

Riforma Dei Partiti

Istituto per il progresso della amministrazione pubblica

La riforma dei partiti Paola Caporossi, 2013-06-07 In Italia, il dibattito sui mali della politica si è limitato a mettere sotto accusa i contributi pubblici, senza vedere che essi costituiscono solo una parte del problema. Occorre il coraggio di ammettere che l'abolizione del finanziamento pubblico dell'attività politica non può sanare la crisi di legittimazione, oltre che di rappresentatività, dei partiti. Troppi i luoghi comuni sul tema: non è vero, ad es., che i finanziamenti pubblici ai partiti costituiscano un'anomalia italiana, essendo previsti in tutte le democrazie europee, ad eccezione del Regno Unito, e attestandosi su importi cospicui e percentualmente rilevanti sulle entrate totali dei partiti. Ciò che veramente questi temono non è l'abrogazione del finanziamento pubblico quanto la subordinazione del loro riconoscimento giuridico a tratti minimi di democrazia interna e l'applicazione di obblighi stringenti di trasparenza e di controlli efficaci. Questo non significa che non si deve intervenire su livelli e modalità di contribuzione pubblica, ma che ciò deve essere fatto nell'ambito di una cornice normativa più ampia e coerente, che tenga conto di diversi aspetti e che si raccordi con la riforma elettorale.

The Growth of Populism in the Political Mainstream Jakob Schwörer,2021-05-09 This book examines the populist communication of mainstream parties in Germany, Austria, Italy, and Spain. For a long time, populist and radical right parties have been the main subject of investigation in academic research. Yet, how mainstream parties react to the rise of such actors is less known. Scholars assume a “populist Zeitgeist”, a populist contagion claiming that the political mainstream actively engages in populist and nativist discourses. The author tests this widespread assumption analyzing whether center-left and center-right mainstream parties adopt populist messages, as well as content related to the leftist and right-wing host ideologies of populist actors. Therefore, this book is a must-read for scholars, students, and researchers of political science and electoral studies, as well as policy-makers and practitioners interested in a better understanding of populism and populist communication.
