Calabria - Vibo Valentia Editorial Board, Vibo Valentia is the provincial capital city, which enjoys a geographical position of extraordinary attractive value with its port with a tourist and commercial vocation among the best equipped between Salerno and Reggio Calabria, with a harbor master's office which is among the largest in Italy; a city that has a rich ancient history, important memories, first of all needs to work on its vocations to grow and develop in harmony with the new social

reality. For the landscape beauties and historical testimonies, Vibo Valentia is undoubtedly a city dedicated to tourism: cultural, archaeological, religious tourism that becomes a primary resource for our territory. The historic center of Vibo Valentia is a rich mix of churches, monuments and medieval, baroque and nineteenth-century buildings where it is difficult to distinguish where one era ends and where another begins and this is probably the characteristic in which its charm resides. In this perspective, the web-guide financed by the Calabria Region with POR funds 2007-2013, represents a modern and fast tool for getting historical-artistic-environmental news of our province that offers tourists the most beautiful coast of the region, a hill with landscapes breathtaking, a mountain that can offer tourists itineraries immersed in centuries-old woods, places of worship and ancient memories. An ideal place for a stay dedicated to art, culture and nature and taste. Maria Limardo (mayor)

**'Ndrangheta** Anna Sergi, Anita Lavorgna, 2016-07-12 This book presents an historical and sociological account of the Italian mafia-type organisation known as the 'ndrangheta. It draws together diverse perspectives on the various 'ndrangheta clans and their behavioural models, focusing specifically on their organisational skills, their bonds with Calabrian society and Calabrian communities around the world, their mobility, and their characterisation as poly-crime organisations. The authors demonstrate that 'ndrangheta clans have an innovative way of being and doing mafia work through a dense network of relationships both in the 'upperworld' and in the 'underworld', a particularly acute sense of business, a reputation built on the protection of blood and family ties, and, last but not least, a symbiotic relationship and camouflage within Calabrian society. By focusing on both the structures and the activities of the clans and with findings based on judicial documents, this book explores why the 'ndrangheta is today labeled as "the most powerful Italian mafia". It will be of great interest to upper-level students and scholars of organised crime and sociology.

*Beached in Calabria* Ian Ross, 2019-06-06 'Belissimo' - Daily Mail 'an amusing and charming read...Ross is the champion of the impulsive adventurer...If you are interested in Italy, in travel writing and the tales of a decent raconteur then this is for you.' - Paul Burke, NB Magazine Where do you go to when you only have a pittance for a home away from home for a huge family? Ian Ross realises that his small inheritance won't get him a place in France or even Spain, so he heads for southern Italy where he remembers the Blue Guide describing long empty sandy beaches in southern Calabria. When he arrives in Southern Italy he finds the house prices are encouragingly low. Why does no one go there? It's inaccessible and it's beloved of the Mafia. Not to be put off Ross stumbles on the perfect beach on a crystal-clear bay in the deeply southern province of Reggio Calabria, an area he is soon advised is 'Bandit Country'. And the fact that there is a house right on the beach big enough for all the family at a price he can afford overcomes all fears and to a large extent all common sense. Buying it was only the beginning. *Beached in Calabria* catalogues the things that can go wrong in southern Italy for this English fish-out-of-waterman; he's out of his depth in a whirlpool of incomprehensible rules and regulations, family systems, conflicting advice and linguistic conundrums. Disaster follows disaster, but this travelogue encompasses tales of the friendships Ross makes on the way in this forgotten corner of Old Italy where the food and the 326 days of sunshine a year make for a perfect setting to a triumphant escapade.

**Calabria: The Other Italy** Karen Haid, 2015-01-07 Once the hub of the Mediterranean, Calabria now dangles, largely ignored, at the bottom of the Italian boot, struggling for survival, acceptance and a place in modern Italy and the world. Little-known even to Italians outside the nefarious activities of its 'Ndrangheta mafia organization, Calabria allures with its simplicity and rewards with an underlying complexity, as in savoring an artisanal cheese, appreciating an ancient Greek masterwork or interpreting a particularly expressive phrase in the local dialect. *Calabria: The Other Italy* paints a compelling picture of contemporary Calabria and Southern Italy, weaving observation, personal anecdote, salient historical information and social commentary into a nonfiction narrative that combines travelogue with an exploration of everyday life and culture. At times humorous, at others poignant, this engaging work portrays the joys and challenges of the other Italy.

Calabria Enrico Massetti, 2015-07-04 Often called the Switzerland of the South, Calabria covers the mountainous toe of Italy. Here one finds the most wonderful forests, and the hillsides are covered with the white leaves of ancient olive trees. Traveling between the Calabrian mountains, in a great land of wonderful beauty, you are in a region bounded with two seas of approximately eight hundred kilometers coasts, where for this particular configuration, incalculable views are present and where the nature has plotted in a magnificent way the lines that talent and human work must follow, or art efforts can improve.

Calabria's 800 km of pristine coast line are described in detail, as well as the Nature parks and reserves. The Sports available are included. This guide leads also you in a drive in Calabria, starting from Maratea and then going to Papisidero, Cosenza, the Sila mountains, Crotona, Pizzo Calabro, Tropea and Capo Vaticano, Locri, Pentecostato, to end up in Reggio Calabria. It includes info on regional food.

*Chasing the Mafia* Sergi, Anna, 2022-06-24 The 'ndrangheta - the Calabrian region of Italy's mafia - is one of wealthiest and most powerful criminal organizations today. It is considered Italy's most powerful mafia; it's not only the main object of concern for anti-mafia units in Italy, but also for joint investigative teams in Europe and beyond. Combining autobiography, travel ethnography, memoir, academic rigour and investigative journalism, this book provides a global outlook on the 'ndrangheta, taking the reader to small villages and locations in Italy and abroad to Australia, Canada, United States and Argentina.

**Citrus bergamia** Giovanni Dugo, Ivana Bonaccorsi, 2013-08-23 In Calabria, Italy, where bergamot has been successfully cultivated since the eighteenth century, it is commonly defined as the prince of the Citrus genus. Written by an international panel of experts from multiple disciplines, *Citrus bergamia: Bergamot and its Derivatives* represents the most complete treatise on bergamot and its derivatives currently available. Although production of bergamot and its derivatives is comparatively small, its chemical composition and biological properties have been of great scientific interest and the oil is considered essential in many high-quality perfumes. There is also an increased demand for bergamot oil for food flavorings and gastronomy. A tribute to bergamot, *Citrus bergamia: Bergamot and its Derivatives* covers all aspects of bergamot, from its historical and botanical origins, cultural practices, and transformation technologies to the use of its derivatives, possible contaminations, and biological activity. The book examines the chemical composition of bergamot in peel oils, leaf oils, juice, and fruits, extracted by various techniques—mechanical, distillation, and by supercritical fluids. It covers newly identified classes of compounds, limonoids and statins, describing the identification and assay of natural statins and the pharmacological activities of limonoids. It also discusses bergamot properties and its uses in cosmetics and medicine, as well as the use of bergamot in perfumery and in foods and beverages. The book concludes with a chapter reviewing the available data and global legislative status of bergamot as they relate to the safe use and trade of bergamot products.

**The Grecanici of Southern Italy** Stavroula Pipyrou, 2016-09-13 In this groundbreaking ethnography of fearless governance, Stavroula Pipyrou shows how Grecanici—the Greek linguistic minority of Calabria, Southern Italy—have crafted the means to invert hegemonic culture and participate in the power games of minority politics on local and national scales.
