Das Meer der Tränen Claus-Peter Reisch,Udo Lindenberg,2019-10-14 »Menschen wissentlich ertrinken zu lassen – das soll mit unseren europäischen Werten vereinbar sein?« Südliches Mittelmeer, Juni 2018. 235 Menschen drohen auf offener See zu ertrinken – ihr viel zu kleines Schlauchboot ist leck geschlagen und verliert seit Stunden an Luft. Claus-Peter Reisch, Kapitän des Schiffes Lifeline, handelt sofort und rettet mit seiner Crew den verzweifelten Flüchtlingen das Leben. Doch seinem Schiff wird überall die Landung verwehrt. Kein europäischer Staat will die Schutzsuchenden aufnehmen. Erst nach fünf langen Tagen, in denen Europa einmal mehr über die Verantwortlichkeiten streitet, darf Reisch endlich in Malta anlegen. Er wird verhaftet, vor Gericht gestellt und verurteilt. Was den selbstständigen Kaufmann und ehrenamtlichen Seenotretter nur noch mehr darin bestärkt, sich für die Rechte der Schwachen einzusetzen. Ein bewegendes, ein aufrüttelndes, ein wichtiges Buch. Ein Buch, dass das Versagen Europas und der Politik anprangert, Rettern wie Geretteten eine Stimme gibt und deutlich macht: Wahre Humanität kennt keine Ländergrenzen. Mit einem Vorwort von Udo Lindenberg

Fachkommunikationsforschung im Spannungsfeld von Methoden, Instrumenten und Fächern Marina Adams,Klaus-Dieter Baumann,Hartwig Kalverkämper,2021-11-05 Die Fachkommunikationsforschung hat eine außerordentlich dynamische Entwicklung durchlaufen, vor allem im Bereich ihrer methodisch-methodologischen Grundlagen. So kann sie zahlreiche empirisch gesicherte Erkenntnisse zu Kommunikation, Kultur und Kognition in fach- und berufsbezogenen Sprachdomänen vorweisen. Bemerkenswert sind die enge Anbindung an gesellschaftliche und kommunikative Anforderungen in fach- und berufsbezogenen Sprachdomänen sowie die genuine Interdisziplinarität ihrer methodischen Vorgehensweise. Die Herausbildung fachkulturbezogener interdisziplinärer Forschungsansätze und die Erweiterung des Gegenstandsbereichs um die Analyse mentaler Kenntnissysteme in Fachtexten prägen das aktuelle Forschungsprofil der Fachkommunikationsforschung. Dieser Band gewährt Einblicke in die interdisziplinären Fragestellungen zu Intertextualität, Fachkulturen und Fachdenken sowie in die Vielfalt der gegenwärtigen fach- und fachkulturbezogenen, terminologischen und translatologischen Felder der Fachkommunikationsforschung.

ANNO 2020 IL GOVERNO PARTE SECONDA ANTONIO GIANGRANDE, Antonio Giangrande, orgoglioso di essere diverso. Si nasce senza volerlo. Si muore senza volerlo. Si vive una vita di prese per il culo. ODI O STENTAZIONE ED IMPOSIZIONE. Tu esisti se la tv ti considera. La Tv esiste se tu la guardi. I Fatti son fatti oggettivi naturali e rimangono tali. Le Opinioni sono atti soggettivi cangianti. Le opinioni se sono oggetto di discussione ed approfondimento, diventano testimonianze. Ergo: Fatti. Con me le Opinioni cangianti e contrapposte diventano fatti. Con me la Cronaca diventa Storia. Noi siamo quello che altri hanno voluto che diventassimo. Facciamo in modo che diventiamo quello che noi avremmo (rafforzativo di saremmo) voluto diventare. Oggi le persone si stimano e si rispettano in base al loro grado di utilità materiale da rendere agli altri e non, invece, al loro valore intrinseco ed estrinseco intellettuale. Per questo gli inutili sono emarginati o

ignorati. Se si è omologati (uguali) o conformati (simili) e si sta sempre dietro alla massa, non si sarà mai primi nella vita, perché ci sarà sempre il più furbo o il più fortunato a precederti.

Moral Combat Gerry Milligan,2018-01-01 Moral Combat explores dozens of primary texts to ask why women's militarism became one of the central discourses of sixteenth-century Italy.

Italian Foreign Policy during Matteo Renzi's Government Fabrizio Coticchia,Jason W. Davidson,2019-03-13 This book sets out to explain the foreign policy of Italian Prime Minister Matteo Renzi (February 2014 to December 2016). It offers a unique analytical framework to make sense of Renzi's foreign policy: the domestically-focused outsider. It argues that to untangle Renzi's foreign policy one must first understand that his clear priority was enacting domestic economic and political reforms. Domestic focus means that Renzi made foreign policy decisions with a sensitivity to public opinion and party unity. The book also argues that Renzi's status as an outsider in Italian politics—having previously served only as the mayor of Florence—provides critical insight into his foreign policy. Renzi was prone to skepticism of the establishment and dramatic, symbolic gestures rather than patient coalition building. The book applies this framework to the five most important foreign policy issues Renzi's government faced: migration, finance and the EU, Russia, ISIL, and Libya. The book's analysis of the cases benefits from over twenty elite interviews, including those with senior members of Renzi's government.

