Reforming Democracy Camille Bedock,2017-05-12 When, why, and how are democratic institutions reformed? This is the broad question guiding this research, rooted in a context of crises of representative democracy. Core democratic rules can be understood as the formal political rules regulating the direct relationship between elites within the political system, parties, and citizens. They are therefore the cornerstone of the functioning of any political system. This book deals with the context, the motives, and the mechanisms explaining the incidence of institutional engineering in consolidated European democracies between 1990 and 2015. It is centred on the choice of political elites to use - or not to use - institutional engineering as a response to the challenges they face. This study provides both a better empirical understanding of the world of democratic reforms in consolidated democracies, thanks to a new data-set covering six dimensions of reform in 18 European countries. Secondly, the book provides evidence about the link between the lack of political support and democratic reforms, and the role of electoral shifts in fostering reforms. Thirdly, this research shows that the final outcome of a given reform depends on the type of reform at stake and on the process used during the phase of discussion of the reform, though case studies in Ireland, France and Italy. Ultimately, the book demonstrates that contrary to what has been commonly assumed, reforms of the core democratic rules are frequent and constitute in most cases an answer of challenged political elites to the erosion of political support and electoral change. Comparative Politics is a series for researchers, teachers, and students of political science that deals with contemporary government and politics. Global in scope, books in the series are characterised by a stress on comparative analysis and strong methodological rigour. The series is published in association with the European Consortium for Political Research. For more information visit: www.ecprnet.eu. The series is edited by Emilie van Haute, Professor of Political Science, Université libre de Bruxelles; Ferdinand Müller-Rommel, Director of the Center for the Study of Democracy, Leuphana University; and Susan Scarrow, Chair of the Department of Political Science, University of Houston.

Brothers of Italy and the Rise of the Italian National Conservative Right under Giorgia Meloni Salvatore Vassallo,

The Oxford Handbook of Italian Politics Erik Jones,Gianfranco Pasquino,2015 The Oxford Handbook of Italian Politics provides a comprehensive look at the political life of one of Europe's most exciting and turbulent democracies. Under the

hegemonic influence of Christian Democracy in the early post-World War II decades, Italy went through a period of rapid growth and political transformation. In part this resulted in tumult and a crisis of governability; however, it also gave rise to innovation in the form of Eurocommunism and new forms of political accommodation. The great strength of Italy lay in its constitution; its great weakness lay in certain legacies of the past. Organized crime--popularly but not exclusively associated with the mafia--is one example. A self-contained and well entrenched 'caste' of political and economic elites is another. These weaknesses became apparent in the breakdown of political order in the late 1980s and early 1990s. This ushered in a combination of populist political mobilization and experimentation with electoral systems design, and the result has been more evolutionary than transformative. Italian politics today is different from what it was during the immediate post-World War II period, but it still shows many of the influences of the past.

Constructing the Narratives of Identity and Power Karina V. Korostelina, 2013-12-16 Twenty years ago Ukraine gained its independence and started on a path towards a free market economy and democratic governance. After four successive presidents and the Orange Revolution, the question of exactly which national model Ukraine should embrace remains an open question. Constructing the Narratives of Identity and Power provides a comprehensive outlook on Ukraine as it is presented through the views of intellectual and political elites. Based on extensive field work in Ukraine, Karina V. Korostelina describes the complex process of nation building. Despite the prevailing belief in a divide between two parts of Ukraine and an overwhelming variety of incompatible visions, Korostelina reveals seven prevailing conceptual models of Ukraine and five dominant narratives of national identity. Constructing the Narratives of Identity and Power analyzes the practice of national self-imagination. Karina V. Korostelina puts forward a structural-functional model of national narratives that describes three major components, dualistic order, mythic narratives, and normative order, and two main functions of national narratives, the development of the meaning of national identity and the legitimization of power. Korostelina describes the differences and conflicting elements of the national narratives that constitute the contested arena of nation-building in Ukraine.

Quo Vadis? Carlo Guarnieri, James L. Newell, 2005 2004 was a year that threw into sharp relief the principal features of the present political conjuncture, that is, one in which the Italian political transition shows few signs of coming to a conclusion. 2004 was, therefore, a year of limited change, one in which reforms were announced but not fully achieved and where the few that were achieved were noteworthy for the compromises that were necessary in order to make them possible at all. It was, too, a year in which there emerged a stalemate between the center-right and center-left coalitions which, pending the regional elections of 2005 and the general election of 2006, took almost equal shares of the vote at the elections for the European Parliament. This volume examines these elections, paying special attention to Forza Italia, the prime minister's party, and the workings of the governing alliance and gives a well-rounded overview over the year's most

important developments regarding the government's approach to the European constitution, the new judicial system, and the pensions legislation - the only major reform actually completed during 2004.

