Mariazzurra Lai

Tra il dire e il fare A cura di Alexandra Mogilatova e Paola Terrando, 2017-12-31 La sicurezza sui luoghi di lavoro è, oggi, percepita dalle pubbliche amministrazioni principalmente come un costo o un impegno non proficuo. Questo in termini sia di adempimenti normativi - con riferimento al tempo necessario per l'implementazione e la gestione delle previsioni del TUSL - sia in termini di responsabilità e sanzioni. L'idea che ha guidato la redazione di questo volume è, invece, il ribaltamento di questo preconcetto, per indirizzare ogni organizzazione aziendale verso una nuova visione, in cui il "fare sicurezza" sia un'azione volontaria, e non cogente, connaturata al processo produttivo, di cui rappresenta elemento essenziale e non estraneo. Si vuole dimostrare che la progettazione e lo sviluppo di modelli innovativi di processo ed organizzazione ispirati alle previsioni della norma possono porre la sicurezza al centro di un processo di miglioramento continuo delle performance aziendali. Questo volume, dunque, offre uno spaccato sulla complessità del mondo della sicurezza e sui temi più sentiti dai rappresentanti del settore pubblico, ma anche spunti di riflessione, non sempre univoci anche a causa dell'estrema eterogeneità e complessità delle differenti realtà aziendali. Nel tentativo di interpretare costruttivamente l'apparente rigidità del TUSL, abbiamo scelto un approccio creativo, improntato sulla tecnica del confronto attivo, sperimentato attraverso l'organizzazione di quattro tavoli tecnici con illustri esperti della materia e con i rappresentanti di alcune PA. Grazie agli spunti emersi in questi incontri, si è aperto un dibattito con gli attori del sistema che va oltre le pagine di questo libro, per continuare ad alimentare una cultura della sicurezza quale punto di vista privilegiato delle organizzazioni, in cui il fine produttivo possa essere attuato attraverso il benessere dei lavoratori.

Tra il dire e il fare Mariazzurra Lai, 2021-04-15 Mariazzurra Lai ha capito, seguendo il suo istinto, che tutto quello che ci circonda è poesia, riuscendo a riportare in versi le sensazioni intense e i sentimenti nobili che si possono esplorare e condividere. L'amore, radice ed essenza della vita, è l'ispirazione. L'autrice riesce a comporre con una musicalità speciale, donando un significato profondo alle parole e mettendo il lettore in equilibrio e in sintonia con le proprie emozioni. Si raccontano tante storie sui poeti, si dice che con le sue composizioni un poeta conquista l'immortalità lasciando il segno del suo passaggio in un mondo che non gli apparterrà mai abbastanza. Ma forse è per questo che semina l'amore attraverso le parole, per insegnarci a resistere, a riflettere e a sperare, perché come recita in una delle sue liriche Mariazzurra Lai, "Il

mondo è tondo, non è una leggenda. Sarà come salire su una giostra e anche se per un attimo non mi rivedrai più, ritornerò, davanti ai tuoi occhi". Mariazzurra Lai nasce a Cagliari nel 1984. è laureata in Scienze della Comunicazione dal 22 ottobre del 2008 presso l'Università degli Studi di Roma "La Sapienza". Ha preso un Master nel novembre del 2010 in "Amministrazione e Gestione delle Risorse Umane". Dal giugno 2010, collabora con l'emittente radiofonica regionale Radio Sintony e oltre a essere autrice della Rubrica dedicata agli autori e Libri, "Un Mondo di Libri di Mariazzurra Lai", si occupa della stesura delle news per la redazione. Tra il dire e il fare. Gli esperti morali alla prova Michel Croce,2021-02-11T00:00:00+01:00 Se nell'era della post-verità la competenza degli esperti è oggetto di continui attacchi, la figura dell'esperto morale è da sempre vista con un certo scetticismo. Riconoscere l'esistenza implica ammettere che alcune persone sono moralmente superiori ad altre e richiede di determinare la natura della loro superiorità. Dobbiamo immaginare l'esperto morale come una persona virtuosa o come uno specialista in fatto di dilemmi etici? E quale contributo possiamo aspettarci dall'esperto morale all'interno delle nostre comunità? Il volume si propone di rispondere a queste domande e offrire una concezione originale dell'expertise in campo etico, a partire dagli studi più recenti in etica delle virtù ed epistemologia morale.

Tra il dire e il fare. L'educazione alla prassi dei diritti umani. Annali 1999 Claudio Tugnoli,2000 Non è possibile alcun disegno di educazione al rispetto dei diritti umani se non si dispone del concetto di persona in un'accezione interpersonale. Il soggetto dei diritti umani non è un luogo introvabile e neppure un cieco progetto ispirato alla volontà e alla potenza, ma una relazione dinamica con l'altro. La dialettica del rapporto tra coscienza di sé e coscienza dell'altro è la ragione della dipendenza reciproca di diritti e doveri. L'altro non è un limite all'esercizio della libertà e della responsabilità di cui il soggetto è capace, ma una condizione della stessa esistenza del soggetto. La persona in questa accezione è una conquista che richiede un lungo cammino di riflessione e di azione, di distacco e coinvolgimento. I saggi proposti in questo volume indicano nella prassi educativa, nella coscienza morale, nell'azione politica e nella mediazione istituzionale momenti di un unico percorso verso l'affermazione concreta e la dimostrazione in prima persona della possibilità di riformare in profondità la natura dei rapporti tra gli uomini e tra gruppi umani sempre più differenziati. È vero che i diritti umani continuano a essere violati ovunque nel mondo, ma un numero crescente di uomini appartenenti alle più diverse religioni condanna sempre più aspramente queste violazioni. Sotto i colpi della rivelazione cristiana delle vittime, tutte le culture che sulle vittime in un modo o nell'altro si fondavano vengono inesorabilmente smantellate, tutte le violenze delle ideologie che pretendevano di essere le depositarie di questa rivelazione sono portate alla luce, tutte le persecuzioni di coloro che hanno ucciso basandosi sul fraintendimento violento di un messaggio che vieta di uccidere appaiono per quello che sono. Chi rifiuta

questa evidenza deve anche ritenere un caso o un equivoco che uno dei profeti della non violenza di questo secolo, Gandhi, abbia tratto ispirazione dal Discorso della Montagna(G. Fornari, in R. Girard, La vittima e la folla).
