## Freya Aquarone

**How to Win a Local Election** Lawrence Grey, 1999 This is the most practical, most detailed handbook ever published on the techniques and approaches you need to run a successful campaign for any local office. More of a must-do book than a how-to book, *How to Win a Local Election* guides readers through the campaign process detailing what they need to accomplish along the way in order to be victorious.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. *How to Plan Local Elections*, 19??

*High-tech Grass Roots* J. Cherie Strachan, 2003 Election campaigns in small and mid-sized electoral districts have been run from the grass roots from the beginning of the republic. Yard signs, door-to-door canvassing, and soap-box oratory have characterized state and local elections for years, and many predict their persistence into the 21st century. This book looks at new trends in small-town politics, tracking the infiltration of sophisticated communications technology, the use of political consultants, and the increase in fundraising and campaign expenditures. Original surveys, interviews, and in-depth case studies lead the author to conclude that the new tactics are with us to stay, but that their potentially negative effects--rising campaign budgets and diminished citizen participation--may be mitigated by creative approaches to reform. **Campaigning to Win!** Jim Day, Tom Ford, 2003

*Getting Elected* Thomas F. Renk, 2006 *Getting Elected* will show you how to win a local election. A political campaign is complex and difficult to navigate if you don't know what you are doing. This book is based on 25 years of local campaign experience and will show you how to win in your first election.

**Let's Vote Again!**, 1995

*Local Elections and the Politics of Small-scale Democracy* J. Eric Oliver, Shang E. Ha, Zachary Callen, 2012 Drawing on a wide variety of data sources and case studies, this work offers a comprehensive analysis of electoral politics in America's municipalities.

**Comparative Analysis on Local Elections** Abbey Weinstein, 1995

*Parliamentary and Municipal Elections in Montenegro* United States. Congress. Commission on Security and Cooperation

in Europe,1998

*Local Elections* Oregon. Elections Division,1980

*Local Government Election Practices* Roger L. Kemp,2006-07-19 The book provides an introduction to local election practices, a review of traditional election methods, and a discussion of future issues, potential solutions, and their implications. Complete details are given for such practices as the ward system, at-large plurality system, combined system, limited voting, cumulative voting, proportional representation, and alternative voting, and their myriad variations. Two appendices detail the National Civic League's suggested election guidelines.

Winning Local Elections Daniel O. Theno,2018-11-15 Running for public office at the local and state level requires a commitment to grassroots campaigning and team building that is essential for success. Veteran campaign manager Dan Theno lays out an easy-to-follow guide for organizing and executing a successful campaign regardless of your level of political experience. *Winning Local Elections* provides the tools and guidance you need to: a) Create an effective campaign structure, b) Meet legal requirements, c) Run effective advertising, d) Raise funds, e) Market campaign ideas, and f) Engage voters. Dan Theno is a veteran campaign consultant who has advised and managed dozens of successful campaigns for local and state candidates throughout the Midwest. Theno was the second-youngest person ever elected to the Wisconsin State Senate at the age of 25, earning re-election three times by wide margins in a district that heavily favored the opposing political party. He also twice won election as mayor of his hometown.

**Fourth to First** Freya Aquarone,2017-09-08 This is a positive, optimistic description of a highly successful local election campaign in Norfolk, hopeful that such things are possible and can result in victory. *Fourth to First* is a first-hand account of the campaign that elected first-time candidate Steffan Aquarone to Norfolk County Council in a division where the party came fourth in the previous election. It tells the whole story from start to finish from the perspective of the candidate and his sister Freya, who managed the campaign. In doing so it showcases tried-and-tested Liberal Democrat campaign techniques in context as well as introducing several new, sometimes hare-brained ideas that helped achieve a majority of more than 400. Seasoned campaigners will enjoy scenes they've seen for decades told through new eyes, whilst first-time candidates can draw comfort from the fact that with the right plan, and the right team, it is possible to win an election on the first attempt. If the last few years have taught us anything, it's that the party mantra 'where we work we win' is both patronising and untrue. How we work is what wins elections, and is the biggest question facing the party in a decade. Steff and Freya's authentic, personal account goes a long way towards tackling that question from the ground. **Urban Elections in Democratic Latin America** Henry A. Dietz,Gil Shidlo,1998 Urban Elections in Democratic Latin America explores the electoral politics of several of the major urban centers and capital cities of democratic Latin America. The primacy of urban centers throughout Latin America magnifies the importance of this study. Latin America is over two-thirds urban, and two of the world's three largest cities are now Latin America: the metropolitan areas of Mexico City and Sao Paulo.
