[Evangelicals and Electoral Politics in Latin America](#) Taylor C. Boas,2023-01-31 Why are religious minorities well represented and politically influential in some democracies but not others? Focusing on evangelical Christians in Latin America, this book argues that religious minorities seek and gain electoral representation when they face significant threats to their material interests and worldview, and when their community is not internally divided by cross-cutting cleavages. Differences in Latin American evangelicals' political ambitions emerged as a result of two critical junctures: episodes of secular reform in the early twentieth century and the rise of sexuality politics at the turn of the twenty-first. In Brazil, significant threats at both junctures prompted extensive electoral mobilization; in Chile, minimal threats meant that mobilization lagged. In Peru, where major cleavages divide both evangelicals and broader society, threats prompt less electoral mobilization than otherwise expected. The multi-method argument leverages interviews, content analysis, survey experiments, ecological analysis, and secondary case studies of Colombia, Costa Rica, and Guatemala.

The Pentecostal World Michael Wilkinson,Jörg Haustein,2023-04-01 The Pentecostal World provides a comprehensive and critical introduction to one of the most vibrant and diverse expressions of contemporary Christianity. Unlike many books on Pentecostalism, this collection of essays from all continents does not attempt to synthesize and simplify the movement's inherent diversity and fragmented dispersion. Instead, the global flows of Pentecostalism are firmly grounded in local histories and expressions, as well as the various modes of their worldwide reproduction. The book thus argues for a new understanding of Pentecostal and Charismatic movements that accounts for the simultaneous processes of pluralization and homogenization in contemporary World Christianity. Written by a distinguished team of international contributors across various disciplines, the volume is comprised of six parts, with each offering a critical perspective on classical themes in the study of Pentecostalism. Led by a programmatic introduction, the thirty-six chapters within these parts explore a variety of themes: history and historiography, conversion, spirit beliefs and exorcism, prosperity, politics, gender relations, sexual identities, racism, development, migration, pilgrimage, interreligious relations, media, ecumenism, and academic research. The Pentecostal World is essential reading for students and researchers in anthropology, history, political science, religious studies, sociology, and theology. The book will also be very useful for those in related fields, such as culture studies, black studies, ethnic studies, and gender studies.

Beppe Grillo's Five Star Movement Filippo Tronconi, 2016-03-09 In 2009 Beppe Grillo, a well-known Italian comedian, established the Five Star Movement with the aim of sending a handful of citizens to municipal councils to act as the watchdog of a professional political class often perceived as corrupt and self-interested. However, in the Italian general elections of February 2013, despite still largely being considered a small protest movement, the party gained the undisputed role of leading political actor gaining just under 9 million votes and sending 163 Deputies and Senators to the Italian parliament. The birth and rapid rise of the Five Star Movement represents an electoral earthquake with no parallels in Italy and the whole of post-1945 Western Europe and a phenomenon likely to shape the Italian political scene for many years to come. Drawing on an extensive array of data and face-to-face interviews, this volume offers an empirically grounded explanation of the surprising electoral success of the Five Star Movement and presents a realistic picture of this party in its manifold aspects: organisational structure, communication style, linkages with civil society, ideological nature and positioning in the Italian political system.

Coca Yes, Cocaine No Thomas Grisaffi, 2018-12-31 In Coca Yes, Cocaine No Thomas Grisaffi traces the political ascent and transformation of the Movement toward Socialism (MAS) from an agricultural union of coca growers into Bolivia's ruling party. When Evo Morales—leader of the MAS—became Bolivia's president in 2006, coca growers celebrated his election and the possibility of scaling up their form of grassroots democracy to the national level. Drawing on a decade of ethnographic fieldwork with coca union leaders, peasant farmers, drug traffickers, and politicians, Grisaffi outlines the tension that Morales faced between the realities of international politics and his constituents, who, even if their coca is grown for ritual or medicinal purposes, are implicated in the cocaine trade and criminalized under the U.S.-led drug war. Grisaffi shows how Morales's failure to meet his constituents' demands demonstrates that the full realization of alternative democratic models at the local or national level is constrained or enabled by global political and economic circumstances.

