I nemici della rete Arturo Di Corinto,Alessandro Giglioli,2011-03-07 La rete è la moderna frontiera della libertà e della democrazia. Luogo che apre canali di condivisione e scambio, internet è un diritto irrinunciabile, e la sua tutela l'unità di misura di un Paese civile. Nella corsa al digitale, perÒ, l'Italia è il fanalino di coda dell'Occidente e il ritardo accumulato rischia di condannare i nostri figli a crescere in un Paese del terzo mondo. Ma qual è il freno che ci tiene inchiodati al passato? A chi giova l'ostinazione all'arretratezza che risulta evidente nei rapporti tra potere e web? In un'inchiesta accurata e coraggiosa Arturo Di Corinto e Alessandro Gilioli svelano il lato oscuro di una catena di ottusità e interessi: leggi che sono al limite della censura, una burocrazia che è un pachiderma mangiasoldi, un'opposizione politica maldestra che nasconde la difesa di lobby intoccabili, fondi destinati all'innovazione che restano congelati nelle casse dello Stato, l'astio di una certa casta di giornalisti che vede tremare una tradizione di privilegi. Ma in un'Italia in affanno, gli autori raccontano anche le storie dei pochi illuminati che hanno visto nel web una risorsa, non soltanto per le proprie tasche, indicando così la strada perché il futuro non resti per noi soltanto un'ipotesi

Non seguire il mondo come va Michela Marzano,2015-01-27T00:00:00+01:00 Nel marzo 2013, Michela Marzano entra per la prima volta alla Camera in qualità di deputata. Non ha mai fatto politica, non conosce nessuno: è una filosofa chiamata dal Partito Democratico con l'intenzione di portare in Parlamento una persona con competenze specifiche. Pensa alla responsabilità che tutti i neoeletti si sono assunti davanti al Paese di essere integri, onesti, decorosi. Pensa ai problemi dell'Italia, alla crisi economica, alle diseguaglianze sociali, alla mancanza di diritti per le minoranze. Pensa a tutto quello che vorrebbe e dovrebbe fare, a tutto quello per cui vorrebbe e potrebbe battersi, a tutto quello che non accetterebbe. Le bastano poche settimane per cominciare a respirare tutto il malessere della politica. Con crescente smarrimento, capisce che alla Camera i princìpi e le idee valgono poco. In politica contano soprattutto i voti che ti porti dietro, le appartenenze e le conoscenze. E poi sono troppi i cortigiani; troppi gli arroganti e gli ambiziosi pronti a dimenticare velocemente le ragioni per le quali all'inizio avevano deciso di impegnarsi. A Michela Marzano non interessano lamentele e disfattismi. Di libri sulla delusione di chi sbarca per la prima volta in politica ce ne sono già tanti. Il suo è diverso: è, al tempo stesso, una testimonianza e un saggio filosofico, un atto di resistenza e un ritratto della politica italiana contemporanea. Se la retorica

antisistema è una vera e propria piaga della nostra epoca, la soluzione non è certo quella di "cercare la quadra" o di soccombere alla logica dei compromessi. Oggi ci vuole coraggio e compassione, senso della giustizia e speranza. Così, utilizzando le emozioni morali Michela Marzano mostra come sia oggi possibile un altro modo di fare politica. Rara figura di "filosofa pubblica" italiana, Michela Marzano non rinuncia mai alla unicità del suo sguardo: le idee, i concetti, le vicende e i personaggi di cui ci parla sono evocati con la voce sempre intensamente personale che i suoi lettori conoscono e amano. «Un diario in cui si alternano pensieri privati e confessioni inattese, che lasciano trasparire la speranza che cambiare si può» - Il Tempo

Trust, Social Relations and Engagement D. Padua,2012-07-31 Explains how all institutions have to turn their relationship with stakeholders into a 'social' one, which involves designing new Trust and Engagement strategies. A specific indication on how to build and measure value out of these strategies is offered by the innovative 'Value for Engagement Model'.