Anti-Gender Mobilizations, Religion and Politics Massimo Prearo,2024-03-12 This book presents an innovative exploration of the rise of political forces that have coalesced around the anti-gender movement, shaping strategies that advocate novel intersections of religion, politicization of gender and sexuality, and radical and populist rejuvenation of conservative ideologies. Through an extensive examination of activist discourses and mobilizations, the author offers a comprehensive political analysis of anti-gender mobilization, encompassing a multidimensional examination of religious, activist, and political opportunity structures. This study unveils three distinct facets characterizing these emerging (Catholic) movements: their relative autonomy from the Church (extra-ecclesiastical), their divergence from conventional religious frameworks (extra-Catholic), and their party-political alignment within the far-right area. The author proposes a new perspective on this burgeoning Catholic cause, contextualizing it within the transnational dynamics underscored by the existing literature. Particularly noteworthy is the scrutiny of internal reshaping within the Italian political Catholicism realm between the 1990s and the 2000s set against the backdrop of the dissolution of the Christian Democratic Party. Through the lens of the Italian landscape, this study extends its analysis to offer broader insights into the contemporary political uses of religion within democracies, along with contentious issues arising from gender and sexuality debates, transcending the confines of the Italian context. This book holds significant relevance for scholars and students engaged in gender studies, religious studies, social movements, populism, political science, political sociology, political history, and Italian studies.

Aspects of the Orange Revolution V Ingmar Bredies,Andreas Umland,Valentin Yakushik,2007-11-22 Reports by international governmental and non-governmental organizations on the 2004 presidential elections in Ukraine constituted a significant factor in generating, facilitating, and completing the Orange Revolution. Ukrainian civil society, mass media, courts, and political parties were the main driving force behind the popular uprising that returned Ukraine to the path of democratization it had embarked on in 1991. Yet, the unambiguous stance and political weight of such institutions as the EU, PACE, NATO, and, above all, OSCE played their role too. The democratic movement benefited from the menace of international isolation and stigmatization of the Ukrainian state, which was expected in case President Leonid Kuchma had decided to prevent a repetition of the second round of the voting.The volume collects not all, but some of the most widely discussed reports, including English translations of selected sections of the three reports produced by the CIS International Observers Mission. The latter as well as a report by an Israeli institute depart from the assessments of the other organizations represented here, allowing for comparison of diverging evaluations of the same events. The volume assembles

full or excerpted official reports of the International Republican Institute, the Tel Aviv Institute for the Countries of Eastern Europe and CIS, the European Network of Election Monitoring Organizations, the Parliamentary Assembly of the Council of Europe, the Organization for Security and Cooperation in Europe, the Office for Democratic Institutions and Human Rights, and the Commonwealth of Independent States. Contributions by Yevgen Shapoval and Roman Kupchinsky introduce and conclude the collection.

State Immunity and Cultural Objects on Loan Nout van Woudenberg, 2012-03-23 This study examines whether there is any rule of (customary) international law stipulating that cultural objects belonging to foreign States that are on loan for temporary exhibition are immune from seizure, or whether such a rule is emerging.

Paper View: In Print Daniel Ford, 2020-09-25 Nearly 400 pages, Over 120,000 words, 13 years of research in one book Today's world, tomorrow's future ... and what WE can do about it!! The world has changed immeasurably since 2020 and this book, written before anyone had ever heard of Covid-19, places the 'pandemic' into its true context. Many of the changes in society since 2020 were predicted in this book which explains the real reason for those transformations of society. You've heard the podcast, now read the book. If you've ever wanted Paper View in paper form, then this is the book for you. This is Paper View in print, but it's so much more. Paper View Extra, you might call it. An enormous amount of new information not in the original podcast episodes is in this book. The book covers a wide range of subjects encompassing the entire spectrum of society, and explains clearly and simply the connections, placing news stories, world events and changes in society in their true context. One of the most controversial and explosive books published in 2020, the book doesn't hold back and speaks out on the truth behind them. This book could not have been published at a more important time. People have a nagging sense of unease and face constant confusion amidst many questions about the world and society. Paper View: In Print was written to provide the answers, and it does so in an accessible way which connects the dots to form the picture. The book also features various illustrations. Daniel Ford has spent the last 13 years uncovering the answers and investigating official explanations from authority, whose simplistic replies only seem to lead to more questions, not answers, and in this book, he presents a life's work in dot-connecting to show the true context of our everyday lives. This book is highly recommended for parents, as the book covers every example of how children and young people today are the most targeted age group and generations in human history, including mental health, technology and social media, gender, education/school system among many other subjects. Originally planned for publication in Spring 2020, the book was held back until September to be updated to include an exposure of the Covid-19 pandemic. Book ships with free report on virology - Virology: A Reappraisal examining flaws in modern virology and how this relates to Covid-19. Please see "News" page for more information on the book.

