Die Entdeckung des Sonnenaufgangs Walter Veltroni, 2010

The Jericho Pact Rachel Lee, 2012-11-15 After the assassination of the German chancellor, the security of Office 119 is torn by the multitude of threats facing Europe and its people. Now time is running out. Agent Renate Bachle must do everything and anything to stop a conspirator willing to push nations to war and scapegoat an entire race in a bid for deadly power. In the shadows, a renegade priest and his bodyguard attempt to protect a sacred codex as ancient as it is coveted. But not even those willing to manipulate the Vatican to save the world can grasp the true nature of the power that has fallen into the wrong hands. All they can do is try to harness it long enough to stem the tide of blood and evil before it washes across Europe...and the globe.

[Seven O'Clock Target](#) Joanne Pence, 2019-06-21 A murder. Missing children. And the crimes have only begun. As Homicide Inspector Rebecca Mayfield investigates the murder of a young delivery man and the disappearance of his two children, she discovers something is seriously wrong inside San Francisco's homicide bureau. And dangerous. Boyfriend Richie Amalfi is convinced Rebecca is the target of someone with position and power in the city's government. But who? And why? All he knows is that the situation is sinister and deadly. As Rebecca becomes more embroiled in an investigation with surprising and far-reaching tentacles, it's up to Richie to stop the threat against her. He must use every weapon he has, including people with dubious ties to well-placed politicians, to learn what's happening, and what to do about it. But then, some of the very people he thinks are targeting Rebecca become targets themselves. Don't miss *Seven O'Clock Target*, as Rebecca and Richie deal with one of the most personally deadly and dangerous cases in her career. The best-selling Inspector Rebecca Mayfield series has fast-paced mysteries with a touch of humor and a hint (or more) of romance. Starting with *One O'Clock Hustle*, you'll find the hours just seem to fly by.

Der caso Parmalat in der Berichterstattung italienischer Print- und Rundfunkmedien Andreas Bschleipfer, 2010
Ausgezeichnet mit dem Förderpreis der Freunde der Universität Augsburg 2009. Parmalat gehörte über Jahrzehnte zu den

wichtigen Symbolen für die Wirtschaftsentwicklung Italiens und der Region Parma. Eine tiefgreifende Finanzkrise des Unternehmens 2003/2004 stellte das Identitätssymbol grundlegend in Frage. Die vergleichende Untersuchung der medialen Behandlung der Krise bildet das Rahmenthema dieses Buches. Es widmet sich der Konstitution von kollektiven Identitäten, den Ritualen und Symbolen nationaler und lokaler Identifikation sowie den damit verbundenen gesellschaftlichen Interessen. Die Fallstudie leistet einen sprach- und medienwissenschaftlichen Beitrag zur Theoriediskussion in der Identitätsforschung und geht folgenden Fragen nach: Wie beeinflussen Medien die Bedingungen von Identitätskonstruktionen? Inwieweit sind Unternehmen ambivalente Identitätssymbole, zumal wenn die Corporate Identity krisenhaften Einflüssen unterliegt? Wie werden Identitätsdiskurse konkret versprachlicht und medialisiert?

Tod im Abendrot Jörg Steinleitner, 2019-05-02 Ein Doppelmord nahe des Flaucher-Biergartens erschüttert das sommerliche München. Ein Liebespaar wurde mit gezielten Schüssen aus nächster Nähe getötet. Kurz bevor es seinen Verletzungen erlag, gab eines der Opfer LKA-Präsident Karl Zimmerschied noch einen mysteriösen Hinweis: Es war ein Mörder ohne Gesicht. Zimmerschied steht vor einem Rätsel. Während er noch grübelt, erreicht ihn der Anruf einer alten Schulfreundin: Die Gymnasialdirektorin Caro von Lavallo wird mit einem schlüpfrigen Video im Darknet erpresst. Der LKA-Präsident begibt sich in die Abgründe des Internets – und in große Gefahr ...