Digital Media and Grassroots Anti-Corruption Alice Mattoni,2024-05-02 Delving into a burgeoning field of research, this enlightening book utilises case studies from across the globe to explore how digital media is used at the grassroots level to combat corruption. Bringing together an impressive range of experts, Alice Mattoni deftly assesses the design, creation and use of a wide range of anti-corruption technologies.

Electronic Government and the Information Systems Perspective Andrea Kő,Enrico Francesconi,2016-08-06 This book constitutes the refereed proceedings of the 5th International Conference on Electronic Government and the Information Systems Perspective, EGOVIS 2016, held in Porto, Portugal, in September 2016, in conjunction with DEXA 2015. The 22 revised full papers presented together with three invited talk were carefully reviewed and selected from 27 submissions. The papers are organized in the following topical sections: e-government cases - legal issues; e-government cases - technical issues; open data and transparency; knowledge representation and modeling in e-government; intelligent systems in e-government; e-government research and intelligent systems; e-government data and knowledge management; identity management in e-government.

Open Government, Staat und Demokratie Göttrik Wewer,2014-12-01 Open Government gilt vielfach als die universale Staatsdoktrin für das 21. Jahrhundert, ohne dass schon klar wäre, was sich im Einzelnen hinter diesem Schlagwort verbirgt und was daraus für die Praxis des Regierens und Verwaltens folgt. In diesem Band untersucht der Autor alle Bauteile dieser Konstruktion kritisch: das Paradigma der Offenheit, dem sich alles unterordnen soll, die drei Säulen Transparenz, Partizipation und Kollaboration, die das Ganze tragen sollen, aber auch die technischen und ideologischen Fundamente, auf denen das Modell ruht. Im Zentrum steht dabei stets die Frage, was Open Government für Staat und Demokratie hierzulande bedeuten würde. Im Ergebnis zeigt sich, dass dieses Konstrukt technokratische Züge trägt und aus einer »kalifornischen Ideologie« hervorgeht, die es erst noch politisch zu bewerten gilt. Wenn sowohl die Giganten des

Internets als auch emphatische Aktivisten Open Government massiv propagieren, darf kritische Reflexion nicht auf der Strecke bleiben. Wewer bezweifelt, dass Open Government als Leitbild für das digitale Zeitalter taugt, dem im Prinzip alle Länder dieser Welt nacheifern könnten. Auch für die Erneuerung von Staat und Demokratie in Deutschland wirft es mehr Fragen auf, als es Antworten bietet.

Resistance, Liberation Technology and Human Rights in the Digital Age Giovanni Ziccardi,2012-09-28 This book explains strategies, techniques, legal issues and the relationships between digital resistance activities, information warfare actions, liberation technology and human rights. It studies the concept of authority in the digital era and focuses in particular on the actions of so-called digital dissidents. Moving from the difference between hacking and computer crimes, the book explains concepts of hacktivism, the information war between states, a new form of politics (such as open data movements, radical transparency, crowd sourcing and "Twitter Revolutions"), and the hacking of political systems and of state technologies. The book focuses on the protection of human rights in countries with oppressive regimes.

Being Berlusconi Michael Day,2015-07-21 People from all walks of life are appalled and fascinated in equal measure by the stratospheric political career of the tycoon and three-time Italian Prime Minister Silvio Berlusconi. Michael Day provides an in depth look at the life and crimes of the shameless media mogul until his nine lives ran out and he faced definitive conviction which signaled his irreversible decline. He tells the story of a bright and ambitious man from a lower-middle class family who shook off his humble origins and rose to become rich and powerful beyond most people's dreams—a multi-billionaire whose Mediaset company remains one of Europe's largest television and cinema conglomerates. Along the way, amid the election victories, business triumphs, and womanizing, he became bogged down by his hubris, egotism, sexual obsessions, as well as his flagrant disregard for the law. And yet how and why did Italy and Italians put up with him for so long? With the 78-year-old's legal woes ongoing, including further trials for bribery, after a recent nine-month community service stint, Being Berlusconi: The Rise and Fall from Cosa Nostra to Bunga Bunga is well-timed to mark the final chapters of a notorious—and astonishing—life and career.

