Memories of Belonging: Descendants of Italian Migrants to the United States, 1884-Present Christa

Wirth,2015-02-11 *Memories of Belonging* is a three-generation oral-history study of the offspring of southern Italians who migrated to Worcester, Massachusetts, in 1913. Supplemented with the interviewees' private documents and working from U.S. and Italian archives, Christa Wirth documents a century of transatlantic migration, assimilation, and later-generation self-identification. Her research reveals how memories of migration, everyday life, and ethnicity are passed down through the generations, altered, and contested while constituting family identities. The fact that not all descendants of Italian migrants moved into the U.S. middle class, combined with their continued use of hyphenated identities, points to a history of lived ethnicity and societal exclusion. Moreover, this book demonstrates the extent of forgetting that is required in order to construct an ethnic identity.

I minori stranieri non accompagnati Laura Barberio ,Aldo Valtimora,2023-07-30 Il saggio ricostruisce la complessa normativa internazionale, europea e nazionale dei minori stranieri non accompagnati con un approccio scientifico comparatistico diacronico per coglierne le modifiche nel tempo, dovute anche all'importante intervento interpretativo delle Corti internazionali e italiane. Essa è il frutto dell'esperienza accademica e professionale degli autori che si sono proposti di raggiungere l'obiettivo di un'opera che fosse utile strumento di indagine scientifica e strumento di consultazione e lavoro per gli operatori del settore, i giuristi e gli studenti, offrendo loro le necessarie conoscenze per ricostruire le problematiche connesse alla tutela dei diritti dei minori stranieri non accompagnati. La trattazione degli argomenti e la comparazione con la normativa francese nascono dall'esigenza empirica connessa alla ricostruzione dei viaggi dei minori stranieri non accompagnati dopo il loro accesso in Italia. L'approccio scientifico-giuridico raccoglie le conoscenze bibliografiche

multidisciplinari e le utilizza quale presupposto per affrontare la tutela dei diritti di questi soggetti deboli in modo consapevole per i lettori collegando il mondo del diritto a quello della sociologia e dell'accoglienza.

I Segreti Della Lingua Italiana Per Stranieri Antonio Libertino,2011-05-01 Please note:a full color edition is also available at a different price under the title I segreti della lingua italiana a colori. Learning Italian without false steps. A simple but effective method to learn the language of love, music and culture while having fun.This listenable bilingual book (in its second black and white edition) has been created by Ditals certified teacher Antonio Libertino and is a creative approach to learning Italian. Inspired by Tony Buzan's research on effective learning, this method incorporates the use of mind mapping and flashcards techniques.Written in Italian with English parallel text, it also comes with a complete Italian audio book to download so you can listen to the sound of Italian and learn it on the go.You'll have access to the Internet bonus page which features:- An audio book to download and to play on your iPod or mp3 player.- A digital flashcard set from the book.- High resolution Mind maps for printing.- False friends list- Pronunciation exercises- And much more...The book is divided into three parts. In the first section 'about motivation and vocabulary' you will discover ways to get motivated to learn Italian, memory techniques, mind maps and an easy way to use flash cards.In the second section, you will learn how to cope with the first hurdles of Italian grammar, verbs and prepositions. In the third section you will see the mind maps of the most common Italian words.

Multi-Agent Systems Vadim Malvone,Aniello Murano,2023-09-06 This volume LNCS 14282 constitutes the refereed proceedings of the 20th European Conference EUMAS 2023, held in Naples, Italy, during September 2023. This volume includes 24 full papers and 5 short papers, carefully selected from 47 submissions. Additionally, the volume features 16 short papers, rigorously reviewed from 20 submissions for the PhD day. The conference focused on the theory and practice of autonomous agents and multi-agent systems, covering a wide range of topics.

Knowledge Discovery from Legal Databases Andrew Stranieri,John Zeleznikow,2006-03-30 Knowledge Discovery from Legal Databases is the first text to describe data mining techniques as they apply to law. Law students, legal academics and applied information technology specialists are guided thorough all phases of the knowledge discovery from databases process with clear explanations of numerous data mining algorithms including rule induction, neural networks and association rules. Throughout the text, assumptions that make data mining in law quite different to mining other data are made explicit. Issues

such as the selection of commonplace cases, the use of discretion as a form of open texture, transformation using argumentation concepts and evaluation and deployment approaches are discussed at length.

