*The Migration of Power and North-South Inequalities* E. Paoletti, 2010-11-17 This book examines negotiations on migration in the Mediterranean. It argues that migration is a bargaining chip which countries in the South use to increase their leverage versus their counterparts in the North. This proposition opens up new understandings reframing relations of inequalities among states.

*Immigrazione* Luigi Di Liegro, 1997

Migration und kommunale Integrationspolitik, 2013-07-02 Giovanni Lamura untersucht die Zusammenhänge zwischen den Lebensläufen in Deutschland und Italien lebender ausländischer Migranten und den auf lokaler Ebene in beiden Ländern getroffenen ausländerpolitischen Maßnahmen.

**Trade Unions and Migrant Workers** Stefania Marino, Judith Roosblad, Rinus Penninx, 2017-12-29 This timely book analyses the relationship between trade unions, immigration and migrant workers across eleven European countries in the period between the 1990s and 2015. It constitutes an extensive update of a previous comparative analysis – published by Rinus Penninx and Judith Roosblad in 2000 – that has become an important reference in the field. The book offers an overview of how trade unions manage issues of inclusion and solidarity in the current economic and political context, characterized by increasing challenges for labour organizations and rising hostility towards migrants.

**Resisting the Tide** Daniele Albertazzi, Clodagh Brook, Charlotte Ross, Nina Rothenberg, 2011-12-22 Edited by members of the Department of Italian Studies at the University of Birmingham, and bringing together academics in Britain, Ireland, the US and Italy, this volume takes an international perspective on Italian events. It investigates how resistance to the new conservative culture has been articulated, and how this has been expressed and explained by those involved. The volume is divided into four areas: 1. The Economic and Media Landscapes, which sets the scene for the rest of the book by explaining how Italian society, and particularly its media environment, have developed in recent years; 2. Political Challenges, which discusses the main threats to the authority and policies of Berlusconi coming from within his own centre-right coalition, the left and social movements; 3. Texts, which analyses films, internet sites, television programmes, novels, newspaper articles and theatre performances that sought to resist increasingly dominant conservative norms and/or respond to events set in motion by the Berlusconi governments; 4. Experiences, covering the voices and practices of those who have opposed

Berlusconi from within the cultural industries and identity movements, such as journalists, LGBT activists, feminists and associations representing immigrant communities. Wide-ranging, innovative and challenging, this volume should appeal to all those who have an interest in Italy, political-, media- and cultural studies.

*Darkness Before Daybreak* Hans Lucht, 2012 “Lucht’s engaging prose style and keen ethnographic eye provide for a captivating narrative on a form of population movement often in the news but rarely if ever really understood.” --Jeffrey E. Cole, author with Sally Booth of *Dirty Work: Immigrants in Domestic Service, Agriculture, and Prostitution in Sicily*. “Few ethnographers manage to integrate in-depth multi-sited fieldwork, enthralling narrative and innovative theory as well as Hans Lucht does in this study of existential reciprocity among Ghanaian fishermen forced by dwindling catches to embark on hazardous migrations to Europe in search of the wherewithall of life. In Lucht's capable hands, these stories become an allegory of our times.” --Michael Jackson, author of *Life Within Limits: Well-Being in a World of Want*. An original, comprehensive, and skilled study, *Darkness before Daybreak* provides the reader with a real sense of the quality and meaning of existence in Ghana and in Naples, while providing enough historical and political/economic context to permit a nuanced critical analysis of globalization theory. --Peter Schneider, Professor Emeritus of Sociology and Anthropology, Fordham University, and author with Jane Schneider of *Reversible Destiny: Mafia, Antimafia, and the Struggle for Palermo*.

Die Autorinnen und Autoren dieses Buches umreißen die Komplexität und Breite des Forschungsfeldes: von Sprachkursen für Asylsuchende zur Integration in den Arbeitsmarkt über die sprachliche Vielfalt in der Schulsozialarbeit und Kompetenzprofile für Laiendolmetscher in Fachkontexten bis zu sprachlichen Praktiken in der höchst internationalisierten Fußballwelt und den Voraussetzungen erfolgreicher Kommunikation im mehrsprachigen Umfeld der EU-Institutionen. Die Beiträge bieten Einblicke in bestehende Praktiken, identifizieren Herausforderungen und präsentieren mögliche Lösungsansätze.