Reshaping Accounting and Management Control Systems Katia Corsi,Nicola Giuseppe Castellano,Rita Lamboglia,Daniela Mancini,2017-03-21 This book examines the relationship between digital innovations on the one hand, and accounting and management information systems on the other. In particular it addresses topics including cloud computing, data mining, XBRL, and digital platforms. It presents an analysis of how new technologies can reshape accounting and management information systems, enhancing their information potentialities and their ability to support decision-making processes, as well as several studies that reveal how managerial information needs can affect and reshape the adoption of digital technologies. Focusing on the four major aspects data management, information system architecture, external and internal

reporting, the book offers a valuable resource for CIOs, CFOs and more generally for business managers, as well as for researchers and scholars. It is mainly based on a selection of the best papers - original double blind reviewed contributions - presented at the 2015 Annual Conference of the Italian Chapter of the Association for Information Systems (AIS).

Beppe Grillo's Five Star Movement Filippo Tronconi,2016-03-09 In 2009 Beppe Grillo, a well-known Italian comedian, established the Five Star Movement with the aim of sending a handful of citizens to municipal councils to act as the

watchdog of a professional political class often perceived as corrupt and self-interested. However, in the Italian general elections of February 2013, despite still largely being considered a small protest movement, the party gained the undisputed role of leading political actor gaining just under 9 million votes and sending 163 Deputies and Senators to the Italian parliament. The birth and rapid rise of the Five Star Movement represents an electoral earthquake with no parallels in Italy and the whole of post-1945 Western Europe and a phenomenon likely to shape the Italian political scene for many years to come. Drawing on an extensive array of data and face-to-face interviews, this volume offers an empirically grounded explanation of the surprising electoral success of the Five Star Movement and presents a realistic picture of this party in its manifold aspects: organisational structure, communication style, linkages with civil society, ideological nature and positioning in the Italian political system.

ANNO 2022 L'ACCOGLIENZA QUATTORDICESIMA PARTE ANTONIO GIANGRANDE, Antonio Giangrande, orgoglioso di essere diverso. ODIO OSTENTAZIONE, IMPOSIZIONE E MENZOGNA. Si nasce senza volerlo. Si muore senza volerlo. Si vive una vita di prese per il culo. Tu esisti se la tv ti considera. La Tv esiste se tu la guardi. I Fatti son fatti oggettivi naturali e rimangono tali. Le Opinioni sono atti soggettivi cangianti. Le opinioni se sono oggetto di discussione ed approfondimento, diventano testimonianze. Ergo: Fatti. Con me le Opinioni cangianti e contrapposte diventano fatti. Con me la Cronaca diventa Storia. Noi siamo quello che altri hanno voluto che diventassimo. Facciamo in modo che diventiamo quello che noi avremmo (rafforzativo di saremmo) voluto diventare. Rappresentare con verità storica, anche scomoda ai potenti di turno, la realtà contemporanea, rapportandola al passato e proiettandola al futuro. Per non reiterare vecchi errori. Perché la massa dimentica o non conosce. Denuncio i difetti e caldeggio i pregi italici. Perché non abbiamo orgoglio e dignità per migliorarci e perché non sappiamo apprezzare, tutelare e promuovere quello che abbiamo ereditato dai nostri avi. Insomma, siamo bravi a farci del male e qualcuno deve pur essere diverso!

Digital Democracy and the Impact of Technology on Governance and Politics: New Globalized Practices Akrivopoulou, Christina M.,2013-03-31 The evolution of modern technology has allowed digital democracy and e-governance to transform traditional ideas on political dialogue and accountability. Digital Democracy and the Impact of Technology on Governance and Politics: New Globalized Practices brings together a detailed examination of the new ideas on electronic citizenship, electronic democracy, e-governance, and digital legitimacy. By combining theory with the study of law and of matters of public policy, this book is essential for both academic and legal scholars, researchers, and practitioners.

