

Isabella De Monte

Rosina Ehmann

Isabella de' Medici Caroline P. Murphy, 2011-02-03 Isabella de' Medici was the hostess of a glittering circle in Renaissance Florence. Beautiful and liberated, she not only matched the intellectual accomplishments of her male contemporaries, but sought sexual parity also, engaging in an adulterous affair with her husband's cousin. It was this affair - and her very success as First Lady of Florence - that led to her death at the hands of her husband at the age of just thirty-four. She left behind a remarkable story, and as her legacy a son who became the best of the Orsini Dukes, immortalised by Shakespeare as Duke Orsino in Twelfth Night. Caroline P. Murphy illuminates this often misunderstood figure, and in the process brings to life the home of creativity, the city of Florence itself.

Die Zauberin von Toledo Rena Monte, 2016-08-29 Liebe kennt keine Grenzen: „Die Zauberin von Toledo“ von Rena Monte jetzt als eBook bei dotbooks. Toledo erblüht im 11. Jahrhundert unter der arabischen Herrschaft: Muslime, Christen und Juden leben friedlich zusammen. Die Familie der schönen Christin Isabella de León genießt am Hofe des Herrschers hohes Ansehen. Isabella schätzt die arabische Kultur über alle Maßen - und die Zauberei. Bei ihren heimlichen Besuchen in der Moschee verliebt sie sich unsterblich in den ebenfalls der Zauberei ergebenen Arzt Ramón de Fuentes. Doch ihre Eltern haben sie bereits dem päpstlichen Legaten Theobaldo versprochen. Als das christliche Heer vor den Toren Toledos steht und die Stadt zurückerobert will, entführt Theobaldo Isabella in ein entferntes Kloster. Wird ihre Zauberkraft ihr helfen, sich zu befreien und wieder zu Ramón zu finden? Jetzt als eBook kaufen und genießen: „Die Zauberin von Toledo“ von Rena Monte. Wer liest, hat mehr vom Leben: dotbooks - der eBook-Verlag.

Genealogisches Taschenbuch der gräflichen Häuser, 1850

Genealogisches Taschenbuch der deutschen gräflichen Häuser auf das Jahr ,

Portraiture, Gender, and Power in Sixteenth-Century Art Noelia García Pérez, 2024-03-05 This exciting and wide-ranging volume examines the construction and dissemination of the image of female power during the Renaissance. Chapters examine the creation, promotion, and display of the image of women in power, and how the artistic and cultural patronage they developed helped them craft a self-image that greatly contributed to strengthening their power, consolidating their political legitimacy, and promoting their authority. Contributors cover diverse models of sixteenth-century female power: from ruling queens, regents, and governors, to consorts of sovereigns and noblewomen outside the court. The women

selected were key political figures and patrons of art in England, France, Castile, the Low Countries, the Holy Roman Empire, and Italian city states. The volume engages with crucial and controversial debates regarding the nature and use of portraiture as well as the changing patterns of how portraits were displayed, building a picture of the principal iconographic solutions and representational strategies that artists used. The book will be of interest to scholars working in art history, gender studies, women's studies, and Renaissance studies.

Monasticon Anglicanum : A History Of The Abbies And Other Monasteries, Hospitals, Frieries, And Cathedral And Collegiate Churches, With Their Dependencies, In England and Wales ,1846

Monte Cassino in the Middle Ages Herbert Bloch,1986 The monastery of Monte Cassino, founded by St. Benedict in the sixth century, was the cradle of Western monasticism. It became one of the vital centers of culture and learning in Europe. At the height of its influence, in the eleventh and early twelfth centuries, two of its abbots (including Desiderius) and one of its monks became popes, and it controlled a vast network of dependencies--churches, monasteries, villages, and farms--especially in central and southern Italy. Herbert Bloch's study, the product of forty years of research, takes as its starting point the twelfth-century bronze doors of the basilica of the abbey, the most significant relic of the medieval structure. The panels of these doors are inscribed with a list of more than 180 of the abbey's possessions. Mr. Bloch has supplemented this roster with lists found in papal and imperial privileges and other documents. The heart of the book is a detailed investigation of the nearly 700 dependencies of Monte Cassino from the sixth to the twelfth century and beyond. No comparable study of this or any other great medieval institution has ever before been undertaken. Ironically, it was the bombing of 1944, which destroyed the monastery, that led to an unexpected revelation: the discovery, on the reverse side of some panels of the doors, of magnificent engraved figures of patriarchs and apostles. These proved to be remnants of the church portal ordered from Constantinople by Desiderius in the eleventh century, which marked the beginning of the grandiose reconstruction of the abbey and its church, the latter to become a model for many other churches. In order to solve the riddle of the doors of Monte Cassino, Bloch has investigated other bronze doors of Byzantine origin in Italy and the doors of the great Italian master Oderisius of Benevento, as well as those of S. Clemente a Casauria and of the cathedral of Benevento. Also included is

a study of the political and cultural impact of Byzantium on Monte Cassino and a chapter on Constantinus Africanus, Saracen turned monk, one of the most interesting figures in the history of medieval medicine. The text is sumptuously illustrated with 193 plates; most of the more than 300 illustrations have never before been published. This three-volume work, with its nine detailed indexes, offers a wealth of information for scholars in many different fields.

Nobles and the Noble Life, 1295-1500 Joel T. Rosenthal, 2021-08-29 First published in 1976, *Nobles and the Noble Life, 1295-1500* offers a rounded picture of aristocratic life in England from the time Edward I began to call his great councillors together in 'House of Lords' through to the end of the Middle Ages. Professor Rosenthal's treatment of the aristocracy takes full note of political and economic as well as personal aspects of nobility including the importance of status and the quest for security. He argues that in order to understand the nobility fully the student should consider it in the context of more modern views of elite groups and class structures. This book will be of interest to students of history primarily but also achieve a wider readership among academics more concerned with historical or political sociology than with medieval studies in their strictest sense.
