Contemporary Italian Narrative and 1970s Terrorism David Ward,2017-02-13 This book is about literary representations of the both left- and right-wing Italian terrorism of the 1970s by contemporary Italian authors. In offering detailed analyses of the many contemporary novels that have terrorism in either their foreground or background, it offers a “take” on postmodern narrative practices that is alternative to and more positive than the highly critical assessment of Italian postmodernism that has characterized some sectors of current Italian literary criticism. It explores how contemporary Italian writers have developed narrative strategies that enable them to represent the fraught experience of Italian terrorism in the 1970s. In its conclusions, the book suggests that to meet the challenge of representation posed by terrorism fiction rather than fact is the writer’s best friend and most effective tool.

Handbook of Thermoluminescence Claudio Furetta, 2010 This second edition of the Handbook of Thermoluminescence enlarges on all the subjects which were treated in the first edition and adds further arguments, including the theory of thermoluminescent dose measurement, several examples concerning the kinetics parameters determination using various methods such as peak shape, isothermal decay, and so on. A special section is devoted to food irradiation, an important subject at the present time, and to the thermoluminescent characterization of the minerals extracted from the irradiated food. Another new section is devoted to the thermoluminescent phosphors and their main characteristics. The analytical

treatments of the various thermoluminescent models are fully developed. As in the first edition, the arguments are given in alphabetical order to ease research. This second edition therefore aims to provide real practical support for researchers, students and personnel involved in radiation protection services, as well as in medical applications.

Ceteris omissis Nevio Taucer,2024-05-27 Uno sguardo, una impressione, la casualità di un nuovo incontro inatteso, e la consapevolezza di una irresistibile attrazione. Un uomo maturo, indipendente, raffinato nel gusto e nello stile, si affaccia su una relazione che desta la sua curiosità, senza avere in apparenza un orizzonte che non sia quello di un appagamento emotivo ancor prima che fisico. Una storia che potrebbe essere come mille altre, ma in cui un riguardo speciale ai dettagli costruisce un realismo radicale di situazioni e sentimenti. Il desiderio estetista si intreccia con una partecipazione alla vita resa in modo particolare, in un delicato equilibrio tra la presenza sensibile e il distacco orgoglioso di contemplazione. Non è una categoria di ordine morale a distinguere il giudizio, quando piuttosto un personale concetto di bellezza, in grado di pervadere ogni cosa. Alcune cose sono omesse, nel gioco affascinante del raccontare, e proprio negli spazi vuoti, negli omissis di un tempo capriccioso può scivolare l'immaginazione. Una vicenda semplice ma insieme complessa, che correndo su quel confine sottile e ambiguo che separa autobiografia e artificio narrativo confonde lo scrittore, il mondo che gli sta attorno e quello ancor più vasto che gli scaturisce da dentro, in un gioco di riflessi, di echi sfuggenti, di ombre tra la pagina e la realtà. Finché il dubbio stesso diviene il soggetto di un racconto che sa sfiorare il cuore di quel grande mistero che è creare storie, inseguendo il procedere incessante dell'esistenza.
