Reddito minimo garantito Reiyel Rhode,2019

Reddito minimo garantito Bin Italia,2021-09-08 Questo volume, realizzato dal Bin (Basic Income Network) Italia nel 2012, contiene un quadro inedito, articolato e completo delle esperienze di reddito minimo garantito in corso, all'epoca, nei vari Paesi del continente europeo, delle sperimentazioni realizzate nelle diverse Regioni italiane, delle proposte che si stavano via via delineando al riguardo. Un lavoro inedito e prezioso per quanti ritenevano urgente l'introduzione in Italia (unico Paese europeo, insieme alla Grecia, a esserne privo) di una tutela universale in caso di disoccupazione o di transizione lavorativa. La pubblicazione ha preso le mosse da una ricerca voluta e promossa dall'Assessorato al lavoro, formazione e qualità della vita della Provincia di Roma.

Il reddito minimo universale Philippe Van Parijs,Yannick Vanderborght,2013-05-14T00:00:00+02:00 La situazione determinatasi negli ultimi anni ha fatto tornare di attualità il dibattito sul reddito di cittadinanza, incluse le ambiguità e le confusioni di significato tra salario minimo, reddito di garanzia per chi si trova in povertà e reddito universale di cittadinanza. Gli autori sono stati tra i primi a delineare, grazie a studi approfonditi, una versione aggiornata ai nostri tempi di un'idea - fornire ai cittadini mezzi economici minimi per esercitare i propri diritti - che viene da lontano, dalla rivoluzione francese. La proposta di basic income discussa nel libro è radicale, ma è l'orizzonte entro il quale si sono susseguiti, negli ultimi tempi, tentativi di dare corpo a posizioni favorevoli a politiche, anche a livello europeo, di garanzia incondizionata del diritto universale alla sussistenza quando i singoli, anche per decisioni economiche che non controllano, non sono in grado di garantirselo da sé.

The Politics of Minimum Income Marcello Natili, 2018-12-14 Minimum income schemes (MIS) have become key social protection institutions for European citizens, but we know little regarding the logic and dynamics of institutional change in this policy field. This book provides an analytical model that will facilitate an understanding of the scope and direction of recent reforms, offering insight into the conditions under which minimum income schemes are introduced, expanded or retrenched. Natili presents a comparative analysis of policy trajectories of minimum income schemes in Italy and Spain between the mid-1980s and 2015. Although these two countries had similar points of departure, and faced comparable functional pressures and institutional constraints, they experienced remarkably different developments in this policy field in the last two decades. This comparative analysis provides empirical evidence of the impacts of different types of credit-claiming dynamics resulting from the interaction of socio-political demand with political supply. The Politics of Minimum Income also assesses the reform processes both in countries that have introduced MIS in the age of austerity (such as Portugal) and in countries that have retrenched them (Austria and Denmark).

Migrantinnen in der Krise des Care-Modells am Beispiel Italiens Luisa Talamini, 2017-04-03 Seit Ende der 1990er Jahre wird in Italien eine stetig zunehmende Anzahl von weiblichen Migrantinnen für die häusliche Pflege der älteren Generationen angestellt. Das sogenannte Migrantin in der Familie-Care-Modell hat sich in diesem Land so verbreitet, wie nirgendwo anders innerhalb der europäischen Grenzen. Warum hat sich dieses Care-Modell in Italien entwickelt und etabliert? Welche Faktoren haben zu seiner Verbreitung beigetragen? Um diese Kernfragen zu beantworten, werden drei zentrale Elemente beleuchtet: Geschlechter-, Care- und Migrationsregime. Gleichzeitig wirft die Autorin einen Blick auf die aktuellen Entwicklungen, um herauszufinden, inwieweit und inwiefern sich die ökonomische Krise auf dieses Care-Modell ausgewirkt hat. Die Autorin setzt sich mit der Wechselbeziehung zwischen staatlicher und normativer Ebene bei der Entstehung und der Erhaltung von diesem Care-Modell auseinander und liefert eine Analyse der jüngsten Geschlechter-, Sozial- und Migrationspolitiken und Praxen bzgl. einer spezifischen Form der Care-Arbeit - die Pflege älterer, hilfsbedürftiger Familienangehörigen - in Italien. Hierbei werden die Unterdrückungsmechanismen hinter der Verbreitung dieses Modells, die auf der institutionellen Ebene in Gang gesetzt, aufrechterhalten und normativ untermauert werden, sichtbar gemacht.