L'economia del noi Roberta Carlini,2012-05-18T06:00:00+02:00 Oltre 700 gruppi d'acquisto solidale in tutt'Italia; un Fondo di microcredito che presta soldi a tasso zero alla periferia di Firenze; la finanza per chi non può o non vuole entrare in banca, messa in rete o in comunità; le 32 famiglie che vivono in cohousing alla Bovisa di Milano, e un gruppo di terremotati dell'Aquila che inventa Eva, progetto collettivo di auto-ricostruzione; Binario etico, che mette le pratiche dell'open source al

servizio dell'ecologia, la collaborazione di massa nelle reti degli attivisti informatici, il lavoro condiviso in un particolare Hub di imprese innovative.Un viaggio-inchiesta in un'Italia poco conosciuta, quella dei tanti che cercano soluzioni comuni a problemi comuni, sopravvivono alla crisi con le risorse della solidarietà, e nel farlo mettono le basi di un'altra economia.Vai al sito del libro

Il fenomeno open data Collectif,2017-03-07 Nell'affascinante mondo della cultura open, dopo software open source, standard aperti, open access e open content, il fenomeno dei dati aperti rappresenta l'ultima frontiera e forse anche quella attualmente più strategica. Alla fine degli anni 2000 si è infatti aperto il dibattito sull'importanza della disponibilità e libera diffusione di dati "crudi" (anche e soprattutto da parte del settore pubblico) così da poter aumentare il potenziale informativo e comunicativo della conoscenza condivisa figlia della rivoluzione digitale. Ci si è presto accorti che la possibilità di raccogliere, gestire e riutilizzare quantità di dati sempre maggiori e sempre più dense di correlazioni porta la necessità di alcune riflessioni di carattere sia giuridico che tecnologico. In questo libro, in ottica divulgativa, si cerca di presentare le principali questioni emergenti, tracciando un quadro normativo completo e fornendo alcune essenziali linee guida.

Parlamento 2.0 Sara Bentivegna,2012 Risultati di un indagine sull'uso di Internet da parte dei parlamentari per comunicare coi cittadini. Prevalenza dell'aspetto promozionale rispetto all'ascolto e all'interazione.

La pubblica amministrazione digitale 2 Mario Canton,2018-07-07 Trascorso un anno dalla pubblicazione della prima edizione di «La pubblica amministrazione digitale» sono state introdotte talmente tante novità da necessitare un «aggiornamento» di quegli appunti per gli operatori della P.A. per passare in rassegna le «novità» e analizzare lo «stato di fatto» del processo di digitalizzazione nazionale. La più grande fra le novità è senza dubbio l'entrata in vigore a gennaio 2018 del nuovo Codice dell'Amministrazione Digitale (c.d. CAD 4.0). In questa edizione non vengono riportati tutti i contenuti della prima edizione, che rimangono indispensabili premesse sui concetti di base coinvolti nella «digitalizzazione della P.A.» e a cui si rimanda per ogni utile approfondimento. Qui vengono passati in rassegna concetti e azioni che risultano premesse indispensabili per l'aderenza al nuovo CAD e al Piano Triennale dell'Informatizzazione della P.A.

The Right to Repair Aaron Perzanowski,2022-02-08 In recent decades, companies around the world have deployed an arsenal of tools - including IP law, hardware design, software restrictions, pricing strategies, and marketing messages - to prevent consumers from fixing the things they own. While this strategy has enriched companies almost beyond measure, it has taken billions of dollars out of the pockets of consumers and imposed massive environmental costs on the planet. In The Right to Repair, Aaron Perzanowski analyzes the history of repair to show how we've arrived at this moment, when a battle over repair is being waged - largely unnoticed - in courtrooms, legislatures, and administrative agencies. With deft, lucid prose, Perzanowski explains the opaque and complex legal landscape that surrounds the right to repair and shows readers how to fight back.

Openparlamento Introduction

In todays digital age, the availability of Openparlamento books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Openparlamento books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Openparlamento books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Openparlamento versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Openparlamento books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether youre a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Openparlamento books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are

primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Openparlamento books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Openparlamento books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Openparlamento books and manuals for download and embark on your journey of knowledge?

FAQs About Openparlamento Books

What is a Openparlamento PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Openparlamento PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Openparlamento PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Openparlamento PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like

Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Openparlamento PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
