Does the EU Institutional Triangle Have a Future ? Sandro Gozi Sandro Gozi, 1999

Promoting Europe as a Sovereign and Democratic Power Sandro Gozi, 2021

Generazione Erasmus al potere Sandro Gozi, 2016-03-16T00:00:00+01:00 Per la prima volta nella storia una nuova classe di governo europea ricopre posizioni di vertice, nei rispettivi Stati membri o nelle istituzioni comunitarie. Per un incredibile paradosso, questa generazione, che più di tutte ha vissuto l'esperienza europea da dentro e che più di tutte ne conosce potenzialità e lati positivi, è però di fronte alla possibilità di cambiare davvero le cose nel momento in cui l'Europa è devastata da una doppia, tragica crisi. Quella esterna, legata alla minaccia dei terroristi - che si rendono conto, forse ancor meglio di noi, di quanto già sia concreta e reale la nostra unione di libertà, di valori e di opportunità -, e quella interna, meno visibile e cruenta, ma non per questo meno insidiosa, rappresentata da una tragica crisi di fiducia dei cittadini e dalla sfida neo-nazionalista. La nuova generazione al potere non è chiamata a un esercizio di ordinaria amministrazione: di fronte agli strappi e alle incertezze del futuro, ha il dovere di ridisegnare il corso dell'Europa, dimostrando il coraggio di chi accetta la sfida e la responsabilità che questo comporta. È questo il senso più profondo del nuovo impegno: costruire una politica transnazionale nella quale una generazione cresciuta europea si troverà finalmente a casa.

Generation Europe Sandro Gozi, 2018 The decision of the British people to leave the EU was a political earthquake. A seemingly never-ending round of challenges - from the migration crisis, to continuing terror threats and the euro's woes - has left the EU in a crisis of confidence. The consequent rise in nationalism and populism has too often seemed to leave the continent's existing generation of leaders floundering. But there is hope. A new generation of European leaders is rising to political seniority. Behind them is a new generation of European voters, less beholden to the past. They are 'Generation Europe'. Shaped in an age of smartphones, low-cost travel and cross-country initiatives like the Erasmus programme, they share a different perspective. In a passionately argued mix of personal story and policy prescriptions, one of the leading members of 'Generation Europe', Italy's centre-left Europe minister, Sandro Gozi, takes us on a journey through the challenges his continent faces. Exploring causes and solutions, he reflects on his cohort's commitment to building cross-border policies that will address common problems and start to give Europe brighter prospects.

Génération Erasmus Sandro Gozi, 2016-04-28 Secrétaire d'État italien chargé des affaires européennes, Sandro Gozi nous

raconte les six mois de la présidence de l'Italie au Conseil de l'Europe et met en lumière un changement important : l'arrivée d'une nouvelle génération de dirigeants, anciens Erasmus comme lui, qui renouvellent les perspectives d'avenir pour l'Union. Depuis les bancs de la Sorbonne, où il a été étudiant dans le cadre du programme Erasmus, jusqu'au pilotage des 28 lors de la présidence italienne de l'Union comme secrétaire d'État chargé des Affaires européennes du gouvernement Renzi, le parcours de Sandro Gozi est depuis toujours lié à l'Europe. Considéré comme l'un des meilleurs connaisseurs de l'Union, il nous plonge dans les arcanes du pouvoir et nous raconte le changement radical que connaît aujourd'hui la scène européenne : l'arrivée à sa tête d'une nouvelle génération dirigeante qui, plus qu'aucune autre, a bénéficié de l'Europe et se trouve en situation de modifier le cours d'une Union fragilisée par plusieurs crises : le défi migratoire, la menace terroriste, le manque de confiance des citoyens dans les institutions européennes et la montée du néonationalisme. Face à ces incertitudes, Sandro Gozi estime que seule cette nouvelle génération, menée tambour battant par Matteo Renzi, a la capacité d'entreprendre des réformes de grande ampleur pour construire une véritable politique transnationale, démontrant le courage de ceux qui acceptent de relever ce défi et d'en assumer les responsabilités.

Genossen in der Krise? Franz Walter, Felix Butzlaff, Matthias Micus, 2011-07-20 The Social-Democratic parties of Europe are in decline, a diagnosis missed by no one today. Support for this opinion comes from many directions - from their loss of votes in recent elections to a growing lack of party members to the apparent failure of party heads to react adequately to

these very developments. When reading reports both in the standard press and in scientific circles, however, the impression arises that this downturn is irreversible and must be accepted as such. But that is just the question. The Social-Democratic parties have experienced similar things in the past and have survived to the present day. And perhaps, slowly, new perspectives are on the horizon that will form the basis for a resurrection of old strengths: new models for coalitions with other parties, the revitalisation of membership rolls, better internal choice of candidates and policies, a welcoming of newcomers from other parties and a general openness toward new ideas. Experiments are now being launched with these means – and are showing first positive results.

There's Something in the Air Lorenzo Angeloni, Maria Elettra Verrone,

Italian Foreign Policy during Matteo Renzi's Government Fabrizio Coticchia, Jason W. Davidson, 2019-03-13 This book sets out to explain the foreign policy of Italian Prime Minister Matteo Renzi (February 2014 to December 2016). It offers a unique analytical framework to make sense of Renzi's foreign policy: the domestically-focused outsider. It argues that to untangle Renzi's foreign policy one must first understand that his clear priority was enacting domestic economic and political reforms. Domestic focus means that Renzi made foreign policy decisions with a sensitivity to public opinion and party unity. The book also argues that Renzi's status as an outsider in Italian politics—having previously served only as the mayor of Florence—provides critical insight into his foreign policy. Renzi was prone to skepticism of the establishment and dramatic, symbolic gestures rather than patient coalition building. The book applies this framework to the five most important foreign policy issues Renzi's government faced: migration, finance and the EU, Russia, ISIL, and Libya. The book's analysis of the cases benefits from over twenty elite interviews, including those with senior members of Renzi's government.