Post-Truth, Post-Press, Post-Europe Paul Rowinski,2020-09-20 This book explores whether a beleaguered press in recent years has been developing an emotive, Eurosceptic post-truth rhetoric of its own - competing for attention with populist politicians. These politicians now by-pass the media, talking directly to their publics in blogs, on Twitter and Facebook. In the post-truth age, objective facts are less influential in shaping opinion than appeals to emotion. Audiences

congregate around views they share and want to believe. The author presents a critical discourse analysis of the language used by populist politicians online, on Facebook, and subsequently quoted in the press, which highlights how the political rhetoric of Italian and British politicians is often at its most inflammatory around the issue of immigration. The same goes for the press. The Italian case study focuses on media coverage of the 2014 and 2019 European elections and 2018 general election. The British case study examines press reporting of the 2016 UK referendum on EU membership, the 2017 general election, and the September 2019 parliamentary debate immediately following the UK Supreme Court ruling that proroguing of Parliament was illegal. From the picture that emerges, the author argues that journalists need to change how they report, to challenge the post-truthers, holding them to account and pressing them on the facts while also harnessing the emotions of disaffected publics.

Women and Politics Kai Padilla, 2018-12-16 Health psychology is the study of psychological and behavioral processes in health, illness, and healthcare. It is concerned with understanding how psychological, behavioral, and cultural factors contribute to physical health and illness. Psychological factors can affect health directly. Health Psychology is concerned with understanding how biology, behavior, and social context influence health and illness. Health psychologists work alongside other medical professionals in clinical settings, work on behaviour change in public health promotion, teach at universities, and conduct research. For example, chronically occurring environmental stressors affecting the hypothalamic-pituitary-adrenal axis, cumulatively, can harm health. Health psychology also concerns itself with bettering the lives of individuals with terminal illness. When there is little hope of recovery, health psychologist therapists can improve the quality of life of the patient by helping the patient recover at least some of his or her psychological well-being. Health psychologists are also concerned with providing therapeutic services for the bereaved. The theoretical and conceptual input of the book in the health areas will prove quite beneficial for students and researchers whereas the ideas and research questions raised in the book will surely provoke the scientists for fulfilling heuristic function.

Women's Evolving Lives Carrie M. Brown, Uwe P. Gielen, Judith L. Gibbons, Judy Kuriansky, 2017-07-11 This wide-ranging collection analyzes the status and advancement of women both in a national context and collectively on a global scale, as a powerful social force in a rapidly evolving world. The countries studied—China, India, Indonesia, Iran, Egypt, Cameroon, South Africa, Italy, France, Brazil, Belize, Mexico, and the United States—represent a cross-section of economic conditions, cultural and religious traditions, political realities, and social contexts that shape women's lives, challenges, and opportunities. Psychological and human rights perspectives highlight worldwide goals for equality and empowerment, with implications for today's girls as they become the next generation of women. Throughout these chapters, women's lived experience is compared and contrasted in such critical areas as: Home and work lives Physical, medical, and psychological issues Safety and violence Sexual and reproductive concerns Political participation and status under the law Impact of

technology and globalism Country-specific topics Women's Evolving Lives is a forward-facing reference for psychology professionals of varied disciplines, as well as for colleagues in other fields, including women's and gender studies, sociology, anthropology, international studies, and education. The wide scope of concerns also makes this anthology relevant and instructive to readers in diverse non-academic settings.

Io so' io Sergio Rizzo,2024-04-23T00:00:00+02:00 Un ministro con 83 persone di staff. Un altro che fa visita al quasi suocero incarcerato il giorno dopo che questi è finito dietro le sbarre. E un governo dove il conflitto d'interessi è di nuovo la regola e per cui le critiche sono reato di lesa maestà. Tutto questo mentre il Parlamento accoglie senza battere ciglio i pregiudicati, e troppo spesso dimentica che la Costituzione impone a chi «sono affidate funzioni pubbliche [...] di adempierle con disciplina ed onore», e mentre affiorano venature nostalgiche di un passato che mette in dubbio le stesse radici della nostra Carta. Il degrado di una classe politica con la credibilità compromessa, e il suo distacco dalla società civile, sembrano inarrestabili. I partiti sono ridotti a macchine di potere e clientela. La logica del clan domina ovunque alla faccia di preparazione e merito, senza riguardo per le istituzioni. Né il taglio dei seggi alle Camere ha migliorato le cose. Nonostante il 36,5 per cento di onorevoli in meno, spendiamo come prima. Il finanziamento ai gruppi politici è rimasto invariato e ogni deputato e senatore costa oggi alla collettività un terzo in più. Le due Camere appaiono invecchiate di cinque anni, piene di incompetenti e con ancora meno donne: dice tutto la regola non scritta per cui molti eletti anziché pagare i collaboratori devono girare quei soldi ai partiti in debito d'ossigeno. Che si arrangiano come possono, talvolta con metodi discutibili. Sergio Rizzo torna sul luogo del delitto de La casta (il bestseller scritto insieme a Gian Antonio Stella) con una nuova requisitoria impietosa contro il mondo degli intoccabili, sordo a ogni richiesta di trasparenza, responsabilità e cambiamento.

