

Procreazione Assistita

Emilio Dolcini

Sulla procreazione assistita Pasquale Giustiniani,2005

La procreazione medicalmente assistita Fabio Buzzi,Giacomo Tassi,2011

In viaggio verso un figlio Ramona Onnis,2024-06-07T00:00:00+02:00 Da qualche anno, il tema della procreazione assistita è oggetto di un'attenzione crescente non soltanto in seno al dibattito pubblico, ma anche da parte delle arti e della cultura. I tabù sulla maternità cominciano a infrangersi, le donne prendono la parola per raccontarsi, per narrare i loro corpi feriti, le loro vite stravolte, i loro equilibri compromessi. A partire da un corpus di romanzi, memoir, scritti autobiografici, film e documentari prodotti dal 2010 a oggi, Ramona Onnis esplora gli aspetti politici e sociali del desiderio e della rinuncia alla maternità attraverso la prospettiva travagliata, talvolta inconfessabile, del racconto personale. Ciò dando spazio anche alla vergogna, alla rabbia e al dolore, che spesso si affiancano all'ostinazione e al coraggio, necessari per affrontare il difficile percorso della Procreazione medicalmente assistita (Pma). Ribadendo la continuità tra politico e privato, il saggio offre un contributo al dibattito politico-sociale e all'analisi del racconto esperienziale sul tema della Pma, esplorando il lavoro artistico-letterario di alcune talentuose scrittrici dell'ultimo decennio.

La procreazione medicalmente assistita e le sue sfide Lia Lombardi,Silvia De Zordo,2013

Procreazione medicalmente assistita Manuela Cecotti,2004 L'aumento dell'infertilità delle coppie in età produttiva comporta il ricorso sempre più frequente a metodiche di Procreazione Medicalmente Assistita (PMA). Tali pratiche mediche incidono sulle basi biologiche dell'identità dei bambini ed assumono rilievo nelle rappresentazioni simboliche del nascere, dell'essere figli e dell'essere genitori. Il testo affronta questa complessa tematica presentando i contributi offerti da studi di diverso orientamento psicologico allo scopo di analizzare quale sia l'impatto della PMA nella costruzione e nello sviluppo dei rapporti tra genitori.

Cellule o bambini? Marina Mengarelli Flamigni, 2004

Lettera a un bambino che è nato RAFFAELLA CLEMENTI, 2014-01-28 «La chiamano Pma, procreazione medicalmente assistita. Io preferisco pensare che tutte le procedure chirurgiche, ormonali, farmacologiche, tutti i metodi impiegati per aiutarci a procreare, siano stati solo le fasi del lungo difficile, doloroso e fantastico, viaggio verso te». In un Paese per vecchi spesso le donne si trovano a dover posticipare la decisione di avere un figlio di anno in anno, finché per il loro corpo non è troppo tardi. Ma i casi di infertilità o sterilità sono in aumento nei Paesi occidentali anche tra chi ha l'età migliore per concepire. Per tutte le coppie che hanno difficoltà a coronare il sogno di diventare genitori la scienza medica può venire in aiuto con le tecniche di procreazione medicalmente assistita, regolate dalla discussa Legge 40 del 2004. È un percorso lungo e senza certezze che mette in gioco il corpo e la mente di chi lo affronta. In questa lettera al suo bambino che grazie alla Pma è nato, l'autrice racconta le varie fasi del percorso che ha portato al suo concepimento: la presa di coscienza iniziale, le speranze, le lunghe attese, le paure di non farcela, il rapporto con il compagno, con i medici, con le amiche. Perché il cammino verso un figlio coinvolge tutti gli aspetti della vita. Questa è una storia con un lieto fine, una testimonianza sincera su un percorso che molti preferiscono tacere. Raffaella Clementi è nata nel 1970 a Terni, dove vive tuttora. Laureata in Scienze politiche, nel 2003 ha pubblicato il suo primo lavoro, *Resta dove sei*, e nel 2004 la raccolta di racconti *Et voilà!*. È sposata dal 2007 e, nel 2011, è diventata mamma di un maschietto nato dopo un percorso di procreazione medicalmente assistita iniziato due anni prima. Gestisce il blog mammamimmononsolo.blogspot.it che si propone come punto di incontro per chi voglia documentarsi sui problemi di infertilità, condividere la propria esperienza o semplicemente trascorrere del tempo libero. La storia del percorso seguito per raggiungere il suo bambino è raccontata in questo libro.

La procreazione medicalmente assistita in Italia e in Francia Emanuele Compagno, 2011-02-01