Brexiternity Denis MacShane, 2019-10-17 Never in the lifetime of most British adults has there been such uncertainty about the future of the political and governing institutions of the state. Brexit has the potential to change everything - from the shape of government institutions, to the main political parties, from Britain's relationship with its near neighbour Ireland to its international trading. The idealists of the Leave campaign won their vote in 2016. But now the realists are gently taking over. Here, Denis MacShane explains how the Brexit process will be long and full of difficulties - arguing that a 'Brexiternity' of negotiations and internal political wrangling in Britain lies ahead.

Art Crime Noah Charney, 2016-03-02 Since the Second World War, art crime has shifted from a relatively innocuous, often ideological crime, into a major international problem, considered by some to be the third-highest grossing criminal trade worldwide. This rich volume features essays on art crime by the most respected and knowledgeable experts in this interdisciplinary subject.

ANNO 2019 I PARTITI PRIMA PARTE ANTONIO GIANGRANDE, Noi siamo quello che altri hanno voluto che diventassimo. Facciamo in modo che diventiamo quello che noi avremmo (rafforzativo di saremmo) voluto diventare. Oggi le persone si stimano e si rispettano in base al loro grado di utilità materiale da rendere agli altri e non, invece, al loro valore intrinseco ed estrinseco intellettuale. Per questo gli inutili sono emarginati o ignorati.

Narrating Europe Michael Gehler, Maria Eleonora Guasconi, Francesco Pierini, 2022-10-26 Die Autorinnen und Autoren dieses Bandes haben eine Reihe von Reden von Spitzenpolitikern zur europäischen Integration aus einer großen Zeitspanne

(1946-2020) analysiert, wobei sie jede Rede in ihren zeitgeschichtlichen Kontext gestellt und in den biographischen Hintergrund des Redners eingeordnet haben. Die vergleichende Analyse zeigt, dass es notwendig ist, wieder zu entdecken, dass das Ideal des europäischen Einigungswerks genauso spannend sein kann wie andere nationale geschichtliche Kontroversen. Angesichts eines grassierenden Euroskeptizismus kann eine historische Einordnung und Kontextualisierung der Rolle der Kommunikation der europäischen Integration ein nützliches Instrumentarium sein, um die Bedeutung der europäischen Einigung und ihrer Werte zu erklären und zu verstehen. Transformation and European Integration B. Dallago, 2006-07-13 The Balkan countries have been looking for good examples and ideas to pursue development and internal integration in destabilized and ethnically complex and conflicting areas. This book about transformation in the framework of European outlines the path of the Balkans to European integration.

Why Europe Will Not Run the 21st Century Valerio Volpi, 2011-05-25 What future awaits Europe? One of irrelevance, where the emerging powers will crush the Old Continent, or perhaps not? *Why Europe Will Not Run the 21st Century* focuses on the necessity of radical and dramatic institutional reforms at the EU level, not only to streamline a decision-making process fragmented into a thousand trickles and naturally prone to the influence of powerful interest groups, but also to involve the citizenry, whose convinced support is necessary to the success of the project. The EU is a distant entity whose democraticity is highly disputable. The press ignores it, and citizens know very little about it, as the EU does things they do not really care about or cannot comprehend at all. Citizens' unawareness and lack of participation and involvement means the impossibility to create a real, close-knit European civil society and public opinion. *Why Europe Will Not Run the 21st Century* revives the idea that only a federal Europe made up, at least initially, of a limited circle of 'pioneer states' and characterised by a common Constitution, central government and real European political parties will manage to work out the constitutional, political, economic and ethnic discrepancies inherent in so large a Union of states, thus overcoming the EU's inability to face domestic as well as external threats and allowing Europe to halt its apparently inexorable decline.

The Politics of Legal Expertise in EU Policymaking Päivi Leino-Sandberg, 2021-09-23 The inside story of the daily work of lawyers in the EU institutions and their impact on EU policy making.

Understanding Eritrea Martin Plaut, 2017-02-01 The most secretive, repressive state in Africa is hemorrhaging its citizens. In some months as many Eritreans as Syrians arrive on European shores, yet the country is not convulsed by civil war. Young men and women risk all to escape. Many do not survive - their bones littering the Sahara; their bodies floating in the Mediterranean. Still they flee, to avoid permanent military service and a future without hope. As the United Nations reported: 'Thousands of conscripts are subjected to forced labor that effectively abuses, exploits and enslaves them for years.' Eritreans fought for their freedom from Ethiopia for thirty years, only to have their revered leader turn on his own people. Independent since 1993, the country has no constitution and no parliament. No budget has ever been published. Elections have never been held and opponents languish in jail. International organizations find it next to impossible to work in the country. Nor is it just a domestic issue. By supporting armed insurrection in neighboring states it has destabilized the Horn of Africa. Eritrea is involved in the Yemeni civil war, while the regime backs rebel movements in Somalia, Ethiopia and Djibouti. This book tells the untold story of how this tiny nation became a world pariah.
