Italy's Foreign Policy in the Twenty-First Century Bertjan Verbeek,Giampiero Giacomello,2011-11-16 Italy's Foreign Policy in the Twenty-First Century: The New Assertiveness of an Aspiring Middle Power, edited by Giampiero Giacomello and Bertjan Verbeek, fills a gap in the middle powers literature in general because of its focus on Italy. Relying on insights from foreign policy analysis, it offers an innovative theoretical inroad into Italian foreign policy by linking European and international factors with domestic processes of status making. Finally, this volume focuses on actors, issues, and policy instruments in vital areas of Italy's foreign policy rather than bilateral relations between Italy and other counties or regions.

Italy and the Middle East Paolo Soave,Luciano Monzali,2020-12-10 Italy played a vital role in the Cold War dynamics that shaped the Middle East in the latter part of the 20th century. It was a junior partner in the strategic plans of NATO and warmly appreciated by some Arab countries for its regional approach. But Italian foreign policy towards the Middle East balanced between promoting dialogue, stability and cooperation on one hand, and colluding with global superpower manoeuvres to exploit existing tensions and achieve local influence on the other. Italy and the Middle East brings together a range of experts on Italian international relations to analyse, for the first time in English, the country's Cold War relationship with the Middle East. Chapters covering a wide range of defining twentieth century events - from the Arab-Israeli conflict and the Lebanese Civil War, to the Iranian Revolution and the Soviet invasion of Afghanistan - demonstrate the nuances of Italian foreign policy in dealing with the complexity of Middle Eastern relations. The collection demonstrates the interaction of local and global issues in shaping Italy's international relations with the Middle East, making it essential reading to students of the Cold War, regional interactions, and the international relations of Italy and the Middle East.

Encyclopedia of Italian Literary Studies Gaetana Marrone,Paolo Puppa,2006-12-26 The Encyclopedia of Italian Literary Studies is a two-volume reference book containing some 600 entries on all aspects of Italian literary culture. It includes analytical essays on authors and works, from the most important figures of Italian literature to little known authors and works that are influential to the field. The Encyclopedia is distinguished by substantial articles on critics, themes, genres, schools, historical surveys, and other topics related to the overall subject of Italian literary studies. The Encyclopedia also includes writers and subjects of contemporary interest, such as those relating to journalism, film, media, children's literature,

food and vernacular literatures. Entries consist of an essay on the topic and a bibliographic portion listing works for further reading, and, in the case of entries on individuals, a brief biographical paragraph and list of works by the person. It will be useful to people without specialized knowledge of Italian literature as well as to scholars.

Europeanisation and Party Politics Erol Külahci, 2014-01-14 A sophisticated theoretical framework and up-to-date analysis of the Europeanisation of domestic party systems and political parties' policy stances. This book covers a range of contemporary topics: party systems, policy stances of political parties, opposition/co-operation over European integration, cleavage theory of party response to European integration, domestic depoliticisation and EU representation.