A Dynamic Theory of Populism in Power Julio F. Carrión, 2022 The relationship between populism and democracy is a hotly debated topic. Some believe that populism is inherently bad for democracy because it is anti-pluralist and confrontational. Others argue that populism can reinvigorate worn-out democracies in need of an infusion of greater popular participation. This book advances this debate by examining the empirical relationship between populism in power and democracy in five Latin American countries. These cases reveal that populism in power does not always lead to the demise of democracy; rather, it does so only under certain varieties of populism. When populist chief executives are bent on using the state's repressive apparatus to subvert democracy, and enjoy significant public support, then it requires an extraordinary effort by both the opposition and the judiciary to contain their efforts at power aggrandizement. If they succeed in overcoming societal and institutional resistance, then an unconstrained variety of populism in power will materialize. The

significant power asymmetry that this variety entails will lead to the demise of electoral democracy. If populist leaders are constrained by the judiciary and other institutional actors, then electoral democracy will be preserved, at least for a while. Of the five cases of populist presidents studied here, four were able to rule unconstrained, and only one the populist was contained. The book offers a theory to explain this divergent outcome. There is a recognizable pattern in the trajectory of populism in power, with one path leading to democratic erosion and another to democratic survival--

Ottawa and Empire Tyler Shipley,2018-04-04 In June 2009, the democratically elected president of Honduras was kidnapped and whisked out of the country while the military and business elite consolidated a coup d'etat. To the surprise of many, Canada implicitly supported the coup and assisted the coup leaders in consolidating their control over the country. Since the coup, Canada has increased its presence in Honduras, even while the country has been plunged into a human rights catastrophe, highlighted by the assassination of prominent Indigenous activist Berta Cáceres in 2016. Drawing from the Honduran experience, Ottawa and Empire makes it clear that Canada has emerged as an imperial power in the 21st century.

Reshaping the Political Arena in Latin America Eduardo Silva,Federico Rossi,2018-05-22 Neoliberalism changed the face of Latin America and left average citizens struggling to cope in many ways. Popular sectors were especially hard hit as wages declined and unemployment increased. The backlash to neoliberalism in the form of popular protest and electoral mobilization opened space for leftist governments to emerge. The turn to left governments raised popular expectations for a second wave of incorporation. Although a growing literature has analyzed many aspects of left governments, there is no study of how the redefinition of the organized popular sectors, their allies, and their struggles have reshaped the political arena to include their interests—until now. This volume examines the role played in the second wave of incorporation by political parties, trade unions, and social movements in five cases: Argentina, Bolivia, Brazil, Ecuador, and Venezuela. The cases shed new light on a subject critical to understanding the change in the distribution of political power related to popular sectors and their interests—a key issue in the study of postneoliberalism.

Un paese a 5 stelle Mimmo Del Giudice,2017-10-30 Hanno abbassato la media dell'età anagrafica ed elevato quella del livello di cultura in entrambi i rami del Parlamento, ma sono tutti alle prime armi. Quindi esperienza zero o quasi. A 4 anni dalla pacifica “invasione” nei palazzi della politica, che dovevano aprire come una scatola di sardine, sono ancora in tanti a esprimersi con slogan come se fossero in campagna elettorale e non legislatori. Stiamo parlando del “fenomeno” MoVimento 5 Stelle. Di questo fenomeno si occupa Un Paese a 5 Stelle. La storia Un movimento che ha quale principio fondamentale sostituire la democrazia rappresentativa in vigore nel nostro Paese con la democrazia diretta, la democrazia dal basso.