Reddito di cittadinanza. Una antologia. Nunziante Mastrolia, Maria Teresa Sanna, 2016-01-12 Questa antologia ha un doppio obiettivo. Da una parte quello di mostrare come la necessità di un reddito di cittadinanza a chi è rimasto indietro, o quanto meno di un sostegno finanziario generalizzato, è una questione non nuova e soprattutto non esclusiva di una singola parte politica. Dall'altra mostrare che le ragioni che hanno indotto gli autori a sostenere la necessità di un reddito di cittadinanza sono varie ed evolvono nel tempo. Qui si vuole porre l'accento su quelle ragioni che, a parere di chi scrive, fanno del reddito di cittadinanza una necessità certo economica ma soprattutto politica e non soltanto, come pure molti autori giustamente sostengono, un dovere morale di solidarietà verso i propri simili. Qui si vuole sostenere una tesi diversa e cioè che garantire a tutti di che vivere è cosa necessaria a preservare quelle condizioni istituzionali e politiche che sono proprie di una "società aperta". Quelle condizioni che sono alla base dello straordinario progresso sociale e dello strabiliante sviluppo economico dell'Occidente e dei popoli che hanno adottato il modello occidentale. Per dirla in maniera diretta, senza un reddito di cittadinanza le liberal-democrazie occidentali rischiano di tramutarsi nel loro opposto, vale a dire in regimi autoritari, siano essi di uno solo, di pochi o dei più". Tratto dall'Introduzione di Nunziante Mastrolia. Il volume, curato da Nunziante Mastrolia e Maria Teresa Sanna, racchiude testi che vanno dall'antichità (Plutarco) alla più prossima contemporaneità (Martin Ford). L'idea di fondo del volume è quella di mostrare quanto ampio ed articolato sia il dibattito a sostegno del reddito di cittadinanza al di là della battaglia politica attuale.

Promoting Income Security as a Right Guy Standing, 2005-03-01 This book is about an idea that has a long and distinguished pedigree, the idea of a right to a basic income. This means having a modest income guaranteed - a right without conditions, just as every citizen should have the right to clean water, fresh air and a good education.

Reddito di base, tutto il mondo ne parla. Esperienze, proposte e sperimentazioni Sandro Gobetti, Luca Santini, 2018-03-05 Agli albori di una nuova grande trasformazione con l'avvento della rivoluzione tecnologica, la robotica e l'intelligenza artificiale, e nell'epoca delle grandi crisi (economica, ambientale, politica e del lavoro) in tutto il mondo risuona l'eco di una proposta che apre scenari inediti: un reddito di base per tutti. Nell'era del modello unico si dipana l'idea di un diritto economico nuovo, quello di garantire un reddito come uno dei principali diritti umani. Il reddito di base, garantito, universale è ormai divenuta una proposta che comincia ad avere gambe proprie per poter camminare. Dalle esperienze di reddito minimo garantito dei diversi paesi europei fino alle sperimentazioni di un reddito di base incondizionato in giro per il pianeta, il diritto ad un reddito garantito diventa chiave per entrare a pieno titolo e con fiducia nel terzo millennio. Online Communities and Crowds in the Rise of the Five Star Movement Francesco Bailo,2020-08-06 This book reflects on the political capacity of citizen users to impact politics, explaining the danger in assuming that mass online participation has unconditionally democratising effects. Focusing on the case of Italy's Five Star Movement, the book argues that Internet participation is naturally unequal and, without normative and strong design efforts, Internet platforms can generate noisy, undemocratic crowds instead of self-reflexive, norm-bounded communities. The depiction of a democratising Internet can be easily exploited by those who manage these platforms to sell crowds as deliberating publics. As the Internet, almost everywhere, turns into the primary medium for political engagement, it also becomes the symbol of what is wrong with politics. Internet users experience unprecedented, instantaneous and personalised access to information and communication and, by comparison, they feel a much stronger level of irrelevance in the existing political system.

The Italian welfare state in a European perspective Ascoli, Ugo,Pavolini, Emmanuele,2016-06-01 There is a need to understand the Italian welfare state, but as yet it has received little academic research attention. The Italian Welfare State in a European Perspective is the first book to explore the evolution of Italy's welfare state in the decades since the 'Trente Glorieuses' (1945-75). It offers a rare overview and analysis of the Italian situation based on an in-depth study of the main social policy fields (including education, higher education and taxation policies), a detailed analysis of the connection between policies and their outputs/outcomes and a comparative perspective framing the Italian case within the European context. This is the first English-language book to take a comparative look at the Italian welfare state as a whole since the 2008 economic crisis, It will be a valuable resource for academics and researchers, as well as students.