**Borders, Migration and Globalization** Anna Rita Calabrò, 2021-12-10 The emergence of new and substantial human migration flows is one of the most important consequences of globalisation. While ascribable to widely differing social and economic causes, from the forced migration of refugees to upper-middle-class migration projects and the movement of highly skilled workers, what they have in common is the effect of contributing to a substantial global redefinition in terms of both identity and politics. This book contains contributions from scholars in the fields of law, social sciences, the sciences, and the liberal arts, brought together to delineate the features of the migration phenomena that will accompany us over the coming decades. The focus is on the multifaceted concept of 'border' as representing a useful stratagem for dealing with a topic like migration that requires analysis from several perspectives. The authors discuss the various factors and issues which must be understood in all their complexity so that they can be governed by all social stakeholders, free of manipulation and false consciousness. They bring an interdisciplinary and comparative perspective to the social phenomena such as human trafficking, unaccompanied foreign minors, or ethnic-based niches in the job market. The book will be a valuable guide for academics, students and policy-makers.

Out of Albania Russell King, Nicola Mai, 2008 Analysing the post-1990 Albanian migration to Italy, this text is a study of one of Europe's newest, most dramatic yet least understood migrations. It explores the dynamics of this migration and takes a look at migrants' employment, housing and social exclusion in the country, as well as the process of return migration to Albania.

**European Immigration** Anna Triandafyllidou, 2017-11-30 Who are Europe's immigrants? This innovative volume provides a comprehensive overview of the immigration situation in all 25 EU countries. Each chapter is written by an expert and follows a common structure, allowing direct comparisons to be made between countries. Chapters provide a clear focus in terms of the methods used, data collected, literature reviewed and research questions addressed, and draw on hard-to-obtain material, including sources not previously published in English. Each chapter concludes with a critical assessment of

the present migration situation of the country in question and its future prospects. Substantive introductory and concluding chapters offer a general overview of immigration in Europe, which complements and contextualizes the analytical and comparative insights of the individual countries. The first reference volume to provide comprehensive coverage of the EU, European Immigration will be essential for library collections and for scholars and policy-makers in the field.

**Sicily and the Mediterranean** Claudia Karagoz, Giovanna Summerfield, 2015-08-12 The island of Sicily has for centuries been a meeting point where civilizations transformed one another and gave life to the cultural developments at the foundation of European modernity. The essays collected here explore Sicily as a place where these cultural interactions have produced conflict but also new material and intellectual exchange.

**A History of Contemporary Italy** Paul Ginsborg, 2003 From a war-torn and poverty-stricken country, regional and predominantly agrarian, to the success story of recent years, Italy has witnessed the most profound transformation--economic, social and demographic--in its entire history. Yet the other recurrent theme of the period has been the overwhelming need for political reform--and the repeated failure to achieve it. Professor Ginsborg's authoritative work--the first to combine social and political perspectives--is concerned with both the tremendous achievements of contemporary Italy and the continuities of its history that have not been easily set aside.

**The Re-invention of the European Radical Right** Andrej Zaslove, 2011-08-04 Combining an in-depth case study of the Italian Northern League with a comparative focus on other parties, Andrej Zaslove employs a socio-economic, institutional, and ideological analysis to argue that the new wave of right-wing parties in Western Europe converged into a radical right populist party family in the 1990s. He examines the transformation of the Northern League from its regionalist roots while focusing on the party's nationalism, authoritarianism, support for a market economy, opposition to globalization, and scepticism regarding Italian integration into the European Union. He also scrutinizes the Northern League's participation in political power between 2001 and 2006 and its influence on federalism, immigration, economic policy, and European integration. A thorough and thought-provoking work, *The Re-invention of the European Radical Right* offers remarkable insight into the ongoing effects of radical right populism on politics and public policy in Europe.

*Challenging Global Capitalism* N. Pizzolato, 2013-05-14 In the 1950s, 1960s, and 1970s, Detroit and Turin were both sites of significant political and social upheaval. This comparative and transnational study examines the political and theoretical developments that emerged in these two motor cities among activist workers and political militants during these decades.

**The EU Migration System of Governance** Michela Ceccorulli, Enrico Fassi, Sonia Lucarelli, 2020-10-01 This book explores the norms, practices, and main actors in the EU Migration System of Governance (EUMSG). Bringing a fresh perspective to the analysis of asylum and migration in Europe, the volume unpacks the European Union's approach to migration and points to the principles and actions of EU member states. Moreover, it explores the EUMSG's performance through the lenses of

three alternative yet coexistent understandings of justice (non-domination, impartiality, and mutual recognition), thereby overcoming a unilateral ethical viewpoint and moving away from the 'open-closed borders' debate.