Fiction in French - Fiction in Soviet British Library,2013-02-07

Italian as a foreign language: Teaching and acquisition in higher education Alberto Regagliolo,2023-10-10 This manual focuses on teaching Italian as a foreign language in the academic field, taking into consideration the various subjects and disciplines that can be found in a university course in Italian Studies. Various chapters are included within that range, for example, from Italian phonetics and dialectology to art as a means to deepen elements of the Italian language, to morphology with word formations, and to translation as well as subtitling. The range also covers technology as a tool for telecollaboration, academic writing, and learning Italian through geography or the language of vulgarity. Besides, the manual takes into consideration the use of the Italian press for learning, together with the use of comics and cartoons to teach the Italian language. The contribution aims to be a point of reference both for teachers and students who are focusing on linguistics, philology, didactics, and pedagogy. It lays emphasis on the teaching methodology, the instruments of teaching, and the available resources. It also seeks to deal with the various teaching problems and reflects on the disciplines as well as alternative proposals for teaching.

L'interprete di Auschwitz Gabriele Rigano,2017-03-13

Anche voi foste stranieri Antonio Sciortino,2014-12-01T00:00:00+01:00 «È vero, oggi è in atto uno 'scontro di civiltà'. Ma non tra Occidente e Oriente. O tra cristianesimo e islam. No, il vero scontro di civiltà si gioca in Parlamento e nelle piazze. Temi della contesa, l'accoglienza e il rispetto della persona straniera. A prendere il sopravvento è il principio dell'indesiderabilità. Irregolari e clandestini sono da espellere. Sì, ci sono, ma non dovrebbero esserci. Non li vogliamo. Anche quando vivono come bestie, come a Rosarno, nessuno muove un dito. Se vogliono un'altra possibilità, la cerchino altrove. In altri Paesi, non in Italia. Per un Paese, come il nostro, che si dichiara cattolico, è difficile capire come si possa discriminare gli stranieri e atteggiarsi poi a difensori del crocifisso.» «Due Italie si contrappongono. A torto o a ragione. C'è chi soffia sul fuoco, alimentando paure e tensioni. Chi affronta il problema con superficialità e di fronte a un immigrato, sbuffa infastidito. Quasi non lo riguardasse. E chi capisce che una soluzione va trovata. Nell'accoglienza e nella legalità. Due Italie si contrappongono. Quella 'arrabbiata', pugno serrato e muso duro, che 'digrigna i denti' e sbava di livore. E l'altra, quella dei buoni sentimenti, accusata di 'buonismo', ma solidale, coi piedi per terra. Come chi guarda in faccia la realtà. Quale Italia prevarrà? In gioco c'è il nostro futuro. E la speranza del Paese.» Antonio Sciortino interviene con forza e senza reticenze: come in un reportage, racconta la diffusa xenofobia delle nostre città, il sospetto e i luoghi comuni alimentati dalla politica, le storie di discriminazione, le tante risposte sbagliate e aberranti ai problemi reali. E cosa fa la Chiesa in questa «società dei mille colori» che è già oggi il nostro Paese perché un essere umano sia un essere umano e basta. Don Antonio

Sciortino vede un futuro sereno. È una convinzione in controtendenza con l'aria che tira. Ma don Sciortino è convinto che avesse ragione Giovanni Paolo II: «L'esperienza mostra che, quando una nazione ha il coraggio di aprirsi alle migrazioni, viene premiata da un accresciuto benessere, da un solido rinnovamento sociale e da una vigorosa spinta verso inediti traguardi economici e umani». Il senso del libro è tutto qui, nella speranza. Gian Antonio Stella, Corriere della Sera Dirige Famiglia Cristiana, che non lesina attacchi a Berlusconi. Scrive libri sull'immigrazione che sembrano un j'accuse alle tesi di Bossi. E sull'Italia mostra di avere idee molto chiare: «Non ci si può battere pubblicamente per salvare Eluana e diventare indifferenti di fronte alla morte di Mohammed». Il direttore non si scompone nemmeno di fronte alle bordate più sgangherate. Paolo Griseri, il Venerdì di Repubblica Un lungo viaggio con don Sciortino nella madre delle questioni dell'Italia di oggi, l'immigrazione. Un saggio scomodo, opera documentata, scritta con lo stile asciutto e il ritmo veloce dell'inchiesta che parte da fatti concreti, spesso urlati e magari dimenticati dopo tre giorni dai media. Paolo Lambruschi, Avvenire Don Sciortino ospite del Programma Le Storie di Corrado Augias: guarda il video Don Sciortino ospite del programma radio Fahrenheit: ascolta l'audio