Merchants of Truth Jill Abramson, 2019-02-07 The gripping and definitive in-the-room account of the revolution that has swept the news industry over the last decade and reshaped our world. The last decade has seen the News industry face unprecedented change. The sometimes-century old institutions which were once the bastions of truth have had their dominance eroded by vast innovations in viral technology and, as millennial appetites force the industry to choose between principles of objectivity and impartiality, the survivors must confront the horrifying cost of their success: sexual scandal, fake news, the election of President Trump and the shaking of democracy. Taking us behind the scenes at four media titans - BuzzFeed, VICE, The New York Times and The Washington Post - Abramson reveals the human drama behind this shift: one involving deal-making tycoons, thrusting reporters, hard-bitten editors, egomaniacs, bullshitters, provocateurs and bullies, with some surfing and others drowning in the breaking wave of change. 'A cracking, essential read... Abramson knows where most of the bodies are buried and is prepared to draw the reader a detailed map' Guardian

Wildcard Rachel Lee, 2010-11-01 Following a victorious evening, shots ring out, leaving the Democratic presidential front-runner near death. As the official investigation begins, FBI special agent Tom Lawton is sidelined, given work intended to keep him out of the way. Determined to find out why, he launches an investigation of his own—and uncovers a web of deceit constructed by his own superiors. Soon he has uncovered far too much. Working alone is no longer an option, and Tom's only hope is Agent Renate Bächle, a woman with secrets of her own. On the run for his life, he must determine whether he can trust this mysterious foreigner to guide him through the corridors of a conspiracy that threatens a nation, or

whether she is simply another spider in the web....

The Italian General Election of 2008 J. Newell,2009-03-31 A lively account of the general election of 2008 and of its profound significance for Italy and beyond. It gets to grips with the complexities of Italian politics in an exceptionally clear way. Covering the background to the election, the campaign, the parties, voting and the outcome, it is comprehensive in approach and tells a fascinating 'story'.

The Crimson Code Rachel Lee,2010-11-01 DECEMBER 25: A BOMB RIPS THROUGH A PACKED CATHEDRAL IN JAKARTA. As the hours pass, terrorist explosions continue around the globe, triggering worldwide panic and creating a nightmare beyond words.... Inside the covert agency known only as Office 119, agents Renate Bächle and Lawton Caine are called upon to identify the groups responsible for the bloodshed. But the so-called Black Christmas attacks are nothing more than a smoke screen for a far more sinister conspiracy. At its heart are ruthless secret societies with blood ties that date back thousands of years, whose goals are nothing less than global domination. Renate and Lawton are only beginning to fathom how far the darkness extends. With the U. S. president set to deploy nuclear weapons against the wrong targets and religious violence erupting across Europe, they must untangle the interwoven plots before time runs out and Armageddon becomes a terrifying reality.

The Politics of Italy James Newell,2010-01-28 This innovative text offers a fresh approach to Italian politics and society, providing insight into subjects ranging from parliament to corruption and the Mafia. The American Exceptionalism Revisited Marcello Fantoni,Leonardo Morlino,2016-02-26T00:00:00+01:00 When looking at the US from a European perspective a sort of paradox immediately emerges. On the one hand, the 'American way of life' has been penetrating in depth our everyday life and, even more, our Western culture through the music, the movies, the literature and all possible consumerist habits. But, on the other hand, all recurrent statements have been emphasizing the 'American exceptionalism' of political institutions, that is, how different and distant the North American institutions are from the European ones with regards to the government leadership, the relationships between existing powers, the connections with the citizens and even the very notion of democracy. This book will not analyze the reasons of such exceptionalism. It addresses a more salient and up to date question: how much exceptionalism is today still present if we compare US democratic institutions to the European ones? In other words, has there been a convergence or are the differences still very strong and accentuated? And if there has been convergence, in what directions? Or if resilient divergences, on what aspects? Moreover, how to explain the convergence, if there has been one?

Blutige Beichte Jörg Steinleitner,2018-05-02 Ein heißer Abend im Sommer. In einer Blutlache auf der Münchner

Schillerstraße liegt eine Leiche. Gleich daneben die Tatwaffe: ein Dönermesser. LKA-Präsident Franz Zimmerschied ist beunruhigt – bei dem Toten handelt es um einen Vertrauten des Ministerpräsidenten! Kurz darauf kommt es zu weiteren Verbrechen, stets mit derselben DNA-Spur am Tatort. Doch die Taten passen nicht zusammen. Als im Beichtstuhl von Zimmerschieds Heimatdorf auch noch drei Handgranaten und ein Maschinengewehr auftauchen, wird dem LKA-Chef klar, dass dieser Fall gefährlich weite Kreise zieht ...