IL MOVIMENTO 5 STELLE...CADENTI ANTONIO GIANGRANDE,2020-07-30 E' comodo definirsi scrittori da parte di chi non ha arte né parte. I letterati, che non siano poeti, cioè scrittori stringati, si dividono in narratori e saggisti. E' facile

scrivere "C'era una volta...." e parlare di cazzate con nomi di fantasia. In questo modo il successo è assicurato e non hai rompiballe che si sentono diffamati e che ti querelano e che, spesso, sono gli stessi che ti condannano. Meno facile è essere saggisti e scrivere "C'è adesso...." e parlare di cose reali con nomi e cognomi. Impossibile poi è essere saggisti e scrivere delle malefatte dei magistrati e del Potere in generale, che per logica ti perseguitano per farti cessare di scrivere. Devastante è farlo senza essere di sinistra. Quando si parla di veri scrittori ci si ricordi di Dante Alighieri e della fine che fece il primo saggista mondiale. Le vittime, vere o presunte, di soprusi, parlano solo di loro, inascoltati, pretendendo aiuto. Io da vittima non racconto di me e delle mie traversie. Ascoltato e seguito, parlo degli altri, vittime o carnefici, che l'aiuto cercato non lo concederanno mai. "Chi non conosce la verità è uno sciocco, ma chi, conoscendola, la chiama bugia, è un delinquente". Aforisma di Bertolt Brecht. Bene. Tante verità soggettive e tante omertà son tasselli che la mente corrompono. Io le cerco, le filtro e nei miei libri compongo il puzzle, svelando l'immagine che dimostra la verità oggettiva censurata da interessi economici ed ideologie vetuste e criminali. Rappresentare con verità storica, anche scomoda ai potenti di turno, la realtà contemporanea, rapportandola al passato e proiettandola al futuro. Per non reiterare vecchi errori. Razza poltrona Fabrizio Roncone, 2021-09-16T00:00:00+02:00 L'Italia è stata costretta a guardare a lungo giù nel pozzo nero, dove la stava spingendo una classe politica incerta e arrogante. Ecco allora le facce colpevoli dei protagonisti e delle comparse e il ricordo delle loro tragiche imprese, dei misfatti di questi anni: le risse in un Transatlantico ridotto a supermarket del voto di scambio, Matteo Salvini che scende dalla consolle del Papeete Beach e comincia a distribuire santini, i proclami temerari di Beppe Grillo, Alessandro Di Battista che diventa il Che Guevara di Roma nord, un anonimo avvocato completo di pochette e voce di velluto come Giuseppe Conte, dimenticabile premier di due governi di segno opposto. E poi le memorabili peripezie di Rocco Casalino e di Danilo Toninelli, i turbamenti di Paola Binetti, le capriole bizzose di Matteo

Renzi, i discorsi visionari di Vincenzo De Luca, i dem lacerati che incoronano Enrico Letta. E ancora: la travolgente ascesa pop di Giorgia Meloni e la mesta parabola di Silvio Berlusconi sullo sfondo dell'ultima drammatica crisi conclusa sul ciglio del burrone. Quando, dopo aver guardato giù, tutti hanno chiesto a Mario Draghi di venirci ad aiutare. Fabrizio Roncone, maestro nell'arte del racconto parlamentare, raccoglie in queste pagine miracoli e nefandezze di un'intera classe teoricamente dirigente: un'irresistibile carrellata di fatti, fattacci e ritratti al vetrolo che narrano, tra farsa e tragedia, l'autentica storia dell'ultimo atto di questa Seconda Repubblica.