Foreign Policy Change in Europe Since 1991 Jeroen K. Joly,Tim Haesebrouck,2021-08-27 In the past three decades, the world has witnessed many rapid and invasive changes, and seems to be changing countries have adapted their foreign policies to these changes. Building on a clear typology of foreign policy change and a consistent theoretical framework, this book offers a comparative analysis of foreign policy change in Europe throughout the post-Cold War period. Along the lines of our analytical framework, country experts discuss how and why the further ever more rapidly in ways that seemed only imaginable in movies. This book investigates how European foreign policies of eleven European countries have changed over the past thirty years. This book hereby advances our understanding of the phenomenon of foreign policy change and identifies the most important drivers and inhibitors of change.

European Participation in International Operations Malena Britz,2016-10-20 Taking its departure in the concept of

strategic culture, this book answers the question of why European countries decide either to participate or not in international military operations. This volume examines strategic culture and its relation to justifications of decisions made by France, Germany, Greece, Italy, Poland and the United Kingdom, with regard to four different operations: Operation Enduring Freedom/ISAF in Afghanistan, Operation Iraqi Freedom in Iraq, Operation Unified Protector in Libya, and EU Navfor/Atalanta outside Somalia. In this work, the authors closely analyse the role of civil-military relations with regard to decisions about participation. What is the role of the armed forces in the political process leading up to the decision? What is their advisory capacity in shaping the mission? Employing a theoretical framework of strategic culture, including aspects of civil military relations, this innovative volume seeks to answer these questions. This text is essential reading for academics, researchers and students of international relations, foreign policy, war studies or civil-military relations.

Protest Elections and Challenger Parties Susannah Verney, Anna Bosco, 2016-04-14 Both in Greece in 2012 and Italy in 2013, it took two elections to form a government. A repeat parliamentary contest was required in Greece and the unprecedented re-election of the outgoing President of the Republic in Italy before a cabinet could be formed. Against a background of economic crisis and national austerity, both countries experienced 'protest elections' in which the overriding concern for an unusually large proportion of voters was not to choose a government but to express dissent. The outcome included record-breaking electoral volatility, the decline of bipolarism, the startling rise of challenger parties and the transformation of national patterns of government formation, including experiments with grand coalitions and technocrat-led cabinets. These developments sent shock waves through Europe and beyond, suggesting Southern Europe might be drifting towards ungovernability. The volume offers analyses of the key electoral contests at the parliamentary, presidential and local government levels, complemented by special studies of two key challenger parties, Beppe Grillo's Five Star Movement in Italy and Golden Dawn in Greece. An introductory comparative overview traces the process of convergence between the political systems of Italy and Greece which appears to have been triggered by the economic crisis. This book was published as a special issue of South European Society and Politics.

Contemporary Boat Migration Elaine Burroughs, Kira Williams, 2018-07-27 This book explores contemporary migration by boat through the intertwined, and under-explored, elements of empirical data, governance and geopolitics, and discourses. While the migration of people by boat is a long-standing phenomenon, journeys have become more frequent and precarious as states illegalise entry. As migration at sea becomes more common, it has gained attention from a range of actors, including enforcement authorities, political elites, media, and non/inter-governmental organizations. The sea has thus become a space of hope/desperation for migrants as well as conflict over territory and sovereignty, representing wider social debates in and beyond Australia, Canada, the European Union, and the United States. Current literature on migration by boat reflects these debates, primarily concentrating on the humanitarian and legal realities of migration by boat and border

enforcement at sea , however, few studies have analysed their empirical relationship. This edited volume aims to fill this gap and thereby address three important, overlapping aspects of these debates. The first theme will explore data and methods on migration by boat, its discourse, and its enforcement, and in addition identifying appropriate research methodologies and sources to gather these data. The second theme will build upon the first by focusing on the relationship between data on migration by boat and governance and geopolitics of the “border”. Building upon the two themes already outlined, the third theme will identify and analyse how elite discourses represent migration at sea.