Der Flüchtling Massimo Carlotto, 2010

Frustrated Aspirations for Change Mark Donovan, Paolo Onofri, 2009-02 Uncertainty about the future of the government and strong anti-political sentiment dominated Italian politics in 2007. Following a government crisis in February, rooted in the question of Italy's role in Afghanistan, Prime Minister Romano Prodi was able to re-establish his coalition, but in the spring it suffered a clear setback in local elections amidst a climate of growing unpopularity. Initial chapters in this volume analyse these events as well as some important initiatives aimed, in different ways, at containing public disaffection towards the political class: the establishment of the Democratic Party, the electoral referendum campaign, and Silvio Berlusconi's announcement of the birth of a new, center-right political party. As demonstrated in following chapters, the government did still manage to achieve a degree of success during the year in combating tax evasion and reducing the budget deficit as a result of increased tax revenue and more effective control of public expenditure. A number of redistributive goals were achieved in this way, as the volume's examination of government social policy makes clear. Final chapters complete the picture of the state of Italian society in a year characterized by a fragile government facing a number of challenging issues subject to veto: the liberalization program and the uncompleted introduction of fiscal federalism, the ever-challenging management of the national health system, the role of the Bank of Italy, the relationship with the Catholic Church and the legislation on de facto couples, crime and security.

Party Leaders and their Selection Rules in Western Europe Bruno Marino, 2021-09-23 This book analyses the determinants behind the openings in party leader selection rules (leaders' selectorate) in 10 Western European countries and more than 55 parties between the mid-1980s and the mid-2010s. Presenting a novel and revealing theoretical and empirical framework, it tackles the impact of party change and the personalisation of politics, specifically using data coming from the first expert survey on the personalisation of politics in Western Europe; the PoPES. A quantitative analysis is paired with more in-depth explorations of two Italian parties (the Italian Communist Party - Democratic Party of the Left; the Northern League) and the (missed) opening of their leader selectorate. This book highlights the critical importance of studying party leader selection rules against the backdrop of allegedly declining parties and rising party leaders and concludes by placing its findings in a broader discussion about the future of Western European party leaders. This book will be of key interest to scholars and students of political parties and party systems, leadership, political elites, elections, democracy, and more

widely of Western European politics and comparative politics.

Governing Fear Gianfranco Baldini, Anna Cento Bull, 2009 In 2008, Silvio Berlusconi returned to power — thanks to a decisive electoral victory — to head a slimmer coalition whose cabinet consisted of members very close to him. The year began with the garbage crisis in Naples and ended in a climate dominated by economic uncertainty. In between some unexpected events happened: during the administrative elections, held with the general elections in April, the right in Rome claimed many victories; for the first time ever, a woman, Emma Marcegaglia, was elected President of Confindustria; and the Alitalia airline had to be rescued from the brink of economic collapse. For consecutive months, opinion polls gave Berlusconi an unprecedented level of popular support; those polled attributed their approval to either his ‘decisionism’ or to what they viewed as a successful strategy of continual announcements. Others pointed to the executive’s success in ‘governing the fears’ of Italians, which was helped by a change of register in the way the media dealt with issues of security. This volume shows that the politics of vetoes, which characterised the previous center-left government, could not conceal the structural, economic and social problems that still need to be resolved, a situation not helped by the fact that the opposition parties were still unable to develop an effective political strategy by yearend. With the contribution of Italian and international experts, the volume also addresses the issues of the difficult integration of immigrants, the mismanagement of public health and the reform of the education.

The New Old World Perry Anderson, 2009-12-15 The New Old World looks at the history of the European Union, the core continental countries within it, and the issue of its further expansion into Asia. It opens with a consideration of the origins and outcomes of European integration since the Second World War, and how today’s EU has been theorized across a range of contemporary disciplines. It then moves to more detailed accounts of political and cultural developments in the three principal states of the original Common Market—France, Germany and Italy. A third section explores the interrelated histories of Cyprus and Turkey that pose a leading geopolitical challenge to the Community. The book ends by tracing ideas of European unity from the Enlightenment to the present, and their bearing on the future of the Union. The New Old World offers a critical portrait of a continent now increasingly hailed as a moral and political example to the world at large.
