One of *Forbes* Best YA of 2020 Meet Pepper, swim team captain, chronic overachiever, and all-around perfectionist. Her family may be falling apart, but their massive fast-food

chain is booming — mainly thanks to Pepper, who is barely managing to juggle real life while secretly running Big League Burger's massive Twitter account. Enter Jack, class clown and constant thorn in Pepper's side. When he isn't trying to duck out of his obscenely popular twin's shadow, he's busy working in his family's deli. His relationship with the business that holds his future might be love/hate, but when Big League Burger steals his grandma's iconic grilled cheese recipe, he'll do whatever it takes to take them down, one tweet at a time. All's fair in love and cheese — that is, until Pepper and Jack's spat turns into a viral Twitter war. Little do they know, while they're publicly duking it out with snarky memes and retweet battles, they're also falling for each other in real life — on an anonymous chat app Jack built. As their relationship deepens and their online shenanigans escalate — people on the internet are shipping them?? — their battle gets more and more personal, until even these two rivals can't ignore they were destined for the most unexpected, awkward, all-the-feels romance that neither of them expected.

Hashtag Elizabeth Losh,2019-09-19 Best Books of 2019-Scholarly Kitchen Object Lessons is a series of short, beautifully designed books about the hidden lives of ordinary things. Hashtags can silence as well as shout. They originate in the quiet of the archive and the breathless suspense of the control room, and find voice in the roar of rallies in the streets. The #hashtag is a composite creation, with two separate but related design histories: one involving the crosshatch symbol and one about the choice of letters after it. Celebration and criticism of hashtag activism rarely address the hashtag as an object or try to locate its place in the history of writing for machines. Although hashtags tend to be associated with Silicon Valley invention myths or celebrity power users, the story of the hashtag is much longer and more surprising, speaking to how we think about naming, identity, and being human in a non-human world. Object Lessons is published in partnership with an essay series in The Atlantic.

My Life as a Villainess Laura Lippman,2020-08-04 FROM THE BESTSELLING AUTHOR OF SUNBURN AND DREAM GIRL I knew something new about venality - my own. I realized I had become the bad guy in someone else's story. And I deserved it. Laura Lippman's first job in journalism was a rookie reporter in Waco, Texas. Two decades later she left her first husband, quit the newspaper business, and became a full time novelist. I had been creating villains on the page for about seven years when I finally became one. Her fiction has always centered on complicated women, paying unique attention to the intricacies of their flaws, their vulnerability, and their empowerment. Now, finally, Lippman has turned her gimlet eye on a new subject: herself. My daughter was ten days old the first time I was asked if I were her grandmother. In this, her first collection of essays, Lippman gives us a brilliant, candid portrait of an unapologetically flawed life. Childhood, friendships, influences, becoming a mother in later life - Lippman's inspiring life stories are at once specific and universal.