GOVERNOPOLI TERZA PARTE ANTONIO GIANGRANDE, Antonio Giangrande, orgoglioso di essere diverso. ODIO OSTENTAZIONE, IMPOSIZIONE E MENZOGNA. Nella vita di ognuno due cose sono certe: la vita e la morte. Si nasce senza volerlo. Si muore senza volerlo. Si vive una vita di prese per il culo. Gli animali, da sé, per indole emulano ed imitano, imparando atteggiamenti e comportamenti dei propri simili. Senonché sono proprio i simili, a difesa del gruppo, a inculcare nella mente altrui il principio di omologazione e conformazione. Noi siamo quello che altri hanno voluto che diventassimo. Facciamo in modo che diventiamo quello che noi avremmo (rafforzativo di saremmo) voluto diventare. Tu esisti se la tv ti considera. I Fatti son fatti oggettivi naturali e rimangono tali. Chi conosce i fatti si chiama esperto ed esprime pareri. Chi non conosce i fatti esprime opinioni e si chiama opinionista. Le opinioni sono atti soggettivi cangianti. Le opinioni se sono oggetto di discussione ed approfondimento, in TV diventano testimonianze. Ergo: Fatti. Con me i pareri e le opinioni cangianti, contrapposte e in contraddittorio, diventano fatti. Con me i fatti, e la Cronaca che li produce, diventano Storia. Rappresentare con verità storica, anche scomoda ai potenti di turno, la realtà contemporanea, rapportandola al passato e proiettandola al futuro. Per non reiterare vecchi errori. Perché la massa dimentica o non conosce. Denuncio i difetti e caldeggiò i pregi italici. Che fai... li cacci? Alberto Di Majo, 2015-10-01 «Davanti a questo nuovo sistema di esperti del web, di blogger e di social network, la "povera" classe politica - per di più occasionale e nominata dai Principi di turno - perde la sua funzione

essenziale: guidare i cittadini verso la crescita. E allora vive nell'opportunismo politico e personalistico, sfociando in quel trasformismo che Di Majo espone così bene facendoci rivivere episodi e raccogliendo testimonianze, con il piglio del cronista e con l'occhio dello storico». Luigi Bisignani Nella diciassettesima legislatura, cominciata nella primavera del 2013, i passaggi di deputati e senatori da un movimento a un altro hanno segnato un record: più di duecento solo nei primi due anni. In questa epoca dei partiti personali non restano che due atteggiamenti possibili: acclamare il leader o ribellarsi. Ma la "ribellione" può avere tante motivazioni, può nascere da un sincero disaccordo politico o può costituire un utile mezzo per ottenere visibilità e importanza. Può essere, nel peggiore dei casi, un vendersi al migliore offerente. Chi sono i dissidenti? Perché lo fanno? Come parlano? Che cosa vogliono? Sono difensori della democrazia o sono il sintomo del suo deterioramento in una egocrazia? Per rispondere a queste domande, l'autore ha parlato con i "ribelli" stessi, con sociologi, psichiatri, linguisti, con esponenti della Prima Repubblica e con il presidente emerito della Corte costituzionale Antonio Baldassarre. Ne emerge il quadro di una politica e una società che cambiano a ritmo di social, ma si rivelano ogni giorno sempre più individual. Alberto Di Majo è giornalista del quotidiano «Il Tempo». Laureato in Filosofia, si interessa di comunicazione politica e ha scritto tre saggi dedicati al MoVimento 5 Stelle: Virus (2013), Casaleggio il grillo parlante (2013) e Grillo for president (2012). Nel 2012 ha pubblicato anche Andate a lavorare!, una raccolta di insulti alla casta. Il suo blog è dimajoinpeggio.wordpress.com

Ha sido investigador predoctoral y posdoctoral en el Departamento de Historia Contemporánea de la Universidad Autónoma de Madrid, y también Profesor de Historia y Política Exterior de España en la Universidad Pontificia Comillas. Entre sus últimos libros destacan El Rey, la Iglesia y la Transición (2012) y El laberinto italiano. Del fenómeno Berlusconi a la crisis actual, 1994-2014 (2014). TEXTO SOLAPA: ¿Quién es realmente Matteo Renzi, el hombre que ha cambiado la imagen que teníamos hasta ahora de la política italiana? Este libro trata de desentrañar las claves fundamentales de un líder político fuera de toda comparación posible, que se ha empeñado en transformar la realidad de su país, y que en sólo año y medio ha logrado lo que en décadas no fueron capaces de hacer los diferentes gobiernos italianos. Un hombre de su generación, siempre inconformista y también provocador por naturaleza, que amenaza con marcar toda una época en la política italiana