*Politika 12* Günther Pallaver (Herausgeber), Hermann Atz, Roland Benedikter, Thomas Benedikter, Giuseppe De Cesare, Gabriele Di Luca, Joachim Gatterer, Kris Krois, Martin Larch, Roberta Medda-Windischer, Peter Hilpold, Günther Lengauer, Francesco Palermo, Christoph Perathoner, Nadja Thoma, Andreas Trenker, Alessandro Zendron, 2014-03-15 Nach langem, zähen Verhandeln, zweimaliger Befassung der UNO-Generalversammlung mit der Südtirolfrage und Verabschiedung eines Paketes an Maßnahmen wurde 1972 das zweite Autonomiestatut für Südtirol beschlossen. Darin überträgt der italienische Staat der Provinzverwaltung weitreichende gesetzgeberische Kompetenzen. Zwanzig Jahre später wurde die letzte der Paket-Maßnahmen umgesetzt, womit 1992 der Südtirolkonflikt mit der Streitbeilegungserklärung Österreichs und Italiens vor der UNO offiziell für beendet erklärt werden konnte. Wie hat sich seitdem die Südtirolautonomie weiterentwickelt? Analysiert werden unter diesem Blickwinkel Politik, ethnischer Proporz, Wirtschafts- und Arbeitsmarktpolitik und viele weitere Fragen. Fixer Bestandteil ist wiederum der Rückblick auf die Ereignisse des Vorjahres nach Datum geordnet sowie in einem Essay zusammengefasst und auf den Punkt gebracht.

**L'immigrazione straniera in Italia** Corrado Bonifazi, 1998

**Mediated discourse at the European Parliament: Empirical investigations** Marta Kajzer-Wietrzny, Adriano Ferraresi, Ilmari Ivaska, Silvia Bernardini, 2022-08-29 The purpose of this book is to showcase a diverse set of directions in empirical research on mediated discourse, reflecting on the state-of-the-art and the increasing intersection between Corpus-based Interpreting Studies (CBIS) and Corpus-based Translation Studies (CBTS). Undeniably, data from the European Parliament (EP) offer a great opportunity for such research. Not only does the institution provide a sizeable sample of oral debates held at the EP together with their simultaneous interpretations into all languages of the European Union. It also makes available written verbatim reports of the original speeches, which used to be translated. From a methodological perspective, EP materials thus guarantee a great degree of homogeneity, which is particularly valuable in corpus studies, where data comparability is frequently a challenge. In this volume, progress is visible in both CBIS and CBTS. In interpreting, it manifests itself notably in the availability of comprehensive transcription, annotation and alignment systems. In translation, datasets are becoming substantially richer in metadata, which allow for increasingly refined multi-factorial analysis. At the crossroads between the two fields, intermodal investigations bring to the fore what these mediation modes have in common and how they differ. The volume is thus aimed in particular at Interpreting and Translation scholars looking for new descriptive insights and methodological approaches in the investigation of mediated discourse, but it may be also of interest for (corpus) linguists analysing parliamentary discourse in general.

**Citizenship, Migration and Social Rights** Beate Althammer, 2023-08-25 The tensions between European conceptions

of the welfare state and transnational migration have caused heated political, public, and academic debates over the last decades. Historiography, however, has not yet explored in depth how European societies struggled with this dilemma-filled relationship in the formative phases of modern welfare states from the late nineteenth century to the post-war era. The present volume contributes to filling this gap and thus to putting a highly topical issue into historical perspective. The focus is on Europe, but with a wide geographic scope that reaches also across the Atlantic. Following an introductory chapter, eleven case studies deal with four themes. The first part explores the agency of migrants in local-level administrative and judicial procedures that controlled practical access to formal rights. The second section investigates special regulations developed for seasonal labour migrants employed mainly in agriculture. The third part looks at the role of urban social policies in attracting, integrating, but also excluding both domestic and foreign migrants. The final section addresses the gradual globalisation of migrants' social rights through international conventions. The book will be of interest not only to historians of welfare, migration, and citizenship, but also to social scientists as well as to graduate students in these fields.
