizenship and Identity in Europe Leslie Holmes,Philomena Murray,2018-12-17 Published in 1999. Issues of citizenship and identity have rapidly moved up the European and social science agendas in recent years. This book explores

the reason for this. It focuses on the dilemmas of citizenship and identity in the uncertain and unpredictable atmosphere of fin de siècle Europe. In the course of eight essays, it explores the general theoretical issues of citizenship and identity – and the relationship between these – in contemporary Europe; the various aspects of European Union citizenship (two chapters); democracy and multiculturalism in Western Europe; pluralism and citizenship, with particular reference to gender in West European politics; the various implications for gender politics of divorce in Western Europe; exclusion and inclusion in central and Eastern Europe; and the extent to which the idea of a Yugoslav national identity has been a failure. Citizenship and Identity in Europe will appeal both to informed generalists and to students and scholars of Europe who seek analyses of these issues in Eastern, central and Western Europe from a wide range of perspectives. At a time when the future of Europe is looking more uncertain than it has for decades, this book is both timely and thought-provoking.

Discourses and Counter-discourses on Europe Manuela Ceretta, Barbara Curi, 2017-01-12 The European Union plays an increasingly central role in global relations from migration to trade to institutional financial solvency. The formation and continuation of these relations – their narratives and discourses – are rooted in social, political, and economic historical relations emerging at the founding of European states and then substantially augmented in the Post-WWII era. Any rethinking of our European narratives requires a contextualized analysis of the formation of hegemonic discourses. The book contributes to the ongoing process of rethinking the European project, identity, and institutions, brought about by the end of the Cold war and the current economic and political crisis. Starting from the principle that the present European crisis goes hand in hand with the crisis of its hegemonic discourse, the aim of the volume is to rescue the complexity, the richness, the ambiguity of the discourses on Europe as opposed to the present simplification. The multidisciplinary approach and the long-term perspective permits illuminating scope over multiple discourses, historical periods, and different languages, including that of the European institutions. This text will be of key interest to scholars and students of European Union politics, European integration, European History, and more broadly international relations.

Mapping European Corporations Andrea Colli, Abe De Jong, Martin Jes Iversen, 2013-09-13 This book addresses the evolution of the strategies, structures, ownership patterns and performances of large European corporations since the early 1960s. The authors study large and small countries, in order to understand how the process of economic integration has affected the patterns of growth and the structural characteristics of the largest firms. Drawing both on extensive databases and on case studies, the contributions in this volume address the peculiar specificities of large firms in different national contexts, adopting a longitudinal, long term perspective. This volume delivers the first results of an international, collective research effort undertaken by several national teams. The 'Mapping Corporate Europe' project aims to provide a detailed account of the structural traits of the European Corporation in a framework which includes (i) a chronological analysis over 50 years, starting with the Rome treaty in 1957; (ii) geographical extension beyond previous analyses for France, Germany

and the UK, by including smaller countries; (iii) firms from other industries in addition to manufacturing companies; and (iv) attention to internationalisation of European firms. These analyses form the basis of a rich description of the developments of large European corporations over the past five decades, using both qualitative and quantitative approaches. This book was originally published as a special issue of Business History.

Treaty on the Functioning of the European Union - A Commentary Hermann-Josef Blanke, Stelio Mangiameli, 2021-05-31

The Commentary on the Treaty on the Functioning of the European Union (four volumes) is a major European project that aims to contribute to the development of ever closer conceptual and dogmatic standpoints with regard to the creation of "Europeanised research on Union law". Following on from the Commentary on the Treaty of the European Union, this book presents detailed explanations, article by article, of all the provisions of the TFEU, discussing the application of Union law in the national legal orders and its interpretation by the Court of Justice of the EU. The authors are academics and practitioners from twenty-eight European states and different legal fields, some from a constitutional law background, others experts in the field of international law and EU law. Reflecting the various approaches to European legal culture, this book promotes a system concept of European Union law toward more unity notwithstanding its rich diversity grounded in national traditions.