ANNO 2022 FEMMINE E LGBTI PRIMA PARTE ANTONIO GIANGRANDE, Antonio Giangrande, orgoglioso di essere diverso. ODIOSI OSTENTAZIONE ED IMPOSIZIONE. Si nasce senza volerlo. Si muore senza volerlo. Si vive una vita di prese per il culo. Tu esisti se la tv ti considera. La Tv esiste se tu la guardi. I Fatti son fatti oggettivi naturali e rimangono tali. Le Opinioni sono atti soggettivi cangianti. Le opinioni se sono oggetto di discussione ed approfondimento, diventano testimonianze. Ergo: Fatti. Con me le Opinioni cangianti e contrapposte diventano fatti. Con me la Cronaca diventa Storia. Noi siamo quello che altri hanno voluto che diventassimo. Facciamo in modo che diventiamo quello che noi avremmo (rafforzativo di saremmo) voluto diventare. Rappresentare con verità storica, anche scomoda ai potenti di turno, la realtà contemporanea, rapportandola al passato e proiettandola al futuro. Per non reiterare vecchi errori. Perché la massa dimentica o non conosce. Denuncio i difetti e caldeggio i pregi italici. Perché non abbiamo orgoglio e dignità per migliorarci e perché non sappiamo apprezzare, tutelare e promuovere quello che abbiamo ereditato dai nostri avi. Insomma, siamo bravi a farci del male e qualcuno deve pur essere diverso!

Демократия под огнём. Выборы в народных республиках Донбасса Алексей Кочетков, Станислав Бышок, Александр Бедрицкий, 2016-09-30 События Украинской революции 2013–2014 гг. привели не только к политическим изменениям на Украине, но и к трансформации её карты. Так, Крымский полуостров вернулся в состав России, а на востоке были провозглашены Донецкая и Луганская народные республики, составляющие часть земель исторической Новороссии. 2 ноября 2014 г. в ДНР и ЛНР состоялись выборы глав республик и депутатов Народных советов. Голосование проходило в максимально неблагоприятных для этого условиях – обстрелы, гуманитарные трудности, нехватка квалифицированных кадров. Несмотря на это, выборы в молодых республиках изначально задумывались как предельно демократичные, прозрачные и равноправные. Конечно, с поправкой на военную обстановку. К избирательным кампаниям в ДНР и ЛНР было приковано огромное внимание не только местных и российских, но и зарубежных СМИ. На день выборов только ЦИК ДНР было аккредитовано 320 журналистов, в том числе с Европы и США. Для СМИ регулярно, раз в неделю, проводились пресс-конференции председателей ЦИК, устраивались брифинги для всех пожелавших этого участников предвыборной гонки, выезды с кандидатами во время поездок в регионы. Явка была максимально возможной в условиях военных действий. В ЛНР с утра до вечера были зафиксированы тысячные очереди на избирательных участках. В результате в выборах в ДНР приняло участие более миллиона человек. В ЛНР проголосовало более 700 тыс. человек.

Bugie al potere Pagella Politica, 2023-11-10T00:00:00+01:00 Dal 2012 Pagella Politica è il principale sito di fact-checking politico in Italia. La sua missione è controllare se i politici dicono la verità e aiutare i lettori a comprendere che cosa muove le dinamiche della politica, basandosi su fatti e numeri. Bugie e promesse non mantenute hanno toccato da vicino il governo Meloni, di cui il 22 ottobre 2023 ricorre il primo anniversario dell'insediamento. Che bilancio possiamo trarre da questi

dodici mesi? I proclami della campagna elettorale sono stati effettivamente realizzati? Qualche membro del governo ha mentito? I provvedimenti promossi si basano su dati e informazioni veritieri? Dall'esperienza di Pagella Politica nasce Bugie al potere, un saggio che valuta l'operato del governo analizzandone oltre 50 dichiarazioni tra le più controverse. Economia, immigrazione, lavoro, cambiamenti climatici, Unione europea e Pnrr: per ognuno di questi temi il libro spiega gli errori del governo - senza risparmiare i partiti di opposizione - mostrando come spesso il dibattito politico italiano poggi su falsi miti e luoghi comuni.

La fabbrica della democrazia. Come comunica(re) il Parlamento Laura Trovellesi Cesana, 2016-10-06 Comunicare l'Istituzione nella «Società dell'Informazione», quando tutto cambia e i tempi delle mutazioni sono veloci, è un'azione di grande responsabilità e insieme una sfida quotidiana. Comunicare e informare però non sono sinonimi, ma richiamano significati e filosofie addirittura antinomiche. Partendo da questa distinzione, il libro propone un'analisi antiretorica, condotta attraverso parole-chiave quali «fonte primaria» e «pluralismo delle fonti»; analizza il significato della «mediazione» del giornalista nelle istituzioni, con particolare riferimento al Parlamento, il valore del bagaglio deontologico e della «responsabilità istituzionale» che ne deriva; passa in rassegna principi costituzionali, assetti regolamentari, norme e prassi. Ma il libro non è un catalogo di leggi né un compendio di teorie: è un racconto di come funziona veramente il mondo dell'informazione nelle Istituzioni. È l'esplorazione di un terreno non sempre lineare che investe alcuni aspetti cruciali della dialettica democratica. La versione ebook contiene un utilissimo indice dei nomi e dei luoghi citati con link attivo su ciascuna occorrenza nel testo.

L'ordinamento costituzionale italiano alla prova della democrazia paritaria Gabriele Maestri, 2018-09-01 La partecipazione delle donne alla vita politica e la loro presenza all'interno delle istituzioni, dopo decenni di ostacoli giuridici e socio-culturali, lungi dall'essere un dato meramente quantitativo, rappresenta a tutti gli effetti una questione di qualità della democrazia: un'assemblea elettiva o un organo di governo che, nella loro composizione, non contemplino la presenza equilibrata di entrambi i generi non possono dirsi realmente democratiche, poiché non consentono di attuare pienamente il concorso di uomini e donne alla res publica di cui condividono la cittadinanza. Dopo aver analizzato il percorso travagliato tra il XIX e il XX secolo attraverso il quale le donne hanno ottenuto l'elettorato attivo e passivo, il volume si concentra sulle norme costituzionali e primarie (nazionali e regionali) in materia di democrazia paritaria, approfondendo soprattutto la loro genesi attraverso un attento esame dei lavori parlamentari preparatori; molto spazio viene dato alle sentenze della Corte costituzionale che hanno contribuito all'evoluzione della sensibilità dell'ordinamento in materia di pari opportunità nell'accesso alle cariche elettive. Specifici approfondimenti sono dedicati all'equilibrio di genere all'interno degli organi esecutivi e al ruolo dei partiti politici (e delle loro regole interne) nella costruzione di una democrazia realmente paritaria. Note del curatore: A pagina 231, alla fine del primo paragrafo, si considerino aggiunte le seguenti righe di aggiornamento:

Ulteriori passi avanti sarebbero arrivati quasi dieci anni dopo, con la l.p. 12 marzo 2018, n. 4. Essa, intervenendo direttamente sulla l.p. n. 2/2003, ha reso maggiormente paritarie le quote, prescrivendo che «in ciascuna lista di candidati nessuno dei due generi può essere rappresentato in misura superiore all'altro, se non quando il numero delle candidature della lista è dispari: in tal caso è ammesso che un genere sia sovrarappresentato di un'unità», richiedendo anche che nelle liste si alternino candidature di genere diverso; in sede di esame delle liste, l'Ufficio centrale circoscrizionale ha il potere di correggere «l'ordine di elencazione dei candidati e delle candidate, mantenendo il capolista e rispettando l'ordine di presentazione all'interno dello stesso genere» e di ridurre le liste che presentino candidature in sovrannumero per un determinato genere, a partire dal fondo dell'elenco (arrivando alla riconsiliazione se la cancellazione di candidati fa scendere al di sotto del minimo). La stessa legge provinciale ha introdotto il meccanismo della doppia preferenza di genere, di cui si dirà.
